Oklahoma Baptist University complies with all federal and state non-discrimination laws and is an equal opportunity institution. However, Oklahoma Baptist University reserves the right to, and does, maintain student educational and behavioral standards and employment requirements and standards based upon religious considerations consistent with its role and mission. While this catalog was prepared on the basis of the best information available at the time of publication, all information, including statements of fees, academic offerings and course descriptions, admission and graduation requirements, and rules of conduct is subject to change without notice or obligation. Oklahoma Baptist University is not obligated to fulfill its contractual agreements with the student in the event that the educational or operational processes of the University are disrupted due to national strife, natural disaster, labor disputes, interruption of power supplies, or other such

circumstances. Also, in the event of financial exigency, the University is entitled to suspend all or part of its contractual obligations to the student.

The Academic Catalog is published annually by Oklahoma Baptist University.

Dr. David Whitlock, President

Dr. Stan Norman, Editor

Accreditation and Membership

Accreditation is subject to periodic review and reevaluation by the accrediting agency. A student may wish to ascertain the accreditation of specific degrees, programs, or courses of instruction at the time of enrollment.

Oklahoma Baptist University is accredited by

The Higher Learning Commission North Central Association of Colleges and Schools 30 North LaSalle St., Suite 2400 Chicago, Illinois 60602, (312)263-0456

Association of Collegiate Business Schools and Programs

Commission on Collegiate Nursing Education

OBU Overview

OBU in Summary

Oklahoma Baptist University is a senior level coeducational institution with an enrollment of approximately 1,700 students. About 60 percent of OBU's students are from Oklahoma, while the other 40 percent come from approximately 40 other states and 20 countries.

OBU is located in Shawnee, a city of 31,500 residents, which is 35 miles east of Oklahoma City and 90 miles southwest of Tulsa, near the geographical center of the state. OBU's 200-acre campus is on the northwest edge of Shawnee just two miles south of Interstate 40.

OBU utilizes the semester calendar plan with a four-month fall term, a three-week January term, a four-month spring term, and two four-week summer terms. The University offers 10 baccalaureate degrees: the Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, Bachelor of Business Administration, Bachelor of Professional Accountancy, Bachelor of Humanities, Bachelor of Music, Bachelor of Musical Arts, Bachelor of Music Education and Bachelor of Fine Arts; two master's degrees: Master of Business Administration and Master of Science in Nursing; and one associate's degree: Associate of Arts in Christian Studies. OBU's curriculum features strong general studies requirements and 84 areas of concentration and majors in departments of instruction. Areas of study lead to a large number of entry-level occupations in such career areas as business, communications, education, fine arts, recreation, religious vocations, scientific and technical areas, and social sciences and services.

OBU's campus is known by the school's students and alumni as Bison Hill. The campus features 33 major buildings. These facilities include the Geiger Center, the social center for the University community; the Mabee Fine Arts Center, one of the finest music facilities in the Southwest; the Mabee Learning Center, a comprehensive library, media and learning resources center; the Noble Complex, a health, physical education and recreation center; the new Recreation and Wellness Center; the W.P. Wood Science Building; the Sarkeys Telecommunication Center, which houses television production facilities and a black box theatre; and the Jent Alumni Center, home for OBU's development and alumni offices. Thurmond Hall accommodates the Williamson Nursing Education Center. Montgomery Hall provides classroom space and houses the Campus Ministry offices. The Bailey Business Center houses the Paul Dickinson College of Business.

History

The Baptists of Oklahoma Territory, realizing the great need for Christian emphasis in institutions of higher learning, decided in 1889 to build a college. This institution, Oklahoma Baptist College, was located at Blackwell, Oklahoma, and was maintained until 1913.

For several years, a Baptist academy also was operated at Hastings, Oklahoma, but in 1912 it was moved to Mangum and reestablished as Southwest Baptist College, a junior college. Like Oklahoma Baptist College, this school suffered from a poor geographical location within the state, and it closed in 1914.

The real founding of Oklahoma Baptist University occurred in 1906 when the State Baptist Convention, in session in Shawnee, appointed a commission to make plans for the founding of a Baptist university. In 1907, a board of trustees was elected, and in 1910 articles of incorporation were granted. The school actually opened in September 1911, in the basement of the First Baptist Church and in the Convention Hall of Shawnee.

Also in 1911, a group of individual Baptists organized an independent school at Oklahoma City under the name of Carey College, but it had to close its doors at the end of four weeks. Many of the students and a few faculty members transferred to Oklahoma Baptist University.

The City of Shawnee contributed the original 60acre campus and the first building, Shawnee Hall, which was ready for occupancy by September 1915. Since that time, adjoining tracts of 140 acres have been added and 30 major buildings have been erected.

OBU is owned and supported by the Baptist General Convention of Oklahoma, which consists of approximately 1,700 cooperating Southern Baptist churches. OBU is responsible through the President to the Board of Trustees, whose members are elected by that Convention.

OBU's Mission Statement

As a Christian liberal arts university, OBU transforms lives by equipping students to

- pursue academic excellence
- integrate faith with all areas of knowledge
- engage a diverse world
- live worthy of the high calling of God in Christ

Purpose Statement

Oklahoma Baptist University is an institution founded on Christian principles and teachings whose primary purpose is to conduct educational programs in the traditional arts and sciences and in other disciplines with the intent to prepare students for effective leadership and service in the various vocations.

The mission finds expression through a strong liberal arts core curriculum which supports degree programs designed to prepare students for careers and graduate study; through activities planned to stimulate spiritual, intellectual, social, cultural, and physical development; and through an environment that reflects the application of Christian principles and teachings.

Owned by the Baptist General Convention of Oklahoma and operated through a Board of Trustees elected by the Convention, the University engages in educational tasks in a manner consistent with the purposes of the Convention: to furnish the means by which the churches may carry out the Great Commission (Matthew 28: 18-20). To achieve its purpose, the University has adopted several goals, among which are:

- To be a Christian learning community where faith and knowledge contribute to the individual's awareness: of himself and his obligations within a diverse and interrelated society; of truth and its force; of the joy of discovery and the beauty of existence; and of the legacy of the past, the challenge of the present, and the promise of the future.
- To cultivate Christian community in which the Baptist principles of individual freedom and dignity as well as mutual kindness and respect and concern for others are stressed.
- To encourage a climate of learning where the student may develop the lifelong habit of critical thinking in the search for truth.
- To identify and communicate the knowledge, experience, and values which constitute man's cultural heritage.
- To provide opportunities for the student to engage in a serious study of the Bible and to learn the philosophy and tenets of the Judeo-Christian heritage; to instill an awareness of and an appreciation for the distinctive Baptist contribution to Christian theology and for the values inherent in the Christian faith; to encourage Christian commitment.
- To foster an awareness of the needs of the human community and the responsibility of each individual in an active life of service.

- To offer a broad-based liberal arts education and specialized professional training in mutually supportive roles.
- To afford the opportunity to explore the relevance of all academic endeavors to the Christian life.
- To make personnel, services and facilities of the institution available to meet appropriate educational, cultural, and religious needs of its several constituencies.
- To serve the Baptist constituency through the development of informed, enlightened, sensitive leadership.

Administrators, faculty and staff members will conduct themselves and their professional activity in a manner which is consistent with the Mission and Purpose Statement of the University. All academic courses, student activities and University policies and procedures will be conducted in a manner that does not contradict the Mission and Purpose Statement of the University.

Campus Setting and Facilities

The University campus consists of approximately 189 acres located on the northwest edge of Shawnee. The principal buildings, excluding student housing, are the following:

The Art Building, a refurbished classroom and laboratory center, underwent complete internal and external renovations during 2000 making it a multifaceted studio for creative studies. The improved facility includes a gallery, ceramics area, weaving and crafts area, a printmaking area, a darkroom, computer graphics lab, a lecture hall, and two offices.

The Bailey Business Center, completed in 1993, is named after William S. Bailey, founder of Tulsa Royalties. The building provides office space for the faculty of the Paul Dickinson College of Business and has 16 classrooms equipped with audiovisual technology. The building also has the Tulsa Royalties Auditorium, with a seating capacity of 150, and a Hall of Fame room to honor outstanding Oklahoma business people. Two computer laboratories equipped with computer technology are located on the second floor.

Ford Music Hall is a three-story practice building for students of the musical arts. The generous initial gift of Mr. and Mrs. J. Lloyd Ford of Shawnee made possible the construction of this building in 1951. The building was renovated in 1981 as a result of generous gifts of the Ford family and friends. Regulation practice pianos are installed in the sound-proof, air-conditioned studios. The Howard Memorial Chapel is located on the first floor. The Geiger Center, named for Al and Laura Belle Geiger of Tulsa, serves the entire academic community, particularly in extracurricular activities. The Geiger Center houses the campus dining rooms, including the Laura Scales Cafeteria, the University Bookstore, Student Development Offices, and is the location of Java City (coffee shop) and the Geiger Counter (convenience store and snack shop).

The Jent Alumni Center houses the offices for the Vice President for Development and the OBU Alumni staff. The building was remodeled in 1987.

The Mabee Learning Center, completed in 1976, is composed of a renovation of and an addition to the University's former library building, W.L. Brittain Hall, and the faculty office building, Owens Hall. In addition to space for traditional library materials and services, this complex also includes a media services center, curriculum library, and other educational facilities. Also housed in the Learning Center are the OBU Historical Collection, the Gaskin Baptist History Collection, the Student Success Center, the Intensive English Program, and the modern language computer lab. Mabee Learning Center is named for the Mabee Foundation of Tulsa.

The Learning Center provides a place where vital learning activities occur. The Learning Center provides individual (reference desk) and group (classroom) user education in how to utilize the various print, media, and electronic formats of information resources, including online and printed subject guides for many academic subjects. The lobby of the building contains the Bison Bubble, a mini-eating area that includes vending machines and a microwave (covered soft drinks and snacks are permitted throughout the building). The lobby of the Mabee Learning Center provides the Circulation Desk, a comfortable lounge for conversation and leisure reading and the Bison Bubble, an eating area with vending machines and a microwave (covered drinks and snacks are permitted throughout the building). The lobby also contains computers for email access and web browsing, a selection of current magazines and newspapers, and collections of best-sellers, audio books, and videos. Also on the first floor, the MLC houses the reference collection, current and bound periodicals back to 1980, and a depository for selected U.S. government documents. The Stacks for the book collection are located on the second and third floors. Numerous study spaces are provided throughout the building, including tables, individual carrels, small group study rooms, and comfortable reading areas.

The collection of resources presently contains more than 600,000 items, including bound volumes, microforms, and media materials in a variety of formats. The Learning Center also subscribes to

over fifty full-text databases/resources as well as numerous on-line indexes to materials covering all curriculum areas. These online resources include almost 70,000 full-text periodical titles, over 60,000 full-text e-books, 165,000 music tracks, as well as other information sources and are available (24 hours per day / 7 days a week) from anywhere on campus or off campus with internet access. The Library also subscribes to more than 200 print periodical/newspaper titles.

The Media Center, located in the basement, supervises the use of the AV auditorium, preview rooms, and listening areas. The Center houses AV equipment available for checking out, the digital music collection and the collection of musical scores. The Curriculum Library, also in the basement, includes materials and equipment which support the teacher educations programs of the University.

The J.M. Gaskin Historical Library and Baptist Archives are located on the second floor. This collection, which began at OBU in 1955, was returned to the Mabee Learning Center in 2011 after being housed in Oklahoma City for many years. In addition to the extensive personal collection of historical materials belonging to J.M. Gaskin, the Collection contains historical documents from Oklahoma Baptist churches, assemblies, associations, and conventions. It also contains the personal papers (correspondence, research studies, sermons, etc.) of many prominent Oklahoma Baptists. The E.C. Routh Library of Missions and the J.W. Storer collections are also housed in the Gaskin Archives.

The Oklahoma Baptist University Historical Collection is on the third floor. This collection holds copies of the *Yahnseh* yearbook, the *OBU Bison* student newspaper and other materials and artifacts related to the history of the University. On the other side of the third floor is the Herschel Hobbs Baptist History and Heritage Center housing the personal library, manuscripts and memorabilia of Dr. and Mrs. Herschel Hobbs, former pastor of the First Baptist Church of Oklahoma City. The Center also houses the B.B. McKinney music collection, including the original drafts of some of his most beloved hymns and memorabilia and artifacts from the Gaskin Baptist History Collection. The C.W. and Mark Brister Pastoral Studies Collection is located on the third floor near the elevator. Also on the third floor are the Student Success Center, the Intensive English Program, and the modern language computer lab.

The Mabee Learning Center participates in the statewide information network developed by the Oklahoma State Library/Oklahoma Council of Academic Library Directors. The Library also participates in the national computerized OCLC/ Amigos network, which provides access to information on more than 100 million titles and a vast number of periodical holdings. These networks are valuable for obtaining library materials on interlibrary loan from major universities, OK-Share circulation privileges at OU, OSU, and other academic libraries in Oklahoma, cataloging information, and index and full-text information databases.

Although the atmosphere of the Mabee Learning Center is informal, it should also be known that the MLC is zoned for sound levels from quiet to conversational talk to small group discussion, permitting quiet study that is important to many of its patrons. In the reference room on the first floor, you will find an information desk that is always staffed by librarians or information specialists. The librarians of the MLC are always eager to assist students and faculty in finding the materials they need for their research. The Mabee Learning Center is the research heart of the University.

Montgomery Hall, erected in 1916, was reconstructed in 1989 in a new location on campus. In the spring of 1990, the new Montgomery Hall opened providing classrooms and serving as the campus ministry center. The facility houses the Robert N. Hammons Biblical Research Center, the faculty for the College of Theology and Ministry, the Avery T. Willis Center for Global Outreach, and the office for the Dean of Spiritual Life.

The Noble Complex, completed in the summer of 1982, had major renovation work completed during the 2007-08 academic year. The center houses a 2,500-seat arena, a special event facility overlooking the arena, athletic training facilities, a varsity weight room, varsity basketball locker rooms, an athletic heritage center, and classrooms and offices for the University's kinesiology and leisure studies academic programs. The complex is named for the Noble Foundation of Ardmore.

The Kenneth V. Eyer Physical Plant Building is located at 2001 Saratoga, about three blocks south of the campus. Eyer was Plant Administrator for 42 years. The offices and storerooms for buildings and grounds maintenance are located in this building.

The President's Home, completed in 1949, is at 616 University Parkway.

John Wesley Raley Chapel provides facilities for worship and assembly and houses the Mabee Fine Arts Center. The chapel was named for the late Dr. Raley, who was president of OBU from 1934- 1961. The upper part of the building was completed in 1961, and the lower floor, which houses the Fine Arts Center, was completed in 1971 and was named for the Mabee Foundation of Tulsa. The chapel underwent significant renovation from 1999-2001.

The Andrew Potter Auditorium has a seating capacity of 2,000 and features the 73-rank Van Deren Memorial Organ. On the lower floor, the W.R. Yarborough Memorial Auditorium seats 400. The Mabee Fine Arts Center houses music classrooms, studios, rehearsal rooms, and the office of the Dean of the College of Fine Arts. Among the instruments in Raley Chapel are the Robertson (2011) and McGavern (1974) Harpsichords. The Robertson Harpsichord is a double manual Franco-Flemish instrument based on an original instrument by Petrus Johannes Couchet, Antwerp, 1680. The McGavern Harpsichord is a two-manual French instrument constructed in honor of Clair and Ruth McGavern, former members of the fine arts faculty.

Owens Hall is a three-story office building housing faculty members of the College of Humanities

and Social Services. Originally a men's dormitory with an attached gymnasium, the building was constructed in 1919. It was renamed in 1947 in honor of James N. "Uncle Jimmy" Owens, long time professor of modern languages. In 1958 the facility was converted into an office building. When the Mabee Learning Center was constructed in 1976, the exterior of Owens Hall was remodeled, making it the east wing of the complex.

The Recreation and Wellness Center (RAWC),

opened in the fall of 2007, is OBU's newest building. The two-story, 60,000-square-foot facility includes three basketball/volleyball courts, aerobic facilities, cardio-vascular workout equipment, a climbing wall, racquetball courts, a 25-meter indoor/outdoor swimming pool, a 1/10-mile indoor walking/jogging track, and offices and meeting space.

Shawnee Hall, erected in 1914, remains the center of the campus. Of pressed brick construction and Carthage stone trim, it serves as the University's primary classroom building. It houses Craig-Dorland Theatre and laboratories for photography, news and information, reading skills, counseling psychology and experimental psychology. The Division of Teacher Education also is located in the building.

Stubblefield Chapel, named in honor of Cortez Stubblefield, pioneer pastor and denominational statesman, is an assembly hall. The building, erected in 1894, served as the original home of the First Baptist Church, Shawnee, and the birthplace of the Baptist General Convention of Oklahoma. It was moved to its present location facing Kerr Dormitory and was renovated in 1963.

The Sarkeys Telecommunication Center,

completed in 1986, contains a television studio, a theatre, and offices for the Division of Communication Arts.

Thurmond Hall, completed in 1954, was made possible by a major bequest of Mrs. Olive Thurmond of Ardmore. The administrative offices of the President, Admissions, Financial Aid, and the Academic Center are located on the main floor. The Williamson Nursing Education Center, home of the College of Nursing, and the Business Affairs offices are on the lower floor. The top floor contains the E.E. Neptune Computer Center, computer laboratories, the W.T. Short Memorial Lecture Hall, and classrooms.

W.P. Wood Science Building, completed in 1985, houses the College of Science and Mathematics, science classrooms and laboratories, the W.P. Wood Planetarium, and the Bailey Science Museum, which includes the Webster Collection. The construction was made possible through a substantial initial gift from the W.P. Wood Foundation of Shawnee.

Admission to OBU

Admission to the University

Admission of all students to OBU is under the authority of the Director of Admissions.

Eligible for admission consideration are:

- Graduates of an accredited high school or academy with a minimum of a B average and/ or satisfactory scores on entrance exams, usually American College Test (ACT) or Scholastic Aptitude Test (SAT).
- 2. Transfers from an accredited college or junior college with a minimum of a C+ average who are eligible to continue studies at the institution from which they are transferring.

Based on a review of credentials, students may be admitted on regular, conditional or probationary admission status.

Oklahoma Baptist University reserves the right to restrict or deny admission to any person who has been suspended from a school or convicted of a felony or Class A misdemeanor or any person otherwise eligible for reasons determined to be in the best interests of the institution by the officers thereof. The University also reserves the right to revoke an offer of admission to any student with a documented disability for which the institution is not able to provide reasonable accommodation. These reserved rights shall be administered in a manner strictly consistent with state and federal non-discrimination laws.

Specific admissions requirements for the Ministry Training Institute and OBU Graduate School are located on their respective pages in this catalog.

Admission Documents

Admission to all undergraduate degree programs of the University requires the submission of the following documents:

1. Application for Admission

2. Transcripts

High School Transcript. Both freshman and transfer applicants with fewer than 24 earned college credit hours are required to submit an official transcript sent from the high school to the OBU Admissions Office, bearing signature of the school official. Freshman applicants may be admitted on the basis of an incomplete but official transcript which shows grades through at least six semesters. Upon graduation, the student should request that a final, official transcript be sent to OBU, bearing signature of the school official, graduation date and eighth semester grades. In addition, it is preferable for transcripts to include class rank, standardized test scores and the school seal when possible.

College Transcript. Transfer students must submit an official transcript from each college attended, sent directly from the institution to the OBU Admissions Office. New freshmen who have taken concurrent college work must also submit an official transcript from each institution attended. Transfers will not receive an acceptance decision until all previous college work is submitted. Transcripts issued to the student are not acceptable for admission purposes. Any student who fails to report work taken at another institution is subject to immediate expulsion from OBU.

3. Test Scores

New freshmen must submit satisfactory scores on either the American College Test (ACT) or the Scholastic Aptitude Test (SAT). If a student has a documented disability which affects his/ her ability to fairly complete the ACT or SAT, the student should contact his/her guidance counselor or the testing agency to inquire about special accommodations for taking the test. Transfer students with fewer than 24 semester hours are also required to submit test scores. This requirement may be waived for students over 25 years of age. Scores recorded on an official high school transcript or those reported directly from the testing agency are acceptable.

Student Health Service Record

A student health form is sent to admitted students and is required prior to enrollment. A transfer student may submit a previous college health form if it was completed within five years of enrollment at OBU.

Recommended High School Curriculum

High school graduation is required, but in addition, it is recommended that students include the following in their high school program:

- **English:** Four units of college preparatory English. Journalism, yearbook or business English should not be used as substitutes.
- Mathematics: Three units including algebra I, algebra II and geometry. Those intending to pursue the Bachelor of Science or the Bachelor of Science in Education in science or mathematics education are encouraged to take as much mathematics as possible, including trigonometry and calculus.

- Science: Three units of college preparatory science which may include one unit of general science. The other two should include biology, chemistry, physics or another laboratory science. Those intending to pursue the Bachelor of Science or the Bachelor of Science in Education in science or mathematics education are encouraged to take three units of laboratory science.
- Social Science: Three units, including courses in American history and world history. Other options include such courses as sociology, economics, psychology, geography, and state history.
- Language: Two units in the same language.
- Academic Electives: Two units including one unit in computer applications.

Freshman Admission Requirements

Applicants meeting the following criteria may be granted REGULAR ADMISSION:

- a. Completion of OBU's Recommended High School Curriculum (above); and
- ACT composite of at least 20 or SAT of at least 950 (critical reading and mathematics sections only); and
- c. High school GPA of at least 3.00 or class rank in the upper half.

Applicants meeting the following criteria may be granted CONDITIONAL ADMISSION:

- a. Completion of OBU's Recommended High School Curriculum (above); and
- b. ACT composite of 17 through 19 or SAT of 800 through 940 (critical reading and mathematics sections only); and
- c. High school GPA of at least 3.00 or class rank in the upper half.

Applicants who do not meet the criteria stated above may be admitted only by action of the Admissions Committee. Students wishing to be considered for admission by the Admissions Committee must submit the following materials:

- A one-page statement (approximately 250 words) expressing the student's goals and stating how attending OBU will help the student achieve those goals;
- b. Two letters of reference from recent teachers who believe the student can successfully complete college work.

After submitting these materials, the student must also complete a personal interview with the Director of Admissions. The student's application for admission, transcripts, and test scores must be on file in the Admissions Office prior to consideration by the Admissions Committee.

Freshmen Granted Conditional Admission

- 1. May be limited to an enrollment of 13 hours the first semester.
- 2. May be required to enroll in all or part of an academic enrichment program as part of the 13-hour load.

Applicants having gained recognition of high school equivalency by passing the GED may be admitted as a regular or conditional student according to the criteria stated above, at the discretion of the Director of Admissions.

Home-Schooled Students/ Graduates of Unaccredited High Schools

Admission of home-schooled students and graduates of non-accredited high schools will be based on ACT or SAT scores and a written description or transcript of the home-school experience or the high school transcript, respectively. The standardized test composite score must be at the level OBU requires for regular admission, and subscores must meet OBU guidelines for regular class placement. Special assessments or class placement may be required at the discretion of the Director of Admissions.

Transfer Student Admission Requirements

A student transferring from another accredited institution recognized by an accreditation agency approved by the State of Oklahoma or Federal agencies of education should submit official transcripts from all institutions previously attended when applying to OBU. The student is eligible for admission:

- 1. If he/she is eligible to continue studies in the college from which he/she is transferring;
- 2. If he/she has maintained a 2.50 grade point average in his/her college studies; and
- If his/her transcript does not include extensive remedial academic coursework. Students whose overall college grade average is below 2.50 or whose transcript includes extensive remedial academic coursework may be admitted on probation at the discretion of the Admissions Committee.

All transfer grades become a part of the student's permanent record at OBU. Incomplete grades transferred to OBU will be calculated as F grades unless the student furnishes an amended transcript showing a changed grade. Transfer grade point averages will be calculated according to OBU grading policies. The University cannot accept course work credits from institutions not accredited by a Council for Higher Education Accreditation (CHEA) or United States Department of Education (USDE) recognized accreditation organization. Non-accredited institutions include vocational or trade schools and other institutions whose purposes and curricula indicate their restrictive nature. However, after earning 24 credit hours in residence at OBU with a GPA of 2.00 or higher, credits earned at a college or university not accredited by a CHEA or USDE recognized accrediting organization may be applied to the student's OBU transcript as applicable credit for a degree.

A student who has completed fewer than 24 semester hours of accredited college work must meet both the freshman admission requirements and the transfer admission requirements. Students who have completed 24 college semester hours or more at an accredited college or university who do not have a high school diploma or GED scores will be admitted on the basis of their transfer credits. However, a transcript of any high school work completed may be required.

Transfer Credit Regulations

The following regulations apply to credit transferred from other institutions accredited by an agency approved by the State of Oklahoma or Federal agencies of education. (See also information regarding credit by examination.) The University strongly recommends that currently enrolled students consult with their advisors and their academic deans concerning the acceptability of transfer credit for a particular degree program before enrolling in courses which they wish to transfer to OBU. Before graduation from OBU, a student must sign a statement certifying that he/she has furnished the University with official transcripts of all postsecondary work attempted.

Junior Colleges

No more than 64 junior college semester hours will be credited toward Oklahoma Baptist University degrees. Credit from a junior college will not be accepted for upper-division courses in the major/minor or area of concentration. Credit from a junior college will not be counted toward the last 30 hours before graduation. Courses transferred from a junior college must be similar in content and organization to courses offered by Oklahoma Baptist University and must be appropriate to the degree sought, all as determined by Oklahoma Baptist University.

Senior Colleges

Full credit will be given for work completed in accredited senior colleges and universities

provided that content and organization of courses are similar to those at Oklahoma Baptist University and that the course is appropriate to the degree sought, all as determined by Oklahoma Baptist University.

Veteran's Training

Veterans will be allowed transfer credit for courses taken in the armed services when these courses are appropriate to the desired degree. The standard for granting of credit will be the "Guide to the Evaluation of Education Experiences in the Armed Services," published by the American Council on Education. OBU will accept a maximum of 16 transfer hours of this type.

International Students

Applicants who are not citizens or permanent residents of the United States may be admitted by the Director of Admissions.

How to Apply:

 Submit the Student Application for Admission, and the International Student Financial Guarantee (Parts I & II), to the Office of Admissions, OBU Box 61174, 500 W. University, Shawnee, OK 74804, USA. Submit an official transcript from every secondary school attended, as well as a certified copy of the results of standardized examinations and of all diplomas or certificates awarded. Your documents need to be translated into English and evaluated. If you require assistance, please send the original documents to:

SpanTran Educational Services Inc.

7211 Regency Square Blvd., Suite 205 Houston, TX 77036-3197 United States of America

Please send a cover letter asking SpanTran to translate the documents and to mail the original documents and the translations to Oklahoma Baptist University (OBU Box 61174, 500 W. University, Shawnee, OK 74804). For a current list of SpanTran's fees, please go to www.spantran-edu.com. All fees are the responsibility of the applicant. Usually a general evaluation of your documents is adequate for admissions purposes, but the University reserves the right to ask for an additional Course Analysis if necessary.

 If English is not the official language of instruction in your country, please submit results of either the Test of English as a Foreign Language (TOEFL) directly from the corporation to OBU or the International English Language Testing System (IELTS) directly from the corporation to OBU. A minimum TOEFL score of 500 or more (or 173 on the computer-based test) is required. A minimum IELTS score of 5.0 is required.

TOEFL

P.O. Box 6151 Princeton, NJ, 08541-6151 USA Phone: 609.771.7100 Email: toefl@ets.org Visit www.ets.org/portal/site/ets and www.toefl.org

IELTS

Visit www.ielts.org

Students with an insufficient TOEFL score are encouraged to enroll in Oklahoma Baptist University's English Language Institute. This campus-based program is designed to develop language skills which will help guarantee academic success when the student leaves the language institute and proceeds to University work. For more information, please consult the "Intensive English Program" section of this catalog.

- 4. When a student is admitted to Oklahoma Baptist University, s/he will be sent a letter of acceptance and an I-20 (used to obtain a student F-1 visa). The admitted student should download the Student Health Service Record and the Campus Housing Application from the website, complete them, and submit them to the Office of Admissions prior to enrolling. (Married students or students over 21 years of age are not required to return the Campus Housing Application if they have alternative housing arrangements, although they may want to apply for on-campus apartment housing).
- 5. When a student is admitted, s/he will also receive a University Payment Plan. This form needs to be completed and returned to the University immediately, and the initial payments must be received by the University in accordance with the dates included on that document.

To Transfer to OBU

If you have earned 23 or fewer college/university hours:

- 1. Complete the International Student Application form
- Submit to OBU an official transcript, translated if necessary, for all high-school work. If your transcript is not in English, please send it to SpanTran for translating
- 3. Submit to OBU an official transcript of all your college/university work
- 4. Submit to OBU the International Student Financial Guarantee form

If you have earned 24 or more college/university hours:

- 1. Complete the International Student Application form
- Submit to OBU an official transcript of all college or university work. If your transcript is not in English, please send it to SpanTran for translating
- 3. Submit to OBU the International Student Financial Guarantee form.

Once you are accepted, you will need to work with the international student advisor at your current school. He or she will transfer your Citizenship and Immigration Services SEVIS records to OBU.

At that time, you will want to complete two additional forms:

- 1. The Campus Housing Application
- 2. The Student Health Form

Intensive English Program

Admission of students into the Intensive English Program at Oklahoma Baptist University is designed to prepare non-native speakers of English to be successful in a higher education environment. The student is eligible for IEP admissions under the following:

- 1. The student is 16 years or older.
- 2. The student's first language is not English.

To apply, complete and submit the *Application for the Intensive English Program*. If the applicant is an international student, then he or she will also need to submit the *International Student Financial Guarantee*. OBU will send the applicant an I-20 form and information about obtaining the F-1 student visa. Other forms the applicant will need to complete are as follows: a housing application, and a student health form.

English Placement Testing

All students entering the IEP are tested only for the purpose of placement into the appropriate instructional level. This test does not admit or exit a student from the IEP.

IEP Completion Requirements for Eligibility to OBU's Undergraduate and Graduate Degree Program

The exit requirement for the IEP student who plans to enter an Oklahoma Baptist University undergraduate or graduate degree program is as follows:

A student finishing each of the four core skills in Level 8 with 80% or higher is eligible to apply to OBU's undergraduate degree program.

A student finishing each of the four core skills in Level 9 with 80% or higher is eligible to apply to OBU's undergraduate or graduate degree program.

Application to OBU for IEP Students.

OBU Undergraduate Applicants: After attaining the necessary language requirements, the international student should follow the application requirements to OBU's undergradate degree program as outlined in *International Student* in this Academic Catalog. The native student should follow *Freshman Admission Requirements* or *Transfer Student Admission Requirements* in this catalog.

OBU Graduates Applicants: After attaining the necessary language requirements, the non-native speaker of English should follow the application requirements to the appropriate OBU graduate degree program, eg: MSN or MBA.

The applicant needs to send all secondary and post-secondary transcripts, diplomas, and certified copy of the standardized examination results to the OBU Graduate School. These documents must be translated into English. For translation, submit official documents and certified results to the following:

Span Tran Educational Services, Inc. 7211 Regency Square Blvd., Suite 205 Houston, TX 77036-3197

The applicant must accompany the documents with a cover letter requesting Span Tran to translate the documents and to mail the original documents and the translations to Oklahoma Baptist University Graduate School (111 Harrison Ave, Oklahoma City, OK 73104). For a current list of Span Tran's fees, please go to www.spantran-edu.com. The applicant is responsible for the payment of fees. Usually a general evaluation of these documents is adequate for admission purposes, but OBU reserves the right to ask for an additional course analysis, if necessary.

Special Students

Students who are not candidates for University degrees may be given special enrollment permission by the Registrar. This category might include the following:

- 1. students taking only Continuing Education courses;
- 2. high school students wishing to take courses in the concurrent enrollment program; and
- 3. adults who do not meet the regular admission requirements.

Special Adult Admission Category

If an applicant does not meet the minima for regular or conditional admission, if there has been a significant time interval (six years or more) since the applicant's last academic pursuit, and if the applicant has had maturing experiences during the interval, the following option is available:

All previous college work, including work taken at Oklahoma Baptist University, may be removed from academic consideration, regardless of passing or failing quality, and the student may begin a new college career as a first semester freshman. Credit by examination may be possible in accordance with University regulations.

To be admitted under this category the applicant must sign a contract verifying the choice to remove all previous college work from academic consideration. (All work continues to show on the transcript even though it has been removed from academic consideration.)

Enrollment of Concurrent Students

Juniors and seniors in high school may enroll at Oklahoma Baptist University in concurrent courses. A senior must have a minimum high school grade point average of 3.00 and an ACT composite score of 20 (or SAT equivalent) or a junior must have a minimum high school grade point average of 3.00 and an ACT composite score of 21 (or SAT equivalent) for acceptance to the university. Senior may take up to 6 hours of freshman level courses per semester. Juniors may take up to 3 hours of freshman level courses per semester.

Students must submit an Application for Concurrent Enrollment signed by either their high school guidance counselor or principal and current high school transcript to the Office of Admissions. Students enrolling for fall and summer courses may apply for admission the first week of May. Students enrolling for spring semester courses may apply for admission the first week of December.

Concurrent students must abide by all university policies.

LifeLong Learning Policy for OBU Graduates

Oklahoma Baptist University provides an educational benefit for the University's bachelor's degree graduates. The OBU LifeLong Learning program covers tuition for undergraduate courses taught at the Shawnee campus. Each OBU graduate participating in the program will pay all fees associated with enrollment.

The following policies direct the LifeLong Learning program at Oklahoma Baptist University:

- Any student who has completed a bachelor's degree from Oklahoma Baptist University is eligible to apply and participate in the LifeLong Learning program.
- Alumni who wish to participate in the LifeLong Learning program must wait two years postgraduation to participate in the program.
- Each LifeLong Learning student may enroll in a maximum of five hours per semester. LifeLong Learning students who register in courses totaling more than five semester hours in any regular fall or spring semester will be considered second-degree students and assessed appropriate tuition and fees for all courses taken during the term.
- Alumni who desire admission into the LifeLong Learning program must satisfactorily complete a LifeLong Learning application.
 LifeLong Learning students must complete an application at the beginning of every semester in which they desire to enroll in any OBU classes.
- Enrollment in a course is contingent upon available seating on the first day of class. LifeLong Learning students may register for the desired class(es) no earlier than the first day of the semester and no later than the last day to add or change classes, as identified on the academic calendar for that term.
- Eligible courses for enrollment in the LifeLong Learning program are limited to undergraduate, on-campus courses in the regular fall or spring semesters. Summer term, January term, online, and graduate-level courses are excluded from the program.
- Students who qualify for the LifeLong Learning program must declare their enrollment status prior to registration each semester. Students may not change status from second-degree/ part-time to LifeLong Learning after declaration and registration in a course. A student may not register simultaneously as a LifeLong Learning student and as a part-time or second-degree student.

- LifeLong Learning students may take courses for audit, pass/fail, or letter grade. If the program participant wishes the course credit to apply toward a second degree, the course must be taken for credit with the letter-grade option. Once the course has begun, if the program participant has declared the audit or pass/fail option, the status may not be changed to letter grade once the date for adding or changing classes has passed.
- LifeLong Learning students will be assessed a LifeLong Learning fee to support and provide academic-related services typically associated with a course of study at a university, such as library services, technology services, parking, etc.
- LifeLong Learning students will be assessed all fees associated with specific courses (e.g., art, lab, etc.).
- LifeLong Learning students are ineligible to participate in student life services and programs or student employment opportunities. LifeLong Learning fees do not permit participation in or access to student life services and programs or to student employment opportunities.
- LifeLong Learning students may purchase alumni memberships for OBU's Recreation and Wellness Center.
- Enrollment caps for class size or cohort groups may not be increased to accommodate LifeLong Learning students. Minimum class sizes will not count LifeLong Learning students toward the required number of students.
- LifeLong Learning students are ineligible for OBU institutional financial aid.

Students applying for the LifeLong Learning program must be in good standing with the University.

Students admitted into the LifeLong Learning program during the 2009-2010 academic year are allowed to continue under the guidelines in which they were initially admitted into the program if they continue to enroll in the program for consecutive semesters. LifeLong Learning students admitted in the 2009-2010 academic year who do not enroll in consecutive semesters will be governed by the updated LifeLong Learning policies.

Registration

OBU operates on a semester calendar, with a fourmonth fall term, a January miniterm, a four-month spring term, and two four-week summer terms.

Advance registration for new students, freshmen and transfers, is available during the spring and summer. Students who have been admitted to the University are notified of these advance registration opportunities. For those who cannot participate in advance registration, regular registration periods are offered at the beginning of each term.

To facilitate registration for current students, advance registration periods are made available each semester for the succeeding term, including the summer session. Each student is responsible for his/ her own course of study toward a University degree; however, faculty advisors are available for counsel, and their approvals are required on all enrollments. Faculty advisors will be assigned by the dean of the college which administers the department of the area of concentration or major. Students who have not yet decided upon an area of concentration or major will be assigned an advisor by the Dean of the College of Humanities and Social Sciences or by the dean of the college of the student's general interest.

All students are expected to enroll during the designated enrollment periods. A fee is charged for enrollment after the designated time. No registrations will be accepted after the deadlines designated in the official academic calendar.

All registrations must conform with the policies in force at the time of registration in order for any course work to be credited toward fulfillment of degree requirements.

Orientation

All students entering OBU for the first time, whether freshman or transfer, are expected to participate in the orientation program, which is designed to acquaint them with the educational opportunities and facilities of the University, policies concerning student life, special student services, and traditions.

Tuition and Fees (2011-12 Rates)

Undergraduate Tuition

Full-Time Students	
12-16 credit hours fall or spring semester (per semester)\$	8,997.00
Hours above 16 credit hours (per credit hour)	495.00
Part-Time Students	
Fewer than 12 hours (per credit hour)	585.00
January Term/Summer Term (per credit hour)	450.00
Graduate Tuition	
GS Master of Business Administration (per credit hour)	425.00
GS Master of Science in Nursing (per credit hour)	425.00

MTI Tuition

Ministry Training Institute (per credit hour)\$	200.00
Ministry Training Institute Enrollment Fee (per student, per semester, non-refundable)	25.00

Tuition for Special Students

Senior Citizen/Continuing Ed/Public Service (per hour)\$	30.00
The Senior Citizen tuition rate applies to non-degree seeking students 65 or older for a	
maximum of six hours per semester. Student Services Fee and any special fees must also be	
paid by the student.	

Housing and Meals

Housing

All single student residence halls and apartments are air conditioned and equipped with cable TV and internet access.

Residence Halls

Two students are normally assigned to each room. Private rooms will be assessed an additional charge as noted below, subject to availability. Students living in residence halls must have a 10-, 14-, or 20-meal plan during the fall and spring semesters and a 10-meal plan during January term. All residence halls are closed during official University holiday periods. Students who will need housing during holiday periods should so indicate when applying for housing assignments.

Apartments

Most apartments are two-bedroom apartments occupied by four upperclass students. Private rooms in apartments are assessed an additional charge as noted below, but are rarely available. Each apartment is equipped with a kitchen. Apartment rates cover utilities excluding long distance telephone charges. Students living in apartments must have the apartment plan or upgrade to a standard 10-, 14-, or 20-meal plan for an additional charge.

Married Student Housing

A limited number of apartments for married students and/or students with children are available. Information and applications are available at the Residential Life Office. Residents pay utilities including gas, electricity and telephone. Cable TV and computer network services are included. A deposit of \$25 is required with application and an additional deposit of \$75 is required before occupancy.

Rates

Burns, Cobbs, 1 bedroom (per month)\$45	0
Devereaux West, 2 bedroom (per month)\$52	5

All rates are subject to change at the beginning of any semester or term.

Meals

There are three meal plan options available for the fall and spring semesters. Each meal plan includes a specified amount of meal plan dollars. Meal plan dollars can be used at any of the Geiger Center locations. Unused amounts expire at the end of each term.

- 20-Meal Plan This option includes 20 meals per week in the Laura Scales Cafeteria as well as \$25 meal plan dollars.
- 14-Meal Plan This option includes 14 meals per week in the Laura Scales Cafeteria as well as \$100 meal plan dollars.
- 10-Meal Plan This option includes 10 meals per week in the Laura Scales Cafeteria as well as \$150 meal plan dollars.

For January term, the 10-Meal Plan consists of 10 meals per week.

For students living in apartments, the fall/spring Apartment Plan consists of \$60 meal plan dollars and 30 meals which can be used in the Laura Scales Cafeteria or to purchase a combo meal at the Geiger Center grill. During January term, the Apartment Plan consists of 10 meals without meal plan dollars. All unused meals and meal plan dollars expire at the end of each term.

For students living off campus, a Commuter Plan may be purchased for \$220.00. This plan includes 30 meals which can be used in the Laura Scales Cafeteria or to purchase a combo meal at the Geiger Center grill. These meals can be used during any semester but will expire if not used by the end of the summer term. Apartment residents have the option of adding this plan if they have exhausted the meals on their apartment plan.

All rates are subject to change at the beginning of any semester or term. Meal plans are not subject to refund except upon withdrawal from school.

Bison Express

Bison Express is a declining balance card that is accepted like cash at all Geiger Center locations and the bookstore. All students have the option of purchasing Bison Express dollars. Unused amounts may be carried forward from one term to the next and unused amounts are refundable upon departure from the University. Bison Express may be purchased at the Cashier's window in Thurmond Hall or online.

Room and Board Rates

Housing units for Fall/Spring:

Basic dorm (WMU, Kerr, Howard and Agee Residence Centers) with 10-, 14-, or 20-meal plan	
Suite style dorm (Taylor Residence Center) with 10-, 14-, or 20-meal plan	3,200
Apartments (Howard, West University, Midland, MacArthur and	
East Devereaux Apartments) with apartment flex plan	1,980
Apartments (Howard, West University, Midland, MacArthur and East Devereaux Apartments)	
with 10-, 14-, or 20-meal plan	3,300

Private room rates for fall/spring are as follows: Kerr, WMU, Howard and Agee Residence Centers Taylor Residence Center. Apartments (Howard, West University, Midland, MacArthur and East Devereaux)	434 640 765
Housing units for January Term:	
Basic dorm (WMU, Kerr, Howard, and Agee Residence Centers) with 10-meal plan	\$ 540
Suite style dorm (Taylor Residence Center) with 10-meal plan	590
Apartments (Howard, West University, Midland, MacArthur and	
East Devereaux Apartments) with:	
Apartment plan	490
10-meal plan	615
Housing units for four-week Summer Term:	

Apartments (Howard, West University, Midland, MacArthur and	
East Devereaux Apartments) \$ 425	

Summary of Charges

The following charges are typical for most full-time on-campus OBU students, but costs may vary depending on the room and/or meal plan selected by the student. In addition to the charges shown below, students should plan for personal expenses to cover clothing, laundry, books, supplies, etc.

	Per Semester	Per Academic Year	January Term	Summer School*
Tuition	\$ 8,997	\$ 17,994	\$ 1,350 (3 hrs.)	\$ 2,700 (6 hrs.)
Student Services Fee	750	1,500	-	75
Technology Fee	100	200	_	_
Room and Board	3,000 **	6,000 **	540 **	425
Special Fees	31	62	-	_
TOTAL	\$ 12,878	\$ 25,756	\$ 1,890	\$ 3,740

*Charges shown are for a four-week summer term. Rates are adjusted proportionally for longer or shorter periods. **Charge for basic dormitory housing and meal plan.

University Policy concerning payment of tuition and fees: All charges for tuition, fees, room, and board are due and payable at the beginning of the term. All undergraduate charges not covered by payments or by financial aid (as certified by the Office of Student Financial Services) may be paid under a Semester Installment Plan. Transcripts and/or a diploma will be withheld if an account is not paid in full. Also, enrollment for a subsequent semester is not allowed until all previous term account balances are paid in full.

Semester Installment Plans

Three-Payment Plan: Payments for enrollment costs, less verified financial aid are due as follows: fall semester – September 1, October 1 and November 1. Spring semester – February 1, March 1 and April 1. For any month the minimum payment is late, a late payment fee of \$30 is charged. A \$45 payment plan origination fee is assessed each semester for those using the three-payment plan.

Five-Payment Plan: Payments for enrollment costs, less verified financial aid are due as follows: fall semester – July 1, August 1, September 1, October 1 and November 1. Spring semester – December 1, January 1, February 1, March 1 and April 1. For any month the minimum payment is late, a late payment fee of \$30 is charged. A \$45 payment plan origination fee is assessed each semester for those using the five-payment plan.

January Term: One-half of all undergraduate charges not covered by financial aid must be paid by the first day of class. The remainder of charges is due the first day of the third week of class. The second half of the charges may be included in the spring payment plan provided that the student has enrolled for the spring term.

Summer Term: One-half of all undergraduate charges not covered by financial aid must be paid by the first day of class. The remainder of charges must be paid by the first day of the third week of class for four-week terms and by the first day of the fifth week of class for eight-week terms.

Prepayments Required

New students must make a \$125 enrollment guarantee deposit. The new student enrollment guarantee is not refundable after May 1 for the fall semester or November 1 for the spring semester.

Actions taken if student account payment deadlines are not met:

- 1. Students who have not met minimum payment requirements, i.e. made appropriate payments or have loan applications filed with financial aid and approved by lending agencies, by the fourth week of the fall or spring terms, may be withdrawn from school.
- 2. Students whose accounts become more than 30 days delinquent are subject to withdrawal for non payment.
- 3. Students may not be allowed to take final examinations until their accounts are paid.
- 4. Interest charge of 1 1/4% per month is assessed on the balance owed beginning November 1 for the fall semester, April 1 for the January and spring semesters and July 31 for the summer semester.
- 5. Students will not be allowed to enroll in a subsequent semester until their accounts are paid in full.
- 6. Students who do not meet the payment guidelines for the semester installment plan may be denied eligibility to participate in the semester installment plan in future semesters.
- 7. Transcripts and/or a diploma will be withheld if an account is not paid in full.
- 8. Collection agencies are employed to pursue past due accounts.

Withdrawal Credits

If an undergraduate student withdraws from school or decreases hours after classes begin, applicable credits for tuition, and fees, and room and board will be computed according to the following schedule. Credits for classes are based upon the date the student notifies the Academic Center IN WRITING OR IN PERSON. The following percentages apply:

- 1. Withdrawal from fall or spring: Beginning with the first day and continuing for the first week after classes begin, credit is 100%; second week, 80%; third week, 60%; fourth week, 40%. No credit after the fourth week of classes.
- 2. Withdrawal from the January term and four-week summer term: Within two academic days after classes begin, credit is 100%; within three academic days, 80%; within four academic days, 60%; within five academic days, 40%. No credit after five academic days of the January or four-week summer term.
- 3. Withdrawal from eight-week summer term: Within five academic days after classes begin, credit is 100%; within six academic days, 80%; within seven academic days, 60%; within eight academic days, 40%. No credit after eight academic days of the eight-week summer term.

Credits for room and board are prorated based upon the date the student notifies Residential Life IN WRITING OR IN PERSON or officially checks out of campus housing, whichever is later. Student will retain the same percentage of tuition charged.

Return of Title IV Funds Federal Financial Aid

Students who have received any type of Title IV federal aid (Federal Pell Grant, Federal Supplemental Grant, TEACH, Federal Perkins Loan, Federal Stafford Loan, Federal PLUS Loan), but withdraw before completing 60% of the term for which they have been funded are subject to the return of Title IV funds as well as the institutional refund policy. According to the federal policy, only the amount of federal financial aid earned (determined by the withdrawal date) may be retained by the student. The amount of earned aid is not related to whether the student has or has not paid his bill with the University. Any federal financial aid which is not determined to be earned aid, must be returned to the appropriate Title IV programs. The calculation of the return of federal financial aid and the refund of institutional awards per the OBU policy, may result in the student owing a balance to the University. Specific details of the federal formula used for the return of Title IV funds are available in the Student Financial Services Office. Additionally, if a student withdraws before the Oklahoma State Regents issues a reimbursement check to OBU for any Oklahoma state grants, the full amount of the state grant(s) will be reversed from the student's account as they are no longer eligible for the grant and OBU will not be reimbursed.

Financial Aid

The Office of Student Financial Services is provided to help eligible students obtain financial assistance and financial planning to attend OBU. Aid is available in the form of scholarships, grants, loans, part-time employment, and various educational assistance programs. Assistance is offered to help students and their parents plan the best approach to obtain a college education. The goal of the Student Financial Services Office is to ensure that no eligible student is denied the opportunity to study at OBU because of insufficient financial resources.

Paying for college can be challenging, but it does not have to be overwhelming. We do our best to make an OBU education affordable for any student who wants that education and can meet its demands. Therefore, our objective is simple – to identify every resource available in hopes of making an OBU education a reality. In most cases we are successful. Although paying for a college education is primarily a family responsibility, a variety of financial assistance programs are available to supplement family resources and ease the financial

burden of those experiencing financial hardships. In reality however, for most families who for whatever reason have not been able to save for college, borrowing through student and parent loan programs may be a necessity. More information is available at www.okbu.edu/finaid.

Academic Scholarship Programs

The numerous academic, competitive, and performance scholarships offered by the University are listed below. Students must be enrolled on a full-time basis (at least 12 credit hours per semester) in order to receive these awards and may receive only one academic scholarship unless otherwise noted. Academic scholarships are awarded and lost on an annual basis rather than a semester by semester basis. However, all awards are credited to the student's account at the rate of one-half the annual amount per fall/spring semester.

Scholarships will be evaluated at the end of the spring term and are renewable as long as the student maintains the cumulative GPA required by the respective scholarship. Any student with less than a 2.00 cumulative GPA is not eligible to receive OBU-funded scholarships. OBU scholarships may be retained for a maximum of eight semesters or the completion of an undergraduate degree, whichever comes first.

Renewal awards are determined by using the student's cumulative GPA prior to the start of the fall semester. Grade point averages are not rounded for the purposes of scholarship renewal eligibility. In the event an academic scholarship is lost due to an insufficient cumulative GPA, it may be reinstated once the student reaches the required minimum at the beginning of an academic year. Summer course work will be accepted toward scholarship renewal eligibility for the following fall semester. Reinstatement must be requested in writing by the student and requires an unofficial OBU transcript.

In case of mitigating circumstances, the student may appeal the loss of a scholarship by submitting a letter of appeal to the Director of Student Financial Services.

Freshmen University ScholarsFull Tuition

Eight awards are made to incoming full-time freshmen. Students must have at least a 32 ACT or 1450 SAT with a 3.75 high school GPA to apply. For consideration, submit an application for admission, transcripts, test scores, essay, two letters of recommendation and activity resumé. All documents must be received in the Admissions Office by FEBRUARY 1, with finalists being selected for an interview after that time. Awards are announced by MARCH 15, and are renewable annually with a 3.50 cumulative GPA. The scholarship is reduced one-half for a GPA less than 3.50, but 3.00 or more. The award is limited to 16 hours per semester for eight semesters or until completion of a degree, whichever comes first. Scholarship does not cover January or summer term tuition. Those applicants who are not named University Scholars will be awarded a \$9,000 scholarship.

Allen Academic Scholarship

This full-tuition scholarship is awarded to a student who has at least a 32 ACT or 1420 SAT and a 3.75 GPA. Qualified students will be asked to submit supporting documents including an essay, resume, and letter of recommendation. OBU will invite a group of students to campus to interview for the scholarship. Students not selected for the Allen Scholarship will be considered for one of the University Scholar Awards. Contact the Admissions office for details.

Academic Scholarships range from \$6,000-\$9,000 and award amounts are determined based on high school GPA and ACT/SAT scores. To calculate your eligibility, go to www.okbu.edu/scholarships and enter your information.

Freshmen Scholarships

Amount	OBU Renewal GPA
full tuition*	3.50 (renewed at half if 3.0)
\$9,000*	3.0 (renewed at half if 2.8)
\$7,000	3.0 (renewed at half if 2.8)
\$6,000	2.8 (renewed at half if 2.5)
	11. (= 1 4

* competitive with a deadline of February 1.

Transfer Academic Scholarships\$3,000-\$5,000

Transfer Academic Scholarships are awarded upon receipt of the student's final official transcript mailed directly to OBU from the school. If the student's final overall cumulative GPA is 2.5 or better, then the student is awarded a scholarship based on that GPA and the number of hours he or she has completed.

Transfer Student Academic Scholarships

Scholarships are awarded based on current college transcript.

GPA	Academic Award
2.50-2.99	\$3,500
3.00-3.59	\$4,500
3.60 & above	\$5,500

The required GPA for renewal of Transfer Academic Scholarships is 2.5 for the \$3,500 award, and 3.0 for the \$4,500 and \$5,500 awards.

Phi Theta Kappa Scholarships......**\$1,000 per year** The PTK Scholarships are for transfer students who are members of Phi Theta Kappa. A 3.5 GPA is required for renewal.

Fine Arts Scholarships\$500-\$4,000

Scholarships are awarded by audition to outstanding full-time students in the areas of art, music, telecommunication, and theatre. In order for a student to retain an award, he/she must maintain a cumulative grade point average of 2.50, a fine arts grade point average of 3.00, and must make satisfactory progress in performance. Students may retain scholarships for a maximum of eight semesters. Contact the Dean of the College of Fine Arts for information about audition requirements. Auditions are typically held on President's Day and the first Saturday in March, but may be scheduled at other times.

Other Scholarship Awards – Requires Full-time Enrollment

BGCO Camp Scholarships of \$1,000 are awarded to students who attend a BGCO-sponsored camp while in high school. Scholarships are limited to one per year up to the number of summers the student attended one or more BGCO camps. Each student must submit a BGCO camp verification form to the Office of Student Financial Services in order to be eligible. A 2.0 GPA is required for second, third, and fourth-year awards.

Departmental Scholarships of various amounts are awarded to students majoring in Art, Theatre, Communication Arts, Nursing or a Southern Baptist Church vocation are eligible to apply for a limited number of scholarships awarded by the OBU department of their major.

OBU Bison Grants and/or OBU Endowed Scholarships of various amounts are awarded to students based on the amount of unmet need with consideration of other financial aid the student receives. A 2.0 GPA is required for renewal.

Church Staff Dependent Scholarships of \$1,000 are awarded annually to the spouse or children of paid professional denominational ministers who are currently serving in a Southern Baptist church position or as employees of the BGCO, SBC, or missionaries appointed by the SBC North American or International Mission Boards. Renewal is dependent on a cumulative GPA of at least 2.00. Application is made by submitting an official employer letter designating the professional Southern Baptist staff position of the student's spouse or parent.

MK Scholarships of \$1,000 up to half-tuition are awarded annually to the children of SBC International Mission Board and North American Mission Board missionaries. OBU guarantees MKs a total amount of OBU scholarships of at least half of the tuition. The MK may be awarded more than the \$1,000 minimum if it needs to be increased to reach the guaranteed amount. A 2.0 GPA is required for renewal.

Louise M. Prichard Church Vocations Scholarships of \$1,800 are designed to assist students planning a career in Christian ministry. An \$8 fee is charged to the student each semester to cover the costs of administering this award. To be eligible for the scholarship, an entering student must:

- 1. Be preparing for a vocational or bivocational Christian ministry (e.g., pastor, foreign or home missionary, minister of music, minister of education, minister of youth, church administrator, church recreation minister).
- 2. Be licensed to the ministry or endorsed for other ministerial/missionary training by a Southern Baptist church.
- 3. Be a member of a Southern Baptist Church.
- 4. Declare a major or minor in religion or applied ministry.

The scholarship is awarded (\$900 in fall and spring semesters) for full-time fall and spring enrollment. To be considered for the Church Vocations Scholarship, a student must agree to:

- 1. Attend meetings of appropriate on-campus professional organizations and credit or non-credit courses. Professional organizations include Ministerial Alliance, Religious Education Fellowship, Missions Fellowship and the Fellowship of Christian Musicians. Schedules for these meetings are available in the Office of the Dean of the College of Theology and Ministry. It is the responsibility of the student to secure a schedule.
- 2. All non-music majors must complete Applied Ministry 1002 or 1012 in the first two semesters at OBU, depending on the students' chosen vocation or major. Music majors must enroll in Church Music 1000 every semester. See catalog for course descriptions.
- 3. Achieve a 2.00 grade point average in at least 12 semester credit hours during the fall and spring terms.
- 4. Provide initial endorsement through official church action of a Southern Baptist church of which he/she has been an active member for at least six months and provide certificate of license, letters of recommendation which attest to personal character, or any other documents of evidence requested.
- 5. Write a letter of appreciation to the donor as requested on an annual basis.
- 6. Submit a completed "Questionnaire for Renewal" each year the scholarship is requested.
- 7. Maintain a Christian lifestyle appropriate for Christian ministry.

Mary June Tabor Church Music Scholarships of \$1,000 provide financial aid for students preparing for full-time church music ministry. A recipient must be pursuing a music degree, with preference for those enrolled in the B.M. in Church Music; must enroll for and attend monthly meetings of the Fellowship of Church Musicians (CHMU 100); must maintain a 2.00 grade point average in at least 12 semester hours during the fall and spring terms; must submit a Request for Renewal each year; and must maintain a Christian lifestyle appropriate for ministry and in accordance with The Green Book.

Acteens who complete the requirements for Missions Quests or Studiact may earn a four-year scholarship to OBU. The following schedule is used in the awarding of these scholarships:

Studiact Level or Missions Quests	Annual Amount
Queen or Service Aide (or 1 Quest)	\$200
Queen with Scepter (or 2 Quests)	\$300
Queen Regent (or 3 Quests)	\$400
Queen Regent in Service (or 4 Quests)	\$500
Queen Regent in Service with Service Aide (or 5 Quests)	\$600
Queen Regent in Service with Service Aide (or 6 Quests)	\$700
National Acteens Top Teen Award	\$500
National Advisory Panelist or Oklahoma Panelist	\$750
Oklahoma State Citation	\$800

Combining either or both of the panelist or Top Teen awards with one of the Studiact levels or Missions Quests Awards is possible. This scholarship is renewable for any qualifying student who is enrolled full time and maintains an OBU cumulative GPA of 2.50. Request special application form from the OBU Student Financial Services Office.

Challengers who complete the requirements for Mission Challenge awards may earn a four-year scholarship to OBU. The following schedule is used in the awarding of these scholarships:

Level of Missions Challenge Awards	Annual Amount
First Award	\$200
Second Award	\$300
Third Award	\$400
Fourth Award	\$500
Fifth or additional Award	\$600

This scholarship is renewable for qualified students who enroll full time and maintain a cumulative GPA of 2.50. Request special application form from the OBU Student Financial Services Office.

Concurrent Scholarships are available to High School Juniors and Seniors. This scholarship reduces the tuition rate to \$95 per credit hour for a maximum of six hours per semester. Any special fees must be paid by the student.

Church Partnership Program is designed to encourage Baptist youth to attend OBU by forming a direct financial partnership between Baptist churches, Baptist associations and the University. The program will match up to \$1,000 provided by participating churches or associations for a possible \$2,000 annual award. The annual award will be divided equally between the fall and spring semesters. To apply, request an Agreement Form from the OBU Student Financial Services Office.

This scholarship requires a minimum cumulative grade point average of 2.00 for renewal and is renewable for four years.

Activities Scholarships - Requires Full-time Enrollment and 2.0 GPA

Athletic Scholarships are available to students who demonstrate exceptional ability in the University's varsity and junior varsity programs. These scholarships may include tuition, fees, books, housing and meals. To apply, the student should contact the OBU Director of Athletics.

Student Government Association Scholarships are awarded annually to the SGA president and vice president. The president receives \$1,000 and the vice president receives \$500 during the year they are serving in these SGA positions.

Instrumental Band Scholarships of \$250 to \$600 per year are awarded to students who are selected for participation in the OBU Symphonic Band. String players who play in the OBU-Shawnee Community Orchestra and study privately may receive \$200 to \$400 per semester toward their applied music lesson fees. Selection is made by audition and is open to all students regardless of the area of study. Interested students should contact the Symphonic Band Director prior to enrollment.

Choral Scholarships are available to outstanding vocalists selected for membership in OBU's auditioned choral ensembles: University Chorale, Bison Glee Club, or Bisonette Women's Glee Club. Students need not be music majors. Auditions may be scheduled with the Director of Choral Activities.

Aid Based on Demonstrated Need

Funds in this category may be combined with any other funds or resources, but most programs have maximum limits that prohibit excess above the cost of education.

Financial need is the difference between the cost of attending OBU and the student's available resources. For part of the student's resources, his/ her parents are expected to make a reasonable contribution toward educational expenses, unless it can be clearly established that the family is financially unable to provide support, or unless the student is an independent student by federal aid definition. OBU uses the Free Application for Federal Student Aid (FAFSA) analysis to determine the expected family contribution. FAFSA may be completed online at www.fafsa.gov.

A student must complete the form designating OBU as the institution to receive the results. Once OBU receives the FAFSA results and all supporting documents, a determination will be made of financial aid available to the student.

The University participates in the following student aid programs: LOANS:

Federal Perkins Loan Federal Direct Stafford Loan Federal Direct Parental Loan for Undergraduate Students (PLUS) Federal Direct Graduate (PLUS) Loans University Endowed Loan Funds

GRANTS:

Federal Pell Grant Federal Supplemental Educational Opportunity Grant TEACH Grant Oklahoma's Promise (OHLAP) Oklahoma Tuition Aid Grant (for Oklahoma residents only) (OTAG) Oklahoma Tuition Equalization Grant (for Oklahoma residents only) (OTEG)

Federal College Work-Study Employment

Benefits From Other Government Agencies

The University is fully accredited to participate in programs offered by the Veterans Administration, Bureau of Indian Affairs, Vocational Rehabilitative Services, and the Job Training Partnership Act. Students should contact the appropriate agency for applications or information on eligibility requirements.

The "Aid" Package

All applicants will be considered for eligibility for a Federal Pell Grant, Federal Perkins Loan, Federal Stafford Loan, Federal Supplement Educational Opportunity Grant, TEACH, Oklahoma Tuition Aid Grant (Oklahoma residents), Oklahoma Tuition Equalization Grant (Oklahoma Residents), Federal Work-Study, and any other aid administered through the OBU Student Financial Services Office for which an applicant may qualify. In this way, the applicant may be awarded an aid package, consisting of a loan, grant, scholarship, and work- study eligibility or any combination of these. The type and amount of aid the applicant will receive is determined by three factors:

- 1. need as shown by the FAFSA need analysis;
- 2. the availability of funds; and
- 3. the applicant's academic progress.

In no case will a student receive financial aid which exceeds the cost of attendance defined by the Student Financial Services Office.

Renewal of Aid

To be considered for renewal of financial aid, renewal applications and supporting documents must be submitted each year. The awarding of renewal aid will be subject to the same consideration used in awarding previous financial assistance.

Measurable Academic Progress

Funds received through any Title IV student assistance program available at OBU are subject to cancellation in cases where measurable academic progress is not maintained. For financial aid purposes, academic progress toward a degree is defined as follows:

- 1. Enrollment in a program of study leading to a baccalaureate degree with a sufficient number of credit hours to be a full-time student.
- 2. Completion of minimum of 24 credit hours each academic year with the following cumulative overall grade point averages:

1-59 credit hours earned	1.75 GPA
60 + credit hours earned	. 2.00 GPA

Each student's academic records will be checked following completion of the spring term. Students failing to maintain this standard of measurable academic progress will be placed on "Financial Aid Suspension." The student will not be allowed to receive any type of financial assistance, including PLUS loans until the student meets SAP requirements or have an approved suspension appeal.

When the requirements for a baccalaureate degree have been met or when the student has attempted a total of 180 credit hours, aid will no longer be available, even if the student is otherwise eligible.

Students may request a copy of the "Oklahoma Baptist University Satisfactory Academic Progress Policy" in its entirety from the OBU Student Financial Services Office.

Employment

The pursuit of studies should be the principal interest of university students. Students are discouraged from attempting to maintain full-time employment in addition to a full-time academic schedule. It is recommended that students engage in no more than 20 hours of employment per week if they are enrolled as full-time students (12-16 hours). In keeping with this recommendation, campus employment will generally be limited to 20 hours a week.

Student employment is offered within the University in the cafeteria, library, wellness center, campus security, facilities management, and administrative and faculty offices. On-campus and off-campus jobs are arranged directly with the employer; however, job opportunities are posted for student inspection outside the Student Services Center.

Maximum Amount of OBU Funds a Student May Receive

- 1. OBU funds are those which are provided directly by the University and those funds awarded to students who are selected under the scholarship policy of the institution. (Includes endowed scholarships.)
- 2. Enrollment costs are defined as those paid to the University for services such as tuition, fees, and room and board. Enrollment costs specifically do NOT include books and supplies, off-campus living expenses, transportation costs, miscellaneous personal expenses, and any of the service fees or penalties incurred after the initial enrollment (traffic tickets, library fines, equipment rental, etc.).
- 3. If a student receives two or more scholarships funded by OBU, he/she may use such gifts as long as the total is not more than the cost of enrollment (tuition, fees, and on-campus room and board).
- 4. If a student is eligible to receive any funds based on need, and the amount of such funds is regulated by the OBU Student Financial Services Office, any OBU awards plus the funds based on need may cover

the calculated cost of education (tuition, fees, books, room and board, and miscellaneous personal expenses) as long as these expenses are determined to be college-related. Under no circumstances will OBU funds be awarded for any expenses beyond the cost of enrollment (tuition, fees, on-campus room, and meal plan).

- 5. If a student receives an OBU Employee Educational Benefit Scholarship, other OBU funded scholarships may be combined only up to full tuition costs charged.
- 6. OBU scholarships (endowed or otherwise) are limited to a maximum of eight semesters and requires full-time enrollment.

Other Important Financial Aid Facts

- 1. Any expense for operating a car (purchase, insurance, gas, etc.) while attending college is not a justifiable expense in determining financial aid eligibility unless the student uses the vehicle in a job that nets income for college expenses. Any other non-essential item is also considered to be unjustifiable in calculating financial need.
- 2. Students must be officially accepted for admission by OBU before assistance can be awarded.
- 3. All OBU scholarship funds require certain grade point averages for renewal eligibility. Grades are checked at the end of the spring semester for renewal eligibility unless otherwise specified. For specific details, contact the Student Financial Services Office.
- 4. In all aid programs, the availability of funds determines the number and size of awards given each year.
- 5. Students enrolled in continuing education and/or ministry training courses are not eligible to receive federal aid (Title IV funds) administered through OBU.
- 6. Financial aid resources are limited. Many students have unmet financial need. Therefore, in no case will it be possible for a student to receive financial aid in excess of his/ her cost of education. Should a student receive an excessive amount of financial aid, it may be necessary to reduce one or more sources of aid in order to resolve an over awarding of funds.

University Student Development Policies

University policies relating to student life are intended to give each student programmed opportunities within the context of a Christian community to develop and to expand those potentialities which can give full expression to personality. The formulation of behavioral expectations into policy is guided by Baptist beliefs; and these policies provide the bases of creative social relationships in the OBU community.

OBU students are afforded the privileges and responsibilities of campus fellowship. Within University guidelines, a student is encouraged to make educational and social choices which enhance personal development. Students may actively participate in the process of institutional governance through University Committee membership, agencies of student government, and advisory groups.

Student Services Center

Career Planning Services

The Career Planning Office provides guidance and career assessment services for students and alumni, information concerning vocational opportunities, and the job search process.

Counseling Services

The University offers personal counseling services free of charge to all full- and part-time undergraduate students. Appointments are confidential and may be made by calling the Counseling Office.

Testing Services

The Testing Office administers the majority of non-classroom related tests on campus. Among those given are the English Proficiency Exam, the CLEP, the ACT, the PPST, and interest inventory/ personality inventory tests.

Student Health Services

Students are expected to assume primary responsibility for individual health needs, including financial responsibility for medical treatment which may be required. The University offers supplementary services through the employment of a Campus Nurse, who is available during daytime hours to consult with students concerning health needs and practices.

Special Services

The Special Services Office provides support services to students with disabilities. The office is committed to the goal of achieving equal educational opportunity and full participation for students with disabilities. Students are required to provide documentation of disability prior to the provision of services. If you have a need for services due to disabilities, please contact the Student Services Center for details regarding applicable policies.

Extracurricular Activities and Organizations

Athletics, Intramural Sports, and Campus Recreation

As a member of the National Association of Intercollegiate Athletics and the Sooner Athletic Conference, Oklahoma Baptist University offers men's intercollegiate athletic teams in basketball, baseball, track and field, cross country, tennis, soccer and golf. Women's intercollegiate sports include basketball, softball, track and field, cross country, golf, soccer, volleyball and tennis. In addition, OBU offers a wide variety of club and intramural sports in activities such as soccer, racquetball, softball, walleyball, basketball, etc. to promote participation, social interaction, and physical well-being for all students and faculty. Also, the Recreation and Wellness Center is the center of campus recreation with facilities for the pursuit of many team and individual sport and fitness activities. The following are the stated purposes of the OBU athletics program and are compatible with the overall University mission statement:

- To provide programs of intercollegiate athletic competition which will be consistent with and supportive of the purposes and goals of the University.
- To provide a forum by which the athletically gifted student may develop his/her talent to the fullest while representing the University against outside competition in a wholesome, Christian manner.
- To provide an environment which will stimulate the academic growth of the student athlete which will be beyond minimal conference/national standards and which will lead to graduation of the athletes.
- To encourage growth as Christians and as campus citizens by becoming involved in and assuming leadership roles in all aspects of campus life and by maintaining active chapters of organizations such as Fellowship of Christian Athletes and NAIA Champions of Character program.
- To enhance the public image of the University to students (spectators and players), prospective students (athletes and nonathletes), alumni, other schools and other segments of the public.
- To serve as a means of aiding the participant, through teams participation and cooperation, to define, organize, and clarify a system of values, which is in harmony with a code of Christian ethics and which helps to establish a direction of personal, professional and societal behavior.
- To make a positive contribution to the campus social environment by providing competitive athletic contests in a wholesome atmosphere for the OBU community as spectators.

Publications

Student publications include *The Bison*, a weekly newspaper, and OBU's yearbook, *Yahnseh*. Both *The Bison* and the *Yahnseh* serve as journalism laboratories, but staff members consist of students from various areas of concentration.

All student publications are supervised by the Media Committee, an administrative advisory committee composed of students, faculty and administrators.

Other publications include *The Green Book*, a student handbook published online by the office of the Dean of Students, and the University Directory, a listing of all administrators, faculty, staff, and students published online by the University administration.

Campus Ministry

Oklahoma Baptist University is a Christ-centered university dedicated to the spiritual development of students along with their social, academic and physical development. Campus Ministry is committed to supporting the University's Mission by creating and advancing an atmosphere beneficial for spiritual formation through vibrant worship encounters, small group experiences, and through service/mission opportunities in Shawnee, across the U.S. and around the world.

Worship – Occasions for worship are found in Chapel*, special emphasis weeks, mid-day events, and selected nights of celebration.

Student led worship teams allow students to use their gifts in creative and celebrative worship experiences like Refuge, Canterbury, Overflow and Student Led Chapels. Many of these teams also find opportunity to use their gifts in church settings in the surrounding area and state.

Community – Small Groups are developed each year through the layers of campus ministry opportunities (New Student Ministry, NETWORK, the Chaplain Ministry on campus, and upper-class small groups). These groups provide personalized attention and a sense of belonging. Students are encouraged to discover gifts and passions that help focus their involvement in personal spiritual growth. Basic spiritual and leadership formation is advanced in the context of small groups.

Outreach – Channels for local outreach are available throughout campus. Service learning is provided through select class room experiences and student led service teams that are life giving agents throughout the Shawnee area. Every week more than one hundred fifty students from across the campus are leading and serving in youth, inner city community, volunteer, senior citizen, prison and special needs perpetual service projects. New projects are added each year.

Global Outreach opportunities are provided through select courses, faculty direction, and student leadership. Global Outreach is coordinated through the Avery T. Willis Center for Global Outreach, and is available to the OBU community as a whole. More than two hundred OBU students participate in summer, semester and extended term mission opportunities each year. Before graduation, most OBU students will have first hand local and global outreach experience.

In addition to opportunities for spiritual growth through the three primary environments mentioned above, students are encouraged to join faculty members for worship and service in local churches. Additional opportunities to serve in paid and volunteer positions of leadership in a local church can be found in the Campus Ministry office, the Placement Board in Montgomery Hall, and through the Church Relations Committee.

Though the attitudes and beliefs of individual members of the academic community generally reflect the viewpoints of the Baptist constituency, there is no attempt to seek religious conformity from students of diverse persuasions. The freedom of the individual to develop his own spiritual insights is one of the most cherished of Baptist traditions; it is of paramount importance on this campus.

Chapel – Chapel is the central gathering where the OBU family worships and glorifies God while building community, informing and educating. The Chapel program is an integral part of campus life at Oklahoma Baptist University. Chapels emphasize praise and participation in a creative and celebratory atmosphere. Chapels are provided each Wednesday of the semester at 10:00 am. Alternative worship experiences at 10:00 am on select Mondays and Fridays are more casual in atmosphere and are often more student-oriented in style, presentation and leadership.

The Geiger Center

The Geiger Center is a facility which serves the entire community. The center houses the Geiger Counter Snackbar/Convenience Store and the Java City coffee shop, mailroom, copy center, OBU Bookstore, the Laura Scales Cafeteria, meeting rooms, special dining areas and information desk, as well as a prayer room. The offices of the Dean of Students; Director of Events, Conferences, and Camps; Director of Residential Life and Campus Activities; Student Government Association; and the Student Services Center are located in the Geiger Center. The Student Services Center includes Career Planning Services, Testing Services, Special Services, Counseling Services and Student Health Services.

Bookstore

The University Bookstore is located on the lower floor of the Geiger Center and is open for purchase of textbooks and supplies from 8am to 5pm, Monday through Friday, when classes are in session and during all scheduled enrollment periods.

Bookstore charges may be paid by cash, check, Visa, or MasterCard bank cards.

Residence Halls and Living Accommodations

A long-standing tradition of Oklahoma Baptist University has been the provision of a residential campus. This position has been affirmed through research, which reveals that if students remain in campus housing they are more likely to complete their college education, develop a strong spiritual formation, participate in campus activities, adjust to various social situations, and establish lifelong friendships with students and faculty.

The Green Book and the *Residential Life Handbook* provide further information, including policies and procedures related to living on campus and off campus. These documents are located on the web at www. okbu.edu/campuslife.

The University maintains five housing units for men.

Agee Residence Center, (named for former OBU president Bob Agee and his wife Nelle and formerly known as Brotherhood Dormitory), includes rooms with movable furniture, accommodates 365 men, and features its own laundry facilities, co-ed fitness center, big screen television viewing area, and a computer lab. Agee is equipped with cable television, telephone service, and OBU computer network access in each student room.

East Devereaux Apartments provide housing for 21 men in nine furnished apartments with cable television, telephone and computer access in each.

Howard Residence Center, named in honor of the late Dr. R.C. Howard and Mrs. Howard, consists of 12 townhouse apartments for 48 junior and senior men. Cable television access and computer access are available in each unit.

MacArthur Drive Apartments accommodate 64 junior and senior men in 16 furnished apartments. MacArthur Drive Apartments were built in 1991. These apartments are equipped with cable television, telephone and computer access in each.

Midland Apartments provide housing for 16 men in five furnished apartments with cable television, and computer access in each.

There are five housing units for women.

WMU Residence Center, which was built by funds provided by the Woman's Missionary Union of Oklahoma, is a residence for freshman women. This facility was expanded and extensively renovated in 2009 to accommodate 196 students. Recent improvements to this facility include new furniture, cable television, and OBU computer network access in each student room.

Kerr Residence Center, a residence for 234 women, was named for Mrs. W.S. Kerr, mother of the late Senator Robert S. Kerr. This facility was extensively renovated during 1995 and 1996. Each student room is equipped with cable television access, telephone service and OBU computer network connections. In addition, a computer lab is located on the second floor for the use of all residents of this facility.

Howard Apartments, named in honor of the late Dr. R.C. Howard and Mrs. Howard, is comprised of 12 townhouse apartments for 48 junior and senior women. Cable television access and computer access are available in each unit.

West University Apartments house 160 junior and senior women in 40 apartments. These apartments provide year-round housing for female students and are each equipped with cable television, computer and telephone access.

The Doris and Jim Taylor Residence Center, a hall for 156 women, opened in August 1997. This hall houses sophomore, junior, and senior women in suites each having their own bathroom facilities, computer network and cable television access.

Residence Hall Regulations

Each residence is supervised by a Residence Director who is a member of the administrative staff of the University. The director is assisted by student resident assistants, upperclass men and women carefully chosen and trained for this important responsibility.

Residence halls are normally closed during official University holiday periods.

Room Reservations

New students who desire to have a room reserved in a residence hall should contact the Office of Admissions for an application form. This application should be submitted at the earliest possible time prior to the opening of the semester for which the student expects to be admitted.

Burns, Cobbs and West Devereaux Apartments for Married Students

The University has a limited number of unfurnished apartments available for rental to married students with and without children. At least one spouse must be classified as a full-time student, taking a minimum course load of 12 credit hours each semester. A prospective student's name will be placed on the apartment waiting list only after his/her application for admission to the University has been accepted and the required deposit has been paid. Students who desire information about married student housing and the application process should contact the Office of Residential Life.

General Regulations

Automobiles

Possession and operation of an automobile on campus is considered a privilege.

All automobiles operated on campus must be registered with the Cashier's Office. Laws and regulations promulgated by state, local, and University authorities must be observed. Responsibility for an automobile resides with the person who registers it. Regulations are published each year in the *Green Book*.

Chapel

Chapel is a long-standing tradition on Bison Hill and is a vital part of the University community. Both the fall and spring semesters have 25 chapel-assembly programs. Each Wednesday at 10:00 a.m. a program is scheduled, with the non-Wednesday programs announced at the beginning of the semester and printed in the chapel schedule.

Students are required to attend a total of 96 chapel programs to receive a bachelor's degree. The number is prorated for students who attend fewer than eight fall/spring semesters. Credit for chapel attendance is given only for attending chapel. Absences are neither excused nor unexcused. Doctor appointments, illnesses, school-related activities, and other reasons for failure to attend chapel do not reduce the total number required.

Attendance is recorded by scanning a valid, functioning OBU ID card upon entering and departing the chapel program. Students must be in the auditorium and successfully scan their ID card by five minutes after the scheduled start time and at the conclusion of the program in order to receive chapel credit.

College Citizenship

All students of the University are expected to maintain the highest standards of moral conduct and concern for the well-being and rights of their fellow students.

The Green Book, the student handbook, provides detailed statements of University policies, procedures and penalties relating to campus citizenship. It is the student's responsibility to be aware of the information contained therein. *The Green Book* may be accessed at www.okbu.edu/campuslife.

Student Educational Records

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect.

The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. A student may ask the University to amend a record that he or she believes is inaccurate or misleading. The student should write the University official responsible for the record, clearly identify the part of the record he or she wants changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. The following are some, but not all, of the exceptions which allow disclosure by the University without the student's consent.

Disclosure may be made to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

The University may disclose directory information, that is, information contained in the education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Directory information includes, but is not limited to, the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent educational agency or institution attended unless the student notifies the Director of Academic Records/Registrar in writing within two weeks of registration that the student does not want any or all this information disclosed without the student's consent.

The University may disclose information concerning a student which is furnished to the University by the State of Oklahoma pursuant to the Campus Sex Crimes Prevention Act.

The University also may disclose, to a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, the final results of the disciplinary proceeding conducted by the University with respect to that alleged crime or offense.

The University may release information to the parents of students under the age of 21 at the time of the disclosure when the University determines that the student has violated University rules or the law governing the use or possession of alcohol or other drugs. The University also may release any student record to the parents of a dependent student, as defined in section 152 of the Internal Revenue Code of 1986.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA.

Oklahoma Baptist University may issue a copy of the academic transcript of a deceased student to the executor/executrix of that individual's estate upon receipt of a written and signed request accompanied by a copy of the court document of appointment. If the individual's estate did not go through probate and there is no court-appointed executor/executrix, a copy of the academic transcript of the deceased student may be issued to the next of kin who possesses the state-issued death certificate upon receipt of a written and signed request accompanied by a copy of that certificate. Transcript copies issued under such circumstances will be clearly labeled as being the academic record of a deceased individual.

Note: Students desiring to share their records with their parents/guardians may declare such intentions by submitting a completed FERPA Release form at the Registrar's Office in the Academic Center.

Academic Information

Types of Degrees

The University offers programs of study leading to the following degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, Bachelor of Business Administration, Bachelor of Music, Bachelor of Music Education, Bachelor of Fine Arts, Bachelor of Musical Arts, Bachelor of Professional Accountancy, Associate of Arts in Christian Studies, Master of Science in Nursing and Master of Business Administration.

The choice of area of concentration or major determines the degree granted. Bachelor of Science degrees are awarded those with a divisional concentration in natural science or a departmental concentration in biology, chemistry, physics, mathematics, or computer science. Students who complete degrees in the College of Nursing receive the Bachelor of Science degree. Students in PK-12 (art, foreign language, and physical education), elementary education, early childhood education, special education, or secondary education programs, regardless of the area of specialization, receive the Bachelor of Science in Education degree.

The Bachelor of Arts degree is awarded for all other divisional or departmental concentrations or majors in the College of Humanities and Social Sciences. Majors in art, communication studies, music, telecommunication, and theatre in the Warren M. Angell College of Fine Arts, and all majors in the Herschel H. Hobbs College of Theology and Ministry receive the Bachelor of Arts degree. Concentrations within the Paul Dickinson College of Business are applied to the Bachelor of Business Administration, Bachelor of Professional Accountancy or Bachelor of Science degrees.

Areas of concentration in music and church music are applied to the Bachelor of Music degree, Bachelor of Arts, and Bachelor of Musical Arts, areas of concentration in music and education to the Bachelor of Music Education degree.

A Bachelor of Fine Arts degree is awarded those with an area of concentration in studio art.

Degree Requirements

Minimum requirements for the baccalaureate degree are 128 semester hours of course work. All students complete a program of Common Core and Flex Core courses, and courses in an area of concentration, or major and minor courses, to bring the degree program to the minimum of 128 hours; some professional programs require more than this total number of hours. A minimum of 39 hours must be junior or senior level (courses numbered 3000-4999).

A second degree may be earned upon the completion of at least 32 additional semester hours, bringing the total to a minimum of 160 semester hours. Students earning a second degree must complete a minimum of six semester hours selected from the following: REL 1013 Old Testament History and Literature, REL 1023 New Testament History and Literature, and/or REL 3073 Biblical Ethics. University residence requirements must be met for the second degree. (See the University residence requirements of this catalog). All courses applied to the second degree must be approved by the appropriate dean.

Bachelor of Arts, Bachelor of Science

General requirements for the B.A. and B.S. degrees are summarized in the academic catalog programs of study and online at www.okbu.edu. Reference should also be made to the departmental course listings for special recommendations concerning choice of general education courses for particular flex core and area of concentration or major/ minor; in some cases (e.g. nursing, the sciences, mathematics, psychology, health, physical education and recreation) substitutions for general education courses may be required. The computer science concentration is summarized in the information on the College of Business.

Bachelor of Science in Education

General requirements for the B.S. in Ed. are summarized in the academic catalog programs of study and online at www.okbu.edu with certain exceptions noted in the footnotes. Reference should be made to the departmental course listings for special recommendations concerning choices to be made in the flex core and in the area of concentration. Requirements for admission to the Teacher Education program are listed in the section on Teacher Education (see the Teacher Education section of this catalog).

Bachelor of Business Administration

Special requirements for the B.B.A. degree are summarized in the College of Business.

Bachelor of Music, Bachelor of Music Education, Bachelor of Fine Arts, Bachelor of Musical Arts

Special requirements for B.M., B.M.E., B.F.A., and B.M.A. degrees are described in the College of Fine Arts.

Degree Components

Common Core

The Common Core consists of general education courses which are designed to develop the essential skills needed for all learning, provide a common core of knowledge for the intellectual life of the University, and set a context of meaning and value for the student's specialized study in the area of concentration or major field. Such learning is considered to be of primary importance as the University attempts "to offer a broad-based, liberal arts education and specialized professional training in mutually supportive roles."

The common educational experience gives all students at the University a valuable means of intellectual discourse and serves as a reference point for advanced study in all departments. These courses stress the interrelation of all knowledge and show how various fields of study inform one another, thus building for students a core of durable knowledge as they progress in their college careers.

Physical Education Activities

The program of physical education activities is intended to encourage a physical well-being conducive to better study and a more enjoyable college life; to develop lifelong skills and resources for leisure; to establish attitudes conducive to a planned program of physical recreation beyond the college years; and to promote the concept of wellbeing as basic to a happy and productive life. Two courses are required, including PHED 1001, The Wellness Lifestyle; but it is hoped that students will continue to participate in intramural activities throughout their college careers. No general exemptions from the program will be allowed; persons with physical limitations will be served through special accommodations as necessary.

Flex Core

Students must also complete a Flex Core, which will vary in content according to the degree chosen. The Flex Core consists of a minimum of 12 hours chosen to strengthen the Common Core but also to provide flexibility to serve specific needs of the various degrees. One choice must include mathematics or science, and one choice must include communications or philosophy. The remaining options will be from the following disciplines: anthropology, communication, economics, mathematics at the level of MATH 1033 or above, philosophy, political science, psychology, science and sociology. The other courses in the Flex Core are chosen to support the specialized courses in a degree program. For a list of courses required in the Flex Cores, see the descriptions under Degree Programs.

Area of Concentration/Major, Minor

Each student must complete an area of concentration of a minimum of 40 hours or a major of at least 30 hours and a minimum of 18 hours in a minor. If a student chooses to pursue a 30-hour major, a minor is required. Each department has established minimum requirements for departmental and divisional concentrations and for majors/ minors as are indicated in the departmental sections in the following pages. An area of concentration consists of courses chosen primarily from a single department, division or school with three or more supportive courses selected from a related area. A departmental major consists of courses primarily in the departmental offerings with a minor chosen from another department either in the same or another school/college as that of the departmental major.

Areas of concentration and minors within the Division of Music applied to Bachelor of Music degrees consist of specific music courses for which grades of C or better must be earned. These courses are indicated with an asterisk in the degree programs shown in the College of Fine Arts listings. The area of concentration also includes principal applied music study and secondary applied music study in most programs. Other courses in music for the B.M. and in music and in education for the B.M.E. degrees are regarded as supportive courses for the degree.

Interdisciplinary Area of Concentration

Students in colleges and schools other than Fine Arts and Nursing may request permission of their Dean to construct an interdisciplinary area of concentration, consisting of at least 14 courses from two or more departments. It is understood that the purpose of constructing such a degree program is to obtain better and more appropriate education for a given career or calling than could be acquired by following an established department program. The value of such a program should be weighed carefully against the loss in depth of preparation in one discipline.

Requests for an Interdisciplinary Concentration will not be considered after a student has accumulated more than 75 semester hours. At least eight courses in the area of concentration must be at the 3000 or 4000 level. Students who elect the Interdisciplinary Concentration will not be designated as majors in any department without the express consent of the departmental chairman and the dean of the college or school. At least six courses from a given department, three or more which normally must be at the 3000 or 4000 level, must be included in order for that department to be named in the area of concentration.

Those desiring such a concentration are required to complete an application form, available from the office of the Dean. Completion of the application will require

- 1. a degree check with the Degree Counselor,
- 2. preparation of a written rationale for the course of study,
- 3. the advice and approval of a faculty advisor from each department represented in the concentration, and

 approval of the Dean of the college offering the degree. For further information, consult the office of the Dean. This procedure need not be followed for the Bachelor of Humanities program.

Requirements for All Degrees

English Proficiency Examination

All students are required to demonstrate proficiency in written English in order to qualify for admission to advanced level work (courses numbered 3000-4999). Proficiency is demonstrated by passing the English Proficiency Examination (EPE).

The EPE requires students to write an argumentative essay in response to several questions, quotations, or statements pertaining to current issues or to concurrent course work. Students are given two hours to complete the essay.

Students may satisfy the EPE requirement:

- 1. By earning a grade of "C" or higher in ENGL 1163.
- By passing the EPE given as a component of ENGL1163, Composition and Classical Literature;
- By passing the EPE at any one of the regularly scheduled testing times (contact the Testing Office, Geiger Center to find out dates and times of testing);

For transfer students only:

- a. By passing a second semester English composition class with a C or higher or
- b. By taking and passing with C or higher a comparable essay examination at another institution.

Exemption: Students who are enrolled in only Continuing Education courses are exempt from the requirement until they become candidates for a degree.

Enrollment in ACRS 3151: With the exception noted above, all students who have completed 45 hours and have not met the EPE requirement as stated above must be enrolled in a writing skills course. Students must continue to be enrolled in a writing course until the EPE is passed. Only students who have passed the EPE will be allowed to withdraw from the writing skills course. The Dean of the College of Humanities and Social Sciences may approve exceptions.

Deferral of Writing Skills: Students enrolled in fewer than 12 hours in a given semester may be allowed to delay taking a writing skills class by

completing a "Request for Deferral" at the time of enrollment. Under other unusual circumstances, the Dean of the College of Humanities and Social Sciences may grant other students the right to delay enrollment in writing skills. "Request for Deferral" forms may be obtained in the office of the Dean of the College of Humanities and Social Sciences.

EPE Prerequisite to 3000- and 4000-Level Courses: Successful completion of the EPE requirement is a prerequisite to enrollment in any 3000- or 4000-level course. Waivers will be given only in unusual circumstances.

EPE Required for Graduation: Successful completion of the EPE is a graduation requirement (see "Graduation Requirements," section of this catalog).

Teacher Education

One of the major functions of the University is teacher education. Through the teacher education program, the student may complete requirements for the degree of Bachelor of Science in Education or Bachelor of Music Education and at the same time complete requirements for an Oklahoma Teaching License.

If a student expects to complete a teacher education program at the University in the regular time of four years, he/she must file an application for admission to the program with the Teacher Education Committee during the sophomore year.

The criteria for approval are: (Teacher Education)

- 1. Successful completion of 36 semester hours.
- 2. Completion of an application for teacher education during the sophomore year, submitted by the end of the third week of classes of the semester in which application is filed. (A transfer student of junior standing or above, an OBU graduate, or a graduate of another college who seeks teacher certification at OBU must file an application for admission to the program at the time he/ she enters the University.)
- 3. A minimum grade point average of 2.50.
- 4. Completion of the English composition courses (ENGL 1153-1163) and Introduction to Speech Communication (CMAR 1092) with grades of at least C. Should a student make an unsatisfactory grade in either course he/she must repeat the course and earn a grade of at least C.
- 5. Written expression of interest in teaching

as demonstrated by descriptions of prior experiences and activities.

- An academic record that clearly indicates the person's commitment to the academic aspects of teaching.
- An interview showing evidence of personal traits that suggest potential for working with youth, with parents, and with the other constituencies of a teacher.
- Attainment of acceptable levels of proficiency in reading, writing, and mathematics as evidenced by results of the Oklahoma General Education Test (OGET), the Pre-Professional Skills Test (PPST) or an approved alternative.
- Recommendations from the faculty advisor and three college teachers who know the student.

Each admission will be based on a professional assessment of the candidate on all of the above criteria.

Admission to the second phase of teacher preparation – Student Teaching – is also based on Committee approval.

The criteria for admission to Student Teaching are:

- 1. Admission to Teacher Education Program.
- 2. Attainment of junior standing or above.
- 3. Completion of an application for student teaching. (This application must be submitted prior to the end of the third week of classes of the semester preceding the semester in which the student teaching is done.)
- 4. Attainment of a grade point average of 2.50 in the major.
- 5. Maintenance of an overall grade point average of 2.50.
- Recommendations from the faculty advisor and three other college teachers who know the student, including an instructor in the student's major area plus two (2) current or recent OBU instructors.
- Recommendation of the department or division which has approved the student's degree program (evidenced by the signature of the departmental or division chairman).
- 8. Recommendation of the Director of Teacher Education.

Special Notes

Candidates for an Oklahoma Teaching License must pass the Oklahoma General Education Test (OGET), Oklahoma Subject Area Test (OSAT), and Oklahoma Professional Teaching Examination (OPTE). Candidates must also create a portfolio documenting attainment of specified competencies throughout the four year program. Application must be made to the State Department of Education and have the approval of the Director of Teacher Education.

Requirements for Teacher Education are subject to changes caused by legislative enactment, State Department of Education rules, Oklahoma Commission for Teacher Preparation rules, and/or State Board of Education regulations.

More detailed information concerning the requirements for admission to Teacher Education can be found in the current Teacher Education Handbook .

Degree Check

Each student must complete, during the fall semester of his/her junior year, a degree check which certifies the courses which the student has completed and the courses he/she must complete to fulfill all degree requirements. The degree check sheets may be obtained from the Academic Center.

The degree check must be signed by the student, the faculty advisor, and the dean of the student's college or school. All changes in the official degree program approved on the degree check sheet must be agreed upon by the student and his advisor and must be approved by the dean.

At the time of the degree check, a student must certify that he has furnished to OBU official transcripts of all post-secondary work attempted. All additional transfer work must fulfill deficiencies indicated on the degree check sheet and should be approved by the advisor and dean before the student seeks enrollment in the courses he wishes to transfer.

Graduation Requirements

All candidates for University degrees will be expected to meet the following requirements:

 Completion of an approved degree program. A grade point average of 2.00 is required for all courses attempted. No more than 18 semester hours may be completed with a grade of D on a degree program. A grade point average of 2.00 is required in the area of concentration, the major, the minor, and in supportive courses. No D's will be accepted in the area of concentration and the supportive courses or in courses comprising majors and minors. Students who have not corrected all irregularities in their degree programs by the beginning of their final term will not be permitted to become candidates during that term.

- 2. Completion of at least 33 semester hours at the University out of the last 64 semester hours required for the degree. A minimum of 50% of hours completed toward the area of concentration or toward a major and a minimum of six hours toward the minor must be completed in residence. A maximum of 12 semester hours of work transferred from another accredited institution of higher education may be applied toward graduation during the senior year. Pre-medical and preengineering students who have completed in residence at the University three years (at least 100 semester hours) including all general education courses and some work on the area of concentration may complete the concentration by transferring courses from the first year of professional study. A transcript which indicates satisfactory completion of courses totaling 32 semester hours from an institution recognized by an accreditation agency approved by the State of Oklahoma or federal agencies of education must be submitted prior to the Commencement in which the baccalaureate degree is to be conferred.
- 3. Maintenance of acceptable standards of ethical conduct as a student and as a member of the professional or disciplinary area of academic preparation. The University reserves the right to withhold or deny the award of a degree to any student who, although having completed the academic requirements, has evidenced deficits in character or conduct which prohibit the University from conscientiously certifying him/her to the public as competent to exercise independent judgment in his/her area of academic preparation.
- 4. Satisfaction of the requirements for chapel attendance as stated on page 40.
- 5. Completion of all special examinations required for the degree. All students are required to satisfy the English Proficiency Examination requirements. Certain departments require satisfactory scores on a comprehensive examination administered within the department.
- 6. Completion of any special departmental requirements such as the recital attendance and participation regulations within the College of Fine Arts, the requirements for exhibits of student work by the Department of Art, or the performance requirement of the Department of Communication Arts.

- Fulfillment of all financial obligations to the University.
- 8. Approval of the faculty. The University faculty takes formal action on all candidates for baccalaureate degrees.

Although participation in Commencement is not a requirement for graduation, students are encouraged to participate in one of the two Commencement exercises during the academic year. In order to participate in the spring Commencement, a student must have already completed all degree requirements or must be taking courses that will complete all degree requirements by the end of the spring semester. In order to participate in the winter Commencement, a student must have already completed all degree requirements or be enrolled in courses that will complete all degree requirements by the end of the following January term. A student unavoidably prevented from participation must submit to the dean of his/her school or college, prior to Commencement, a letter requesting that his/her degree be conferred in absentia . The reason for the request should be outlined in the letter. The dean must notify the Provost of the student's absence from Commencement participation.

When maintenance of sound educational policy or fulfillment of state or accrediting agency policy dictates changes in degree requirements during a student's progress toward a degree, the University will work with each student to determine which requirements shall be implemented. Students should be warned that in those cases where graduation requirements are not completed in six calendar years, the likelihood of such changes requiring additional course work is increased.

Scholastic Standards

The unit of instruction is the semester hour. Courses are offered for one to ten semester hours of credit. Instruction for most courses involves an equivalent number of periods each week to the semester hours of course credit during the fall and spring semesters, which are approximately 16 weeks in duration. Courses which require laboratory work or practice time for development of proficiencies will usually require additional meetings each week. A normal load during spring and fall terms is considered to be 12-16 hours; in the January term and the four-week summer terms, a normal load is three to six hours. Students on academic probation should limit enrollment in a fall or spring semester to no more than 12-13 semester hours in order to allow more study time for each course to raise the grade point average and avoid academic suspension

from the University. Students must have a 2.50 grade point average and obtain the permission of the dean for enrollment in 18 or more semester hours in the spring and fall terms. In all courses, a minimum of two hours of study time should be scheduled in preparation for each hour in class.

Grades

All grades are filed in the Academic Center as a part of the permanent record of the student. Successful completion of any course depends on fulfilling the specific requirements of the course as dictated by the instructor at the level of competency which he/ she requires. Maintenance of acceptable standards of ethical conduct as a student is also required for successful course completion. The grades and quality points given are in descending order of excellence:

A (4.00), B (3.00), C (2.00), D (1.00)

*IP (0.0) – Work in Progress. Granted in special circumstances for those courses which take more than one semester to complete such as Cooperative Education courses, in some instances, and/or 4999 courses taken to fulfill honors study requirements. In special instances, permission for this grade may be granted by the dean of the college in which the course is taken. The grade is granted for one calendar year; a shorter time period may be specified by the instructor.

F (0.0) – Failing

FX (0.0) – Failure because of excessive absences.

- *I (0.0) Incomplete. A neutral mark, the I is given at the discretion of an instructor when, for a legitimate reason, a student is not able to complete course requirements within a given semester. Typical instances might be absence from a final examination because of illness or inability to complete a term project because of extenuating circumstances. A contract signed by the instructor and by the student must accompany this grade to indicate the nature of the work to be completed. An I may not be used as an alternative to a grade of F. An Incomplete Grade must be made up before the seventh week of the next fall or spring semester whether or not the student is subsequently enrolled at OBU. If the grade is not made up by the deadline, it will be changed to a failing grade (F) on the transcript.
- *Audit No credit and no grade will be recorded. The instructor may require that the student complete all class assignments. Application to audit a course must be made at the time of enrollment. Tuition for an audited course is the same as enrollment for credit.

- *W Neutral grade given for withdrawals after the second week and before the 10th week of the semester. Withdrawals are normally not allowed beyond the ninth week. Withdrawals are normally not permitted after ten academic days of the January term, after eleven academic days of a four-week summer term, or after 21 academic days of the eight-week summer term.
- *S Satisfactory. This grade is given for noncredit seminars, for certain activity courses, and for courses by juniors and seniors under the pass/fail option.
- *U Unsatisfactory. This grade is given for noncredit seminars, for certain activity courses, and for courses by juniors and seniors under the pass/fail option.
- *Not included in computation of grade point average.

Grade Averages

Grade averages are computed by dividing the total number of semester hours attempted for an A, B, C, D, or F grade into the total number of quality points earned. Courses taken on a pass/fail basis (i.e. with grades of S or U) and incomplete grades are not considered in computation of grade averages.

When a course is repeated, only the grade from the last attempt is computed in the GPA. This policy applies to courses taken and repeated at OBU, courses taken and repeated at other institutions, and courses taken at other institutions and repeated by taking equivalent courses at OBU. All grades remain on the transcript with repeated courses marked. The following exceptions apply to the above policy:

If a course taken at OBU is repeated at another institution, both grades will be calculated in the GPA.

If a course is taken with the normal grading procedure (A, B, C, D, F), it cannot be repeated with the pass/fail option.

Pass/Fail Option

Juniors and seniors may enroll in a maximum of 12 semester hours on a pass/fail basis. Any 2000, 3000, or 4000 level course outside the academic discipline chosen for emphasis in the area of concentration or major and minor may be taken on a pass/fail basis. Courses taken to fulfill Common Core may not be taken on this basis, however. Application to take a course for pass/fail must be made at enrollment time; otherwise, a letter grade will be given.

Academic Probation, Suspension

Students are expected to maintain a 2.00 grade average, which is the minimum required of candidates for University degrees. When the cumulative grade average is below the following minima, the student is placed on academic probation: 1-29 semester hours attempted, 1.75; 30-59 semester hours attempted, 1.90; 60 or more semester hours attempted, 2.00. Both the average of grades earned at Oklahoma Baptist University and an overall average including any transfer work must meet the above minima.

Failure to reach the above minima for two consecutive semesters will result in the suspension of the student from the University. Students under academic suspension normally may apply to the Provost for reinstatement. Reinstatement of the student is not automatic but depends on the quality of evidence submitted to the Provost to justify belief that normal progress may be made toward satisfaction of degree requirements. Reinstated students must pass all courses attempted for each succeeding semester or a second suspension will result.

Students admitted conditionally may be placed on suspension if the work offered during the first semester at Oklahoma Baptist University is not of sufficient quality to allow normal progress toward a degree.

Students who have attempted the number of semester hours required for the degree but have not reached a 2.00 average are required to satisfy quality point deficiencies through enrollment in courses of senior college level (i.e. courses numbered 300 or above).

Grade Reports

Electronic distribution of grade reports is made shortly after the close of each semester.

Class Standing

Students who have earned fewer than 30 semester hours are classified as freshmen; 30-59 semester hours, sophomores; 60-89 semester hours, juniors; 90 semester hours and over, seniors.

Change of Course

Changes to a student's schedule may be made in the Academic Center or online at the current student resource page: www.okbu.edu/current-students at Self Service Banner [Online Registration]. Online changes in Self Service Banner may be made through the 100% Withdrawal Credit period found on page 26. Online Registration requires a pin number obtained from your advisor. Changes made in the Academic Center require a signature from your advisor on a registration card. The effective date of a course change, enrollment, or withdrawal is the date the procedure is completed in the Academic Center.

Adding a Course

- 1. No course may be added to a student's schedule **after the second week** of class during the **spring** and **fall** semesters.
- 2. No course may be added to a student's schedule **after the first week** of the **eightweek summer** semester.
- 3. No course may be added to a student's schedule after three days of the four-week summer sessions.
- No course may be added to a student's schedule after two days of the three-week January semester.

A grade of 'W' for any class that is dropped from a student's schedule after a specified date for each semester is considered a withdrawal, otherwise the class is considered dropped from the student's schedule and no grade will appear on the student's transcript.

Withdrawal/Dropping a Course

- A grade of 'W' is given for withdrawals after the second week of class and before the 10th week during the spring and fall semesters. Withdrawals are normally not allowed beyond the ninth week.
- A grade of 'W' is given for withdrawals after the first week of class during the eight-week summer semester. Please consult the Academic Calendar for the last date to withdraw for the summer semester. With drawls are normally not allowed beyond the first week.
- 3. A grade of 'W' is given for withdrawals after the three days of class during the four-week summer sessions. Withdrawals are normally not allowed beyond the fourth day. Please consult the Academic Calendar for the last date to withdraw for summer session I and II.
- 4. A grade of 'W' is given for withdrawals after two days of class during the three-week January semester. Withdrawals are normally not allowed beyond the second day. Please consult the Academic Calendar for the last date to withdraw for the January semester.

Arranged Courses

Any regular course described in the Academic Catalog which is taken by arrangement (i.e., at a time or in a manner differing from the scheduled offering) must be approved by the dean of the college or school administering it. This rule does not apply to courses indicated as arranged courses on the class schedule. A fee will be assessed for taking a course by arrangement (see Financial Information).

Independent Study Courses

Independent study courses are designed to cover, either in breadth or depth, material not already contained in a regular catalog course in that department. Independent study courses are available in most academic departments of the University. Application for independent study under the course number 2999 or 4999 should be made at least one week prior to the anticipated date of registration. Proposal forms are available from the Academic Center or on the OBU website and are to be submitted to the student's dean. The following general regulations apply:

- 1. A student requesting credit in a 2999 course should have completed a minimum of 24 hours with at least a B grade average. A student requesting credit in a 4999 course should have completed most of the required courses for a concentration, major, or minor, be classified as a junior or senior, and have at least a B average in the subject area. A student with incomplete course work (indicated by grades of I or E on the transcript) will not be approved.
- 2. One 2999 course may be taken in a field of study and only two 2999 courses may be taken in a degree program. One 4999 course may be taken in a major, one in a minor, or two in an area of concentration.
- 3. Credit for a 4999 course will be three semester hours unless specific exception is made in the approved proposal.
- 4. Students engaged in honors study may request one 4999 course for the work done in the program by completing the 4999 proposal form, having it approved, and registering in the course. This course is included in the limits outlined in (2).
- 5. A student will not be registered in a 4999 course until the registrar has received the approved proposal form from the student's dean.

Academic Credit for GO Center-Sponsored Activities

Students participating in travel/study experiences associated with a specific course are not required to seek special consideration for academic credit. However, individual students desiring to earn credit while participating in GO Team experience through the university's Avery T. Willis Center for Global Outreach must adhere to the following guidelines:

- 1. Sophomore standing or minimum of 30 credit hours completed;
- 2. GPA of at least 2.5;

- 3. A maximum of six (6) credit hours may be applied toward the major or minor; and,
- 4. Dean's permission is required.

The decision to facilitate an arranged course or a course by independent study is at the discretion of faculty in consultation with the academic dean.

Academic Advising

A faculty advisor is assigned to every student for the purpose of assisting the student with proper academic planning of his/her program. Normally a faculty advisor is chosen by the dean of the college/ school in which the student plans his/her degree work. However, students who are undecided concerning their programs will be assigned advisors by the Dean of the College of Humanities and Social Sciences. Once an area of concentration or major is determined, a faculty member from the department of emphasis will be the advisor.

Students are advised that the final authority with respect to academic requirements is found in the official publications and regulations of the University. Any advice which students obtain inconsistent with those policies and regulations should be confirmed in writing by an academic officer responsible for administration of the pertinent degree or program area.

Student Success Center

OBU's Student Success Center exists to nurture success in each student. The center's staff are available for students of all majors, classifications and academic needs. The center assists with comprehension of course material as well as in the development of study, research, analytical, reading, writing and critical thinking skills.

The center offers tutoring in most core subjects as well as in mathematics, chemistry, physics, accounting and economics. Students also can find assistance for writing assignments and for strengthening or developing general study strategies. Further services include academic peer mentoring, broad-based writing support, and assistance in developing formal learning plans. Writing assistance and tutoring are available in one-on-one, smallgroup, and large-group settings.

The center is on the third floor of the Mabee Learning Center. Appointments are encouraged but walk-ins are always welcomed. Special group study events are offered by the center throughout the academic year. For the center's schedule, visit www. success.okbu.edu, or to make an appointment, email student.success@okbu.edu.

Withdrawal from the University

The process for withdrawing from the University begins in the Student Success Center. An exit

interview with the Director of Student Success is required before the withdrawal process begins. The student will proceed to the Academic Center and then through the withdrawal process which includes the offices of Student Financial Services, Residential Life, and the Business Office. Students who leave the University without following proper withdrawal procedures will receive grades of FX in all courses and be responsible for all charges incurred. For further details, refer to Withdrawal Credits in the Financial Information section. Withdrawls are normally not allowed beyond the ninth week during the fall and spring semester, ten academic days during January term, 11 academic days during a four-week summer term, 21 academic days during an eight-week summer term.

Absence from Chapel/Assembly

Students are required to attend a total of 96 chapel programs to receive a bachelor's degree. The number is prorated for students who attend fewer than eight fall/spring semesters. Credit for chapel attendance is given only for attending chapel. Absences are neither excused or unexcused. Doctor appointments, illnesses, school-related activities, and other reasons for failure to attend chapel do not reduce the total number required.

Chapel exemption will be considered when the student completes a form in the Student Development Office (GC 209).

Absence from Class

Students are expected to be faithful in class attendance. Persistent failure to attend class will be reported by instructors to the Registrar, and the student may be requested to withdraw from the University. When a student fails to attend class for any reason for as much as 25 percent of the total number of class meetings, the student may be given a grade of FX in the course regardless of the quality of his/her work. The grade of FX is computed in the GPA as an "F". Other penalties for class absences may be assessed at the discretion of the instructor.

If a student offers illness or absence due to participation in an official University activity as an excuse for absence from class, the instructor may elect to require additional work to compensate for class absences. The illness or absence due to participation in an official University activity must be properly attested by a faculty sponsor or University officer (for an official University activity) or a physician, nurse, director of housing, or parent (for illness). The student is responsible for assuming the initiative to insure that course work is not adversely affected by absence, for whatever cause.

Examinations

Examinations in courses must be taken at the regularly scheduled times. With the permission of the instructor, the student who misses a course examination may be allowed to take a make-up examination. No student will be excused from final examinations. When the student is unavoidably prevented from taking the final examination at the regularly scheduled time, he/she may take the examination after the scheduled date with the instructor's permission. Students with three or more final examinations on the same day may petition the dean for rescheduling of one examination with permission of the instructor. The petition must be submitted at least one week before the beginning of final exams.

Limited Activities Period for Fall and Spring Semesters

During the fall and spring semesters, members of the University Community shall honor a limited activities period which will begin at 8:00 a.m. three class days prior to the beginning of the final examination period and will extend through the final examination period.

- Faculty members shall not assign major papers or projects (papers or projects that account for more than 10% of the total points generated by a student in a course) to be due during this period.
- 2. Faculty members shall not require students to participate in out-of-class activities during this period (viewing a film, attending a lecture or a concert, etc.).
- 3. University organizations shall not sponsor social or educational events during this period.
- 4. Whenever possible, given scheduling considerations, athletic and College of Fine Arts events shall not be scheduled during this period.

Credit by Examination

A student may earn a maximum of 32 semester hours by examination through

- 1. locally prepared Advanced Standing Examinations,
- College Level Examination Program's Subject Examinations (CLEP),
- 3. CEEB Advanced Placement Examinations (AP), or
- 4. International Baccalaureate higher level examinations (IB).

Credit will be granted at the score level recommended by the American Council on Education or above, as recommended by the academic department granting the credit and approved by the administering dean. Test administration will be open to current students as well as incoming freshmen and transfer students.

When recorded on the transcript, the credit is shown as by examination and a grade of S only is recorded. If the student's score is not sufficient for credit, no entry will be made on the transcript. Credit by institutional challenge exams is accepted in transfer from any institution recognized by an accrediting agency approved by the State of Oklahoma or CHEA on the same basis as that school's residence credit. However, when that credit was granted on the basis of an external examination such as CLEP, AP or IB, the student will be required to submit score reports, and proof of essays or oral examinations taken with the CLEP tests. Credit will be granted on the basis of OBU's published minimum requirements. For transfer students, OBU will accept credit from accredited institutions that was granted on the basis of AP or IB Scores; provided however, that such credits shall not include those earned soley through concurrent enrollment. Credit granted by other institutions on the basis of CLEP general examinations, CEEB Achievement Examinations, and/or SAT/ACT scores, will be not accepted. The total credit by examination, including that accepted in transfer, shall not exceed 32 semester hours.

Students must register for credit by the OBU Advanced Standing Examination in the Academic Center, Thurmond Hall 201, prior to the exam and must sit for the exam at the appointed time.

Students must register for the CLEP examination in the University Testing Office in Geiger Center 101 at least three weeks prior to the exam and must sit for the exam at the appointed time.

If circumstances prevent the student from taking the CLEP examination during the semester for which he has registered, he must cancel the registration in the University Testing Office or forfeit the examination fee. Upon cancellation, the student will be refunded the fee less any penalties the University has been assessed by the testing service and a \$5.00 clerical processing fee.

Visit www.okbu.edu/admissions/creditbyexam for more information.

Leave of Absence Policy

Recognizing that students sometimes need to interrupt their enrollment at OBU for a semester or more but still wish to maintain their connection to the university, a Leave of Absence is available to three groups of students.

Study Abroad includes those students who are on an OBU foreign exchange program or are

studying independently in a foreign post-secondary institution.

Time-Out students are those who interrupt their OBU program for a period of work, military service or because of family matters.

Other-Education students are those who choose to attend another U. S. post-secondary educational institution for one or more terms with the intent of transferring that work back to OBU to apply toward a degree here. An official transcript of all work attempted at another college or university must be provided to the OBU Registrar upon re-entry. Transcripts must be mailed directly from the issuing institution to OBU's Registrar.

Students on an approved Leave of Absence will be maintained on the Academic Center's mailing list to receive academic calendars each term, including upcoming enrollment dates. If the student returns to OBU within three semesters, the readmission process through the Admissions Office will not be required and the student will be allowed advance registration with his/her class, just as other oncampus, continuing students.

Application for Leave of Absence forms are available in the Academic Center, the Admissions Office, offices of the five academic deans and in faculty advisors' offices. One copy of the approved form must be filed with the registrar in the Academic Center prior to departure from campus.

Auditing Classes

A student who wishes to benefit from instruction in a course but desires no academic credit for it may apply for audit status in the Academic Center. Approved audit enrollment entitles the student to the privilege of sitting in the class, but may extend to full participation in class activities, examinations, homework, etc. with the permission of the instructor. Enrollment is done in the normal manner with an indication of audit status. Tuition and fees are the same as an enrollment for credit; the university sells instruction, not credit. All audit enrollments are on a space available basis and credit students have priority.

Petitions for changes from audit to credit or credit to audit must be submitted to the Academic Center no later than the end of the ninth week of classes for a fall or spring semester or the equivalent date of a J-Term or summer semester. Petitions for exception to this deadline must be made in writing with suitable supporting documentation (physician's statement, faculty advisor's statement, instructor's statement, etc.) to the academic dean who administers the student's major. Those who are not seeking a degree at OBU may petition the academic dean who administers the course. If the petition is approved, the dean will forward it to the registrar where the course grading/credit status will be changed accordingly.

Enrollment as an auditor is indicated on the student's permanent academic record and is subject to the same posting regulations governing credit enrollment. For the student who meets the instructor's expectations for class participation by an auditor, the grade of AU-S, Audit Satisfactory, with no credit, will be recorded at the end of the term. If expectations are not met, the instructor may report a final grade of AU-U, Audit Unsatisfactory. An audited course is not included in the grade point average calculation. With the exception of physical education activities and art and music studio instruction, a course may be audited a maximum of two times.

After auditing a class, a student may not obtain credit by examination nor petition for retroactive credit for the course. A course taken for audit may count for credit only when the entire course and any laboratories/practica are satisfactorily repeated under a credit enrollment. An audited course is included in the calculation of tuition charges and student credit hour load limits. However, since it will not earn credit at the end of the term, an audited course does not count toward full-time status when the University is asked to certify a student for such purposes as financial aid, athletics and insurance.

Grade Appeals

In the case of a grade appeal, the student shall be considered to have an authentic grievance when he/ she can demonstrate his/her grade for a course has been adversely affected because a faculty member has:

- made an error in the calculation of the grade or has made an error in reporting the grade to the registrar;
- 2. made an arbitrary, prejudiced or capricious evaluation of the student;
- 3. created and enforced course policy that is arbitrary, prejudiced and capricious;
- failed to notify (or make a reasonable attempt to notify) the student of course requirements, policies, and/or penalties;
- failed to notify (or make a reasonable attempt to notify) the student in a timely manner of failure to achieve educational objectives;
- infringed upon the contractual rights of the student as delineated in the course syllabus, the Catalog, or other University policy documents;
- 7. violated the civil or human rights of the student as defined by law.

A grade appeal shall be initiated within ten (10) working days after the receipt of the grade or after the beginning of the next academic semester. This time period may be extended by the chief academic officer on petition from the student(s) involved.

In a grade appeal, the burden of proof is on the student.

Step One: Attempted Resolution

It is the responsibility of the student to carefully review all course requirements and policies at the beginning of each semester, to understand the grading system that will be employed, to determine whether any course requirements or policies will produce a hardship, and to negotiate, if it is possible to do so, a resolution to potential difficulties before such difficulties occur.

Students are advised to keep copies of all graded materials for a class until such time as a final grade for the class has been received and/or to keep their own records of grades received on each graded assignment.

Should a student receive a grade on an assignment or a final grade for the course that seems to the student to be unfair, and if he/she believes he/she has grounds for a grievance as defined above, he/she shall employ the following procedure to seek resolution to the grievance.

- a. The student shall first consult with the faculty member. Contact with the faculty member shall be initiated within ten (10) working days after the beginning of the following semester. If the faculty member is not available for consultation, the student may petition the chief academic officer for an extension of this period.
- b. If this initial conference does not bring about a satisfactory result, the student may arrange a meeting with the chairman of the department or division involved. This meeting must be held within five (5) working days of the consultation with the faculty member. The student will present to the chairman a written statement explaining the reason for the appeal. If the chairman is the instructor involved in the appeal, the student may request a conciliation with the dean of the school or college or with the chief academic officer. The department or divisional chair will discuss the appeal with the faculty member, the student, and the chair. Should such a meeting be called, it will be held within five (5) working days of the student's request for a conference. The chairman and/or dean will seek to help the student and faculty member resolve the disagreement.

- c. Should the department, division, college, or school have an established grade appeal procedure, the student shall follow it before progressing to step two.
- d. Should the conciliatory conference not yield a satisfactory result, the student should submit to the chief academic officer a request for a formal hearing.

Step Two: Formal Hearing

A written request for a formal hearing must be submitted by the student within ten (10) working days after the conciliation conference. The written request must be submitted to the chief academic officer. The petition must include detailed factual data and other information the petitioner deems pertinent to his/her case, including an account of the informal procedures and why the attempted resolution was unsatisfactory.

Within five (5) working days after receiving the student's petition, an ad hoc hearing committee shall be formed. The chief academic officer shall select two faculty members upon the advice of the chairman of the Faculty Council. The dean of students shall select two students upon the advice from the officers of the Student Government Association. The ad hoc hearing committee will select an additional faculty member to be a nonvoting chairman. No person with a conflict of interest shall be selected.

The hearing shall be held within ten (10) working days of the selection of the ad hoc hearing committee at a time and place determined by the chief academic officer and communicated to all parties through his/her office.

The hearing will be conducted in private and the parties will make no public statements about the case.

The ad hoc hearing will not be bound by strict rules of legal evidence. Serious efforts will be made to obtain the most reliable evidence. The decision will take the form of finding the fact, conclusions and a recommended disposition of the appeal. The findings of fact, conclusions, and recommended disposition must be based solely on the hearing records and pertinent University policies and procedures. The findings, conclusions and recommendations shall not be inconsistent with applicable provisions of local, state, and federal law.

Academic Distinctions

Honor Rolls

To qualify for the President's Honor Roll, a student must have completed at least 12 semester hours in a given semester with a term grade point average of 3.70 and no grade lower than a B.

To qualify for the Dean's Honor Roll, a student must have completed at least 12 semester hours in a given semester with a term grade point average of 3.40 and no grade lower than a C.

Part-time students may be listed on a special honor roll if they complete six through 11 semester hours in a given semester and meet the herein stated conditions.

No student who receives a grade of U will be eligible for listing on the honor rolls.

Degree Predicates

The minimum requirements for the scholarship honors awarded with B.A., B.S., B.S. Ed., B.B.A., B.P.A., B.M.E., B.F.A., B.M., and B.M.A. degrees are as follows:

Rite – 2.00 grade point average.

Cum Laude – 3.40 grade point average.

Magna Cum Laude – 3.70 grade point average; at least 60 semester hours completed at Oklahoma Baptist University.

With Distinction – Associate of Arts Degree with a 3.95 grade point average; at least 60 semester hours completed at Oklahoma Baptist University.

Summa Cum Laude – 3.95 grade point average; at least 90 semester hours completed at Oklahoma Baptist University.

The total grade point average, as well as the OBU average, must meet the minimum specified by each predicate.

Students who earn the distinction summa cum laude are presented bachelor's hoods during Commencement ceremonies.

Degrees with Honors

OBU offers to outstanding, highly motivated students several enhancements to the regular curriculum. Among these are the OBU Honors Program and the Honors Thesis project.

The OBU Honors Program is a curricular program including a range of enhanced courses and experiences available to qualified students who elect to participate in them. Normally, students begin in this program in the first semester of the freshman year; its component parts are spread across the student's years at OBU. For more specific information, see the introduction to "Honors" section of the catalog.

Other undergraduate students who seek to benefit from independent study may petition the Honors Committee for approval of an Honors Thesis project. Petition should be made early in the second semester of the student's junior year. A petitioner must present and maintain to graduation a composite grade average of 3.5 overall and in the major or area of concentration. The project, to be completed during the final three to four semesters at OBU, under the guidance of a faculty advisor, an outside reader, and the Honors Committee, should include an extensive advanced reading and critical analysis process and/or research process culminating in the writing and presentation of a bachelor's thesis. Students completing this project may seek credit for one 4999 course in the department of emphasis, subject to the limits outlined in the Independent Study section of this catalog.

Students who complete requirements in the OBU Honors Program and students whose completed Honors Thesis projects are approved by the Honors Committee are afforded special recognition in Commencement exercises, on the final academic transcript, and on the diploma.

Course Numbering and Course Credit

Courses numbered 1000-1999 are open to all students; those numbered 2000-2999 are primarily for sophomores but may be taken by juniors and seniors; those numbered 3000-3999 are primarily for juniors but may be taken by seniors; those numbered 4000-4999 are primarily for seniors.

The units digit (last digit) in the course number indicates the course credit. For example, MATH 1033 is a 3-credit course while CHEM 1105 is a 5-credit course. A course whose number ends in 9 is available for variable credit. Internships and practica generally fall under this category since students may register for varying amounts of credit, usually 1-6 hours. Student teaching, e.g., EDUC 4538, which earns 10 hours of credits, has been assigned '8' as the units digit.

Academic Resources Course Offerings

ACRS 1133 Intermediate Algebra

Deductive systems, number systems, algebraic expressions, linear equations and inequalities, exponents, quadratic and fractional equations, systems of equations.

ACRS 1202 Tutorial for International Students

A course designed to meet the language and cultural needs of international students by teaching reading, writing, speaking, and listening skills in a tutorial setting. Open only to non-native speakers of English. Course will be graded pass/fail. One hour lecture and two hours laboratory per week. May be repeated up to three times for a maximum of six hours elective credit. Additional fee required.

ACRS 3151 Writing Tutorial A tutorial for junior and senior students who, having completed 45 hours, have not satisfied the English Proficiency requirement. Course will be graded pass/fail. Additional fee required.

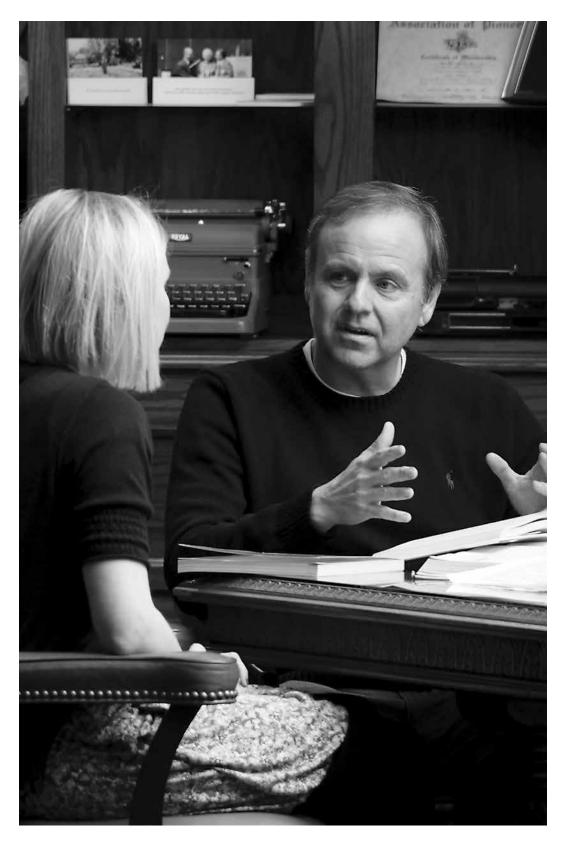

Honors Course Offerings

HON 1013	Honors Critical Skills This introductory course for Honors Program students will address a range of critical skills necessary for successful study in the liberal arts university. Attention will be given to critical reading, writing, and thinking, to research skills, and to individual learning styles. Some attention will be given to integration of the Honors Program experience into the undergraduate curriculum Successful completion of the course fulfills the ENGL 1153 requirement.	
HON 1163	Honors English: Composition and Classical Literature 3, Continued experience in expository and argumentative prose; study of poetry and Greek literature in cultural context. Prerequisite: HON 1013.	Spring e
HON 2063	Honors Arts and Western Culture This course examines the development of the visual, musical, and theatrical arts through c. 1900 (with references to significant modern ideas), focusing primarily on western European idioms. It closely relates works and ideas to philosophical, historical events, and sociological trends. This course serves as a platform for discussions in arts and aesthetics for students enrolled in the OBU Honors Program. Prerequisite: HON 1163 or equivalent and sophomore standing in the OBU Honors Program.	3, Fall
HON 2119	Colloquium in Humanities This course is a reading-discussion-activity seminar focusing on a topic in the humanities. It is intended to provide intensive study or experience on a narrow topic.	0 to 1
HON 2219	Colloquium in Fine Arts This course is a reading-discussion-activity seminar focusing on a topic in the fine arts. It is intended to provide intensive study or experience on a narrow topic.	0 to 1
HON 2319	Colloquium in Business This course is a reading-discussion-activity seminar focusing on a topic in business. It is intended to provide intensive study or experience on a narrow topic.	0 to 1
HON 2419	Colloquium in Life Sciences This course is a reading-discussion-activity seminar focusing on a topic in the life sciences. It is intended to provide intensive study or experience on a narrow topic.	0 to 1
HON 2519	Colloquim in Social Studies This course is a reading-discussion-activity seminar focusing on a topic in the social sciences. It is intended to provide intensive study or experience on a narrow topic.	0 to 1

HON 2619	Colloquium in Mathematics/ Physical Sciences This course is a reading-discussion-activity seminar focusing on a topic in mathematics and the physical sciences. It is intended to provide intensive study or experience on a narrow topic.	0 to 1
HON 3073	Honors Biblical Ethics A study of the major ethical teachings of the Bible with attention to their practical and contemporary application. Addresses the theme of Christian responsibility in today's world, based on the premise that Biblical interpretation is not complete until the teachings of the Bible inform the life situation of the student. This course will also serve as a vehicle for Honors semin discussions. Prerequisite: sophomore standing in the Honors Program.	
HON 3779	Contracted Studies Arranged special study in the student's major or minor area. Details of the project are to be determined in consultation with the faculty member and the Director of the Honors Program. Additional fee if lab required.	1 to 2
HON 4770	Honors Service Practicum 0, On Arranged supervised activities to fulfill the service option of the Honors Program curriculum; includes participation in service-related seminar discussions and a written assessment. Course w be graded pass/fail. Prerequisite: approval of the Director of the Honors Program.	Demand vill
HON 4889	Honors Study Abroad 0 to 3, On Arranged study and/or travel abroad and a written assessment of the travel/ study experience. Course will be graded pass/fail. Prerequisite: approval of the director of the Honors Program.	Demand
HON 4993	Honors Thesis Preparation of the Honors Thesis for approval of faculty advisor and presentation to university community.	3

General Education Course Offerings

GNED 1001	Cornerstone in General Education This course is an introduction to university-level critical thinking and discourse. It is required of all incoming freshmen, and is designed to serve as a foundational experience. Selected disciplines offer discipline-specific courses for students in specific majors. Open to freshmen only.	0 to 1
GNED 1051	Success 101 This course supports first year students in transition from high school to college and is mission- centered with a focus on an in-depth orientation to the university community, development of skills necessary for academic success, and facilitation of community within the cohort.	1
GNED 1501	Library Literacy	1
GNED 1751	Introduction to Career Planning An introduction and study of the process of career planning including the approaches, phases, an steps involved in effective career planning. Explores the individual's interests, abilities, and values and a survey of careers/occupations for an appropriate match. Designed to help students make career choices and select an appropriate major.	
GNED 1999	Topics in General Studies 1 to 4, On D A lower level course in a selected area of General Studies. Not for independent study.)emand
GNED 4329	Advanced Topics in General Studies 1 to 4, On D An advanced course in a selected area of General Studies. Not for independent study. Prerequisite: junior standing.)emand

PAUL DICKINSON College of Business

Oklahoma Baptist University, through the Paul Dickinson College of Business, is nationally accredited by the Association of Collegiate Business Schools and Programs to offer the following business degrees:

Bachelor of Business Administration (BBA) with concentrations in: Computer Information Systems Finance International Business Management Marketing

Bachelor of Professional Accountancy (BPA)

The mission of the College of Business is to provide quality Christian-based business education which equips graduates for leadership positions in contemporary professional careers.

It seeks to provide a foundation that will enable students to serve effectively in organizational positions and to assume higher levels of responsibility as they gain experience and demonstrate ability. Its mission involves more than professional competence; it is to prepare innovative leaders with spiritual and moral values, purpose, imagination and vision for the 21st century.

To accomplish its mission, the College of Business maintains career-oriented goals to develop graduates who possess:

General knowledge and skills

Business knowledge and skills

Field-specific knowledge and skills

Dean

David C. Houghton Dean, Paul Dickinson College of Business Lloyd G. and Betty E. Minter Chair of Business Minter Professor of Business B.A., University of Kansas, 1992 M.B.A., University of Cincinnati, 1994 Ph.D., University of Cincinnati, 1997 Joined the OBU faculty in 2010.

Faculty

Roger D. Flint *Associate Professor of Accounting* B.S., Southwest Baptist College M.B.A., Southwest Missouri State University

M.B.A., Southwest Missouri State University Ph.D., Oklahoma State University, 2009 CPA; Joined the OBU faculty in 1980.

Jerry Lee Goen Dickinson Associate Professor of Business B.S., Purdue University, 1970 M.B.A., University of North Dakota, 1978

D.B.A., U.S. International University of San Diego, 1986 Joined the OBU faculty in 1990.

Keith Harman Professor of Business

B.S., University of Oklahoma, 1977 M.S., University of Oklahoma, 1979 Ph.D., University of Oklahoma, 1982 M.A., Webster University, 1996 Joined the OBU faculty in 2006.

Renita Murimi Assistant Professor of Computer Information Science B.E., Manipal University, 2004 M.Ed., New Jersey Institute of Technology, 2005 Ph.D., New Jersey Institute of Technology, 2009 Joined the OBU faculty in 2011.

Robbie Story Mullins Peitz Professor of Business

B.S., Southwestern Oklahoma State University, 1976 M.S., Oklahoma State University, 1977 Ed.D., Oklahoma State University, 1984 Joined the OBU faculty in 1984.

Gerald Nixon

Assistant Professor of Accounting

A.A., York College, 1972B.S., Oklahoma Christian University of Science and Arts, 1975M.B.A., University of Central Oklahoma, 1985Joined the OBU faculty in 2009.

Dan B. Reeder Albert J. Geiger Chair of Business Geiger Professor of Finance B.S., University of Tulsa, 1983 M.B.A., University of Tulsa, 1984 Ph.D., Oklahoma State University, 1994 C.F.A.; Joined the OBU faculty in 1991.

Richard Rudebock Robert L. and Sara Lou Cargill Associate Professor of Business B.B.A., Kent State University, 1974 M.Ed., Texas Tech University, 1978

Ed.D., Oklahoma State University, 1970 Joined the OBU faculty in 2001.

Nichole Turnage

Assistant Professor of Computer Science

B.S., Southwest Baptist University, 2005 M.S., Indiana University, 2008 Joined the OBU faculty in 2010.

Craig Walker

Wheeler Professor of Economics

B.B.A., Baylor University, 1983 M.B.A., Baylor University, 1984 M.A., Southern Methodist University, 1994 Ph.D., Southern Methodist University, 1996 Joined the OBU faculty in 2000. The following degree programs are offered by the College of Business:

Bachelor of Business Administration

Computer Information Systems Finance International Business Management Marketing

Bachelor of Professional Accountancy

Accounting Accounting (Interdisciplinary Emphasis)

Bachelor of Science

Computer Science (Data Management Emphasis) Computer Science (Interdisciplinary Emphasis)

Minors

Business Technology Computer Science Economics Marketing

Career Opportunities in Business

Accounting – Students completing degrees in accounting should have the skills to provide a broad variety of accounting and tax services to clients through public and private accounting firms. Additionally, they should be able to prepare personal and corporate tax returns, provide management advisory services for a variety of clients, and assist clients with a variety of personal financial planning activities.

Computer Science – The computer science major prepares students for careers in varied roles such as programmer, systems analyst, database developer, database administrator, software engineer, network manager, quality assurance tester, technical support staff, technical writer, technical service representative, and web developer/programmer.

Finance – The finance major prepares students for careers in a range of posts, including financial analyst, security analyst, brokerage services representative, financial planner, portfolio manager, mutual fund investment analyst, money manager, investment banker, financial manager, bank manager, commercial lender, insurance or real estate agent, and other commercial roles.

International Business – This degree is for careers that will interface with international markets. It is not just for those who will live and work abroad, but for those who will compete with foreign firms. It is also ideal for those seeking careers in business missions or missions leadership. It equips graduates in developing new markets for exported goods and services, for sourcing and importing goods and services from abroad, and for evaluating foreign competition. Job areas include entry level management positions in companies with exports or imports; specialty positions for firms with specific regional target markets; international finance; government (Department of Commerce, State Department, etc.); missions organizations and the Peace Corps; Students are also equipped for graduate study in international relations.

Management – This degree prepares students for careers in the commercial and industrial sectors, government, NGOs and church and mission organizations. The major equips students with practical skills in planning, organizing, leading and controlling. It includes skills in marketing, accounting and finance management. This is the most broad-based degree for those who seek positions of leadership. At OBU, this degree also has an intentional and strong biblical foundation and Christian worldview. It equips men and women who are seeking to serve the Kingdom through executive careers. Marketing – The marketing major prepares students for careers in sales and sales management, logistics and distribution management, new product development, product line management, inventory purchasing, marketing research, sports marketing, advertising, and marketing consulting.

Cooperative Education

Cooperative education is an experiential learning opportunity which enables students to receive credit for supervised work experience. The program helps students learn and practice skills necessary for professional success in the business environment. A student may receive up to 12 credit hours for cooperative education as part of his or her baccalaureate program at OBU.

Cooperative work experiences are available during summer, fall, January and spring semesters. A student must be approved by the Director of Cooperative Education to enroll in and receive credit for cooperative work experiences. At the end of the work experience a grade is awarded by the Director of Cooperative Education. Tuition charges and eligibility for financial aid follow established University policy.

Enrollment Guidelines

To enroll in a 3000- or 4000- level course offered by the College of Business, a student must meet all course prerequisites and must have earned at least 56 semester hours with a cumulative grade point average of 2.00 or above. Nontraditional students who are not pursuing a degree must secure the permission of the instructor and the Dean of the College of Business.

A student who is enrolled in a business program at OBU who stays out of school not more than two consecutive semesters or attends another college not more than two consecutive semesters may graduate by meeting the catalog requirements in effect at the time of his or her initial enrollment at OBU, provided degree requirements are completed within six calendar years of the date of initial enrollment at OBU.

COMMON CORE FOR ALL DEGREES IN THE COLLEGE OF BUSINESS

V. Total Hours Required for Graduation

The College of Business offers minors in Business Administration, Business Technology, Computer Science and Economics for students who are interested in learning concepts of business, technology, computer science or economics, either to enhance their employment potential or to enrich their personal understanding of some aspect of the business world.

If any of the courses required in the minor are counted in the student's common core, major or area of concentration, additional courses from the College of Business must be taken to bring the total minor program to 18 hours. Such substitutions must be approved by the Dean of the College. A maximum of 3 hours of Cooperative Education Courses may count towards the business minor.

MINOR IN BUSINESS ADMINISTRATION

This minor is not available to students with an area of concentration in the College of Business.

Minor

Credits: 18 Hours

Courses offered by the College of Business (including at least six hours of 3000 or 4000 level course) - 12 credit hours

WARREN M. ANGELL College of Fine Arts

The Warren M. Angell College of Fine Arts provides opportunities for all students to experience the fine arts as an integral part of a liberal arts education. The curricula of the college offer strong professional programs in art, drama, music, communication, print and electronic media, and theatre. The college's diverse courses and performance opportunities enable students to acquire a comprehensive background of artistic experiences.

Students in the college receive individual attention, maximizing the opportunity for artistic and academic growth. Through pedagogical and personal example, the faculty seeks to lead students in developing an appreciation for the fine arts, artistic creation and aesthetic judgment.

Dean

Kenneth J. Gabrielse

Dean, Warren M. Angell College of Fine Arts

B.S., William Jewell College, 1982M.C.M., New Orleans Baptist Theological Seminary, 1990D.M.A., New Orleans Baptist Theological Seminary, 1996Joined the OBU faculty in 2011.

Degree Programs

The following degree programs are offered by the College of Fine Arts:

Bachelor of Arts

Art Communication Studies Music News and Information (Journalism) Strategic Communication (Public Relations) Electronic Media Production (Telecommunication) Theatre

Bachelor of Fine Arts

Studio Art

Bachelor of Music

Composition Church Music Piano Performance Music Composition Voice Performance

Bachelor of Music Education

Instrumental: Wind, String, Percussion (Instrumental Certificate, P-12) Piano (Vocal Certificate, P-12) Voice (Vocal Certificate, P-12)

Bachelor of Musical Arts

Music (with non-music minor) Emphasis in composition, voice, voice/musical theatre, and worship

Bachelor of Science in Education

Art Education, P-12

Minors

Fine Arts Graphic Design Applied Communication Broadcast News Electronic Media Arts and Design Electronic Media Production News and Information Photography Strategic Communication Theatre Music Worship Arts

MINOR IN FINE ARTS

Designed for students interested in studying the fine arts in historical and sociological contexts.

I. Fine Arts Core Requirement

Credits: 3 Hours

DIVISION OF ART AND DESIGN

Purpose

The Christian tradition calls upon us to look at the world through different eyes. Using that perspective and the language of art-making affords the opportunity to explore Christian, academic and subjective knowledge toward the development of personal vision. The joy of discovery and the beauty of existence is endemic to the culture and art of man. Some part of God, as well as humankind, is revealed in the visual arts. The extraordinary can be seen in the ordinary by those individuals who are appreciative, cultivated and aware.

Chair

Steven L. Hicks

Ruth Jay Odom Professor of Art

B.A., University of Kentucky, 1969M.A., Murray State University, 1972M.F.A., University of Arkansas, 1975Joined the OBU faculty in 1980.

Faculty

Julie Marks Blackstone Assistant Professor of Art

B.A., University of Central Oklahoma, 1975 M.Ed., University of Central Oklahoma, 1977 Joined the OBU faculty in 1997.

Corey Fuller

Assistant Professor of Graphic Arts

B.A., Southwestern Oklahoma State University, 2004 M.F.A., University of Central Oklahoma, 2009 Joined the OBU faculty in 2009.

Major Programs

Bachelor of Arts in Art Bachelor of Arts in Graphic Design Bachelor of Fine Arts in Studio Art

Minor Degree Programs

Art Graphic Design Photography

Career Opportunities

Architecture Art Therapy Arts Administration Art History Graphic Design Illustration Industrial Design Model Making Museums and Galleries Video, Television and Film

All art programs shall include the Basic Art Component of required courses, including ART 1103, 1113, 1123, 1133, 2503 and 3503 (18 hours).

By the end of the sophomore year the student will file for approval a plan leading to a declared art objective. The plan shall include a studio component (26 hours) and a component of supporting courses (12 hours), which will usually be chosen from other departments in the University.

Those concentrating in art must, in their senior year, plan and present individual exhibitions of their own art work accomplished while at OBU.

Degree Requirements

See Graduation Requirements in Academic Information.

Study in the Art and Design Department of the College of Fine Arts may be applied to the following degrees:

Bachelor of Arts, Art Bachelor of Arts, Graphic Design Bachelor of Fine Arts, Studio Art

I. Common Core for B.A. or B.F.A.

Religion	Select two courses from the following:
	REL 1013 - Old Testament History and LiteratureCredits: 3
	REL 1023 - New Testament History and LiteratureCredits: 3
	REL 3073 - Biblical EthicsCredits: 3
English	ENGL 1153 - English Composition: Exposition and ArgumentCredits: 3 ENGL 1163 - English: Composition and Classical LiteratureCredits: 3

Multicultural Experience (which includes Modern Foreign Language)

Both the Modern Foreign Language (MFL) and the Multicultural Experience requirements may be fulfilled if the student completes two semesters of a modern foreign language at an appropriate level relative to his/her high school experience (using current placement guidelines). However, it may also be satisfied in other ways:

- 1. A student may satisfy the MFL and Multicultural Experience requirements by testing successfully through the Intermediate Level of any language for which CLEP credit is available.
- 2. A student who has successfully passed three years/units of a language in high school may satisfy the MFL and Multicultural Experience requirements by completing one semester of the same language at the intermediate level (FREN, GRMN, or SPAN 2313 or 2323) as well as one of the options associated with the Multicultural Experience.
- 3. A student may satisfy the MFL and Multicultural Experience requirements by completing the beginning courses (FREN, GRMN, or SPAN 1313 or 1323) of a language different from the one studied in high school.
- 4. A student who wishes to study a non-Western language (whether it is offered at OBU or not) may satisfy the MFL and Multicultural Experience requirements by taking one semester of the non-Western language and one of the options associated with the Multicultural Experience.
- 5. Foreign nationals studying at OBU, for whom English is not the first language, are exempt from this requirement in the core curriculum.

Modern Foreign Language	French, German, Spanish, or non-Western Language	Credits: 3-6	
Multicultural Experience	Satisfied by two semesters of Modern Foreign Language, approved study abroad,		
	or through one from the following:

DIVISION OF COMMUNICATION ARTS

Purpose

Communication Arts strives to integrate the fields of applied communication, digital media arts, theatre arts, strategic communication and news and information by creative interdisciplinary emphases. Communication arts practices a policy of synthesis of theory into application through laboratory experience, practice, and performance. The communication arts facilitates learning designed to stimulate artistic, social, cultural, spiritual and professional development.

Chair

Kaylene Barbe

Professor of Communication Arts

B.A., Baylor University, 1983M.A., University of Oklahoma, 1987Ph.D., University of Oklahoma, 1990Joined the OBU faculty in 1990.

Faculty

David Byland

Associate Professor of Telecommunication

B.A., Hiram College, 1981
M.A., University of North Carolina – Greensboro, 1995
Ph.D., Capella University, 2001
Joined the OBU faculty in 1991.

Holly Easttom

Assistant Professor of Journalism

B.A., University of Central Oklahoma, 2000 M.A., University of Central Oklahoma, 2002 Joined the OBU faculty in 2000.

Vickie Shamp Ellis

Associate Professor of Communication

B.F.A., Southeastern Oklahoma State University, 1986 M.S., University of North Texas, 1992 Ed.D., Texas A&M University, 2001 Joined the OBU faculty in 2008.

Roger Hadley

Frank W. and Pauline G. Patterson Professor of Journalism

B.A., Southeast Oklahoma State University, 1968M.A., University of Oklahoma, 1972Ph.D., University of Oklahoma, 1978Joined the OBU faculty in 1985.

Ronald A. Johnson

Associate Professor of Electronic Media Production B.A., Marietta College, 1980 M.A., Kansas State University, 1988 Joined the OBU faculty in 2011.

Leslie Dane Thomas

Assistant Professor of Theatre and Design Technician B.A., Southeastern Oklahoma State University, 1989 M.F.A., University of Oklahoma, 1992 Joined the OBU faculty in 2011.

Jeffrey A. Wells

Associate Professor of Theatre B.S., Trevecca Nazarene College, 1989 M.A., Auburn University, 1992 M.A., Roosevelt University, 2000 Ph.D., Texas Tech University, 2010 Joined the OBU faculty in 2011.

Multicultural Experience (which includes Modern Foreign Language)

Both the Modern Foreign Language (MFL) and the Multicultural Experience requirements may be fulfilled if the student completes two semesters of a modern foreign language at an appropriate level relative to his/her high school experience (using current placement guidelines). However, it may also be satisfied in other ways:

- 1. A student may satisfy the MFL and Multicultural Experience requirements by testing successfully through the Intermediate Level of any language for which CLEP credit is available.
- 2. A student who has successfully passed three years/units of a language in high school may satisfy the MFL and Multicultural Experience requirements by completing one semester of the same language at the intermediate level (FREN, GRMN, or SPAN 2313 or 2323) as well as one of the options associated with the Multicultural Experience.
- 3. A student may satisfy the MFL and Multicultural Experience requirements by completing the beginning courses (FREN, GRMN, or SPAN 1313 or 1323) of a language different from the one studied in high school.
- 4. A student who wishes to study a non-Western language (whether it is offered at OBU or not) may satisfy the MFL and Multicultural Experience requirements by taking one semester of the non-Western language and one of the options associated with the Multicultural Experience.
- 5. Foreign nationals studying at OBU, for whom English is not the first language, are exempt from this requirement in the core curriculum.

French German Spanish or non-Western Language

Modern Foreign Language	Trench, German, Spanish, or non-western Language Creuits. 5-0	
Multicultural Experience	Satisfied by two semesters of Modern Foreign Language, approved study abroad, or through one from the following:	
	ANTH 2023 - World Cultures: Africa to Central AsiaCredits: 3	
	ANTH 2033 - World Cultures: South Asia to OceaniaCredits: 3

Purpose

The Division of Music offers degrees in church music, music education, performance, composition, and musical arts to prepare graduates for careers as church musicians, music educators, performers, independent teachers and composers. Music degrees are accredited by the National Association of Schools of Music.

Every music major has the opportunity to develop professional competence through a program of study that includes a comprehensive music theory and aural skills sequence, performance studies, conducting, music history and literature, and ensemble experience. Specialized professional music study and a broad-based liberal arts education equip students for effective leadership and service.

The faculty of the Division of Music commit themselves to maintain:

a personal interest in each student's progress; positive collegial relationships;

a balance of theory and practice in each area of study; and

a synthesis among performance, academic music studies, and the core academic goals of the University.

Mission Statement

The OBU Division of Music develops artists and scholars uniquely positioned to thrive in the 21st century by integrating exceptional performance, academic, and service opportunities with a solid Christian liberal arts foundation.

Chair

Kristen Stauffer Todd Professor of Music/Humanities

B.M., Baylor University, 1989 M.M., University of North Texas, 1994 Ph.D., University of Kentucky, 1998 Joined the OBU faculty in 1999.

Degree Requirements

All music students must participate in a major ensemble (auditioned choral ensembles, Symphonic Band, OBU/Shawnee Community Orchestra) according to their appropriate degree plan. Students holding music scholarships must audition for the ensemble representing their performance area, must participate every semester if accepted, and purchase the required concert attire.

All music students must study a secondary applied instrument or voice. Students whose principal applied areas are voice, winds, percussion, or composition must study piano for a minimum of four semesters (six semesters for B.M.E. vocal certification) and must pass the piano proficiency prior to graduation. A voice proficiency will be given to all keyboard principals in the B.M.E. Vocal Certification degree and to all keyboard or instrumental principals in the B.M. Church Music degree at the end of four semesters of vocal study. Students who do not pass the piano or voice required proficiencies must continue to study until they pass the proficiency. Students will not be allowed to graduate without passing the proficiency required for their degree program.

Study in the Division of Music may be applied to the following degrees:

Bachelor of Music with a vocal, church music, keyboard, or composition area of concentration

Bachelor of Musical Arts with an area of concentration in music and a minor to be chosen from a field outside of the music area

Bachelor of Music Education with a Standard Elementary-Secondary Certificate in Vocal Music or Instrumental Music

Bachelor of Arts with area of concentration in music.

INSTRUMENTAL CERTIFICATE P-12 Bachelor of Music Education

The following descriptions of Bachelor of Music Education degree programs indicate the general plans for this degree with certification in various areas. However, the course distribution by term is of crucial significance. Therefore, B.M.E. students should refer to Degree Plans for specific requirements for these degrees. Completion of the B.M.E. degree also qualifies the graduate for an Oklahoma Elementary-Secondary School License. B.M.E. students must make application to and be approved for admission to the Teacher Education Program and to student teaching at appropriate points in the degree program. For details, refer to Teacher Education Requirements and Graduation Requirements.

Modern Foreign Language

Students with two or more years or units of language study in grades 10-12 of high school take the Intermediate level language and culture courses (I, II) in that language or the beginning courses (I, II) in another language. Students with one year or unit of language study in grade 9 and one year or unit of language study in grades 10-12 may begin their OBU language study in Beginning II or Intermediate I of that language or in the beginning course in another language. All students must take two sequential courses at the appropriate level in order to fulfill the modern language requirement. Foreign nationals who have learned English as a foreign language are exempt from the requirement.

Choose two courses from the following:

VOCAL CERTIFICATE P-12

Bachelor of Music Education

The following descriptions of Bachelor of Music Education degree programs indicate the general plans for this degree with certification in various areas. However, the course distribution by term is of crucial significance. Therefore, B.M.E. students should refer to Degree Plans for specific requirements for these degrees. Completion of the B.M.E. degree also qualifies the graduate for an Oklahoma Elementary-Secondary School License. B.M.E. students must make application to and be approved for admission to the Teacher Education Program and to student teaching at appropriate points in the degree program. For details, refer to Teacher Education Requirements and Graduation Requirements.

COLLEGE OF Humanities and Social Sciences

Purpose

The College of Humanities and Social Sciences is composed of four divisions: the Division of Language and Literature (English, Modern Language), the Division of Behavioral and Social Sciences (History, Political Science, Psychology, and Sociology/Anthropology), the Division of Kinesiology and Leisure Studies, and the Division of Teacher Education.

Degree programs offered within these divisions prepare students for direct entry into a wide variety of careers. Many students also study in these disciplines as undergraduate liberal arts preparation for further graduate study in such professions as law and medicine. Faculty advisors counsel with students to help them select appropriate courses and plan programs of study to meet their particular career needs.

The College of Humanities and Social Sciences also houses the Intensive English Program.

Dean

Pam Robinson

Dean, College of Humanities and Social Sciences B.S., Oklahoma State University, 1978 M.Ed., Oklahoma State University, 1981 Ph.D., Oklahoma State University, 1996 Joined the OBU faculty in 1993.

Degree Programs

The College of Humanities and Social Sciences offers the following degree programs:

Bachelor of Arts

Anthropology English Family and Community Service Community Service Track Family Life Track History Interdisciplinary Leisure Services Management (Camp Administration Emphasis) Leisure Services Management (Sports and Recreation Management Emphasis) Leisure Services Management (Sports Ministry Emphasis) Multilingual Communication Political Science Political Science with emphasis in International Relations Psychology Psychology: Pre-Counseling Sociology Spanish

Bachelor of Humanities

Interdisciplinary

Bachelor of Science in Education

Early Childhood Education Elementary Education English Education, Secondary Health and Physical Education, P-12 Mathematics Education, Secondary Science Education, Secondary Social Studies Education, Secondary Special Education, P-12

DIVISION OF LANGUAGE AND LITERATURE

Purpose

The Division of Language and Literature teaches the freshman composition, American and European literature, and modern foreign language courses in the university core curriculum and supports degree programs designed to prepare students for careers and/or graduate study in modern foreign languages, and English, including teaching preparation in English, and teaching English to speakers of other languages.

The purpose of the curriculum designed and delivered by the Division of Language and Literature is to assist students in developing skills in critical thinking and informative, analytical and creative written communication; to introduce students to significant works of literature reflecting the history of Western and non-Western culture; to assist students in analyzing the nature and diversity of human expressions of culture; to assist students in developing an appreciation for the aesthetic, ethical and legal imperatives associated with written communication; to assist students in understanding the nature and structure of language; and to assist students in integrating Christian faith and knowledge.

Chair

Charles Swadley Interim Chair, Language and Literature B.A., University of North Texas, 1980 M.A., University of North Texas, 1985 Ph.D., University of Oklahoma, 2008

Joined the OBU faculty in 1997.

Faculty

Andrew Armond

Assistant Professor of English B.A., Louisiana Tech University, 1999 M.A., Baylor University, 2002 Ph.D., Baylor University, 2006 Joined the OBU faculty in 2007.

Carolyn Cole Crouch-Mathis Professor of Literature

B.A., Mississippi College, 1965 M.A., University of Southwestern Louisiana, 1981 Ph.D., University of Southwestern Louisiana, 1984 Joined the OBU faculty in 1987.

William Hagen Professor of English

B.A., Davidson College, 1963 M.A., University of North Carolina, 1966 Ph.D., University of Iowa, 1974 Joined the OBU faculty in 1974.

Mollie Moore Instructor of English

B.A., Hardin-Simmons University, 2007 M.A., Baylor University, 2010 Joined the OBU faculty in 2010.

Benjamin Myers Assistant Professor of English

B.A., University of the Ozarks, 1998 M.A., Washington University, 1999 Ph.D., Washington University, 2003 Joined the OBU faculty in 2005.

Connie Peters Instructor of English/TESOL

B.A., Oklahoma Baptist University, 1969 M.A., University of Oklahoma, 1971 Joined the OBU faculty in 1997.

Charles Swadley Associate Professor of English/Spanish

B.A., University of North Texas, 1980 M.A., University of North Texas, 1985 Ph.D., University of Oklahoma, 2008 Joined the OBU faculty in 1997.

M. Sidney Watson Professor of English

B.A., University of South Carolina, 1991 M.A., University of South Carolina, 1993 Ph.D., University of South Carolina, 1997 Joined the OBU faculty in 1999.

Karen Youmans

Professor of English, Director of Honors Program B.A., Louisiana State University, 1992 Ph.D., University of North Texas, 1999 Joined the OBU faculty in 1999. Assistant Professor of Spanish A.S., Columbus State Community College, 1998 B.A., Ohio State University, 2000 M.A., University of Arkansas, 2003 Ph.D., University of Arkansas, 2010 Joined the OBU faculty in 2011.

Beth Green-Nagle

Assistant Professor of Spanish B.A., Hendrix College, 1993

M.A., University of North Carolina – Chapel Hill, 1996 Joined the OBU faculty in 2002.

David Nagle

Assistant Professor of Spanish

A.B., Eastham College, 1973 M.A., Murray State University, 1989 Ph.D., Oklahoma State University, 2004 Joined the OBU faculty in 2008.

Lucrecia Litherland

Professor of Language B.A., William Woods College, 1976 M.A., University of New Hampshire, 1979 Ph.D., University of Texas, 1995 Joined the OBU faculty in 1990.

Radonna Roark

Assistant Professor of French B.S.E., Oklahoma Baptist University, 1988 Joined the OBU faculty in 2008.

Charles Swadley

Modern Languages

Students with two or more years or units of language study in grades 10-12 of high school take the Intermediate level language and culture courses (I, II) in that language or the beginning courses (I, II) in another language. Students with one year or unit of language study in grade 9 and one year or unit of language study in grades 10-12 may begin their OBU language study in Beginning II or Intermediate I of that language or in the beginning course in another language. All students must take two sequential courses at the appropriate level in order to fulfill the modern language requirement. Foreign nationals who have learned English as a foreign language are exempt from the requirement.

Choose two courses from the following:

French	FREN 1313 - Beginning French Language and Culture ICredits: 3 and FREN 1323 - Beginning French Language and Culture IICredits: 3
	FREN 2313 - Intermediate French Language and Culture ICredits: 3 and FREN 2323 - Intermediate French Language and Culture IICredits: 3

DIVISION OF BEHAVIORAL AND SOCIAL SCIENCES

Purpose

The Departments within the Division of Behavioral and Social Sciences (Anthropology, History, and Political Science and Psychology, Sociology, and Family Science) offer degree programs in anthropology, history, political science, international relations, secondary social studies education, psychology, pre-counseling, sociology, and family and community service. These programs focus on offering high quality upper division courses and advisement designed to prepare students for a wide variety of careers related to the behavioral and social sciences as well as providing graduates with a solid foundation for postgraduate study. Moreover, building on foundations laid in core courses, the division seeks to assist and encourage students as they continue the process of understanding the nature of their personal Christian commitment and seek to integrate these insights into their academic disciplines and their vocational choices.

The division also has a major responsibility of offering high quality core courses. Departments within the division teach core courses in anthropology, history, government, psychology, and sociology. These courses acquaint students with major areas of knowledge and help students develop many of the significant skills needed for academic and career success. These courses also help students as they embark on the journey of integrating their personal Christian faith with their growing base of academic knowledge and awareness of the world around them.

Chair

Glenn E. Sanders

Professor of History Chair, Division of Behavioral and Social Sciences B.A., Baylor University, 1982 M.A., Baylor University, 1983 Ph.D., Brown University, 1989 Joined the OBU faculty in 1988.

Faculty

Brian D. Camp

Professor of Family Science B.S., Oklahoma State University, 1984 M.S., Kansas State University, 1989 Ph.D., Texas Tech University, 1995 Joined the OBU faculty in 2004.

Canaan Crane

Assistant Professor of Psychology

B.A., Oklahoma Baptist University, 1997 M.S. Oklahoma Baptist University, 2000 Ph.D., Oklahoma State University, 2010 Joined the OBU faculty in 2007.

Carol Sue Humphrey Professor of History

B.A., University of North Carolina-Wilmington, 1978M.A., Wake Forest University, 1979Ph.D., University of North Carolina – Chapel Hill, 1985Joined the OBU faculty in 1985.

J. Tony Litherland

Randal/Scales Professor of Constitutional Law and Political Science

B.S., Eastern Illinois University, 1975 M.P.A., University of Oklahoma, 1985 Ph.D., University of Oklahoma, 1994 Joined the OBU faculty in 1990.

Karen Longest Associate Professor of Psychology

B.A., Southeastern Oklahoma State University, 1983 M.A., University of Central Oklahoma, 1988 Ph.D., University of Oklahoma, 2007 Joined the OBU faculty in 2002.

Timothy McCollum Assistant Professor of Anthropology

B.A., Oklahoma Baptist University, 1997 M.A., University of Tulsa, 2000 M.A., Indiana University, 2006 ABD, Indiana University Joined the OBU faculty in 2007.

John Powell Professor of History

B.A., Texas Tech University, 1976 M.A., Texas Tech University, 1982 Ph.D., Texas Tech University, 1986 Joined the OBU faculty in 2004.

Sherri Thompson Raney Associate Professor of History and Political Science

B.A., Oklahoma State University, 1978 M.A., Oklahoma State University, 1981 Ph.D., Oklahoma State University, 1993 Joined the OBU faculty in 1994.

Bret Roark

Ralph and Marie Barbe Professor of Psychology B.A., Oklahoma Baptist University, 1989 Ph.D., Texas Tech University, 1996 Joined the OBU faculty in 1993.

M. Nicole Warehime Assistant Professor of Sociology B.A., Oklahoma City University, 2002 M.A., University of Oklahoma, 2004 Ph.D., University of Oklahoma, 2008 Joined the OBU faculty in 2008.

Multicultural Experience (which includes Modern Foreign Language)

Both the Modern Foreign Language (MFL) and the Multicultural Experience requirements may be fulfilled if the student completes two semesters of a modern foreign language at an appropriate level relative to his/her high school experience (using current placement guidelines). However, it may also be satisfied in other ways:

- 1. A student may satisfy the MFL and Multicultural Experience requirements by testing successfully through the intermediate level of any language for which CLEP credit is available.
- 2. A student who has successfully passed three years/units of a language in high school may satisfy the MFL and Multicultural Experience requirements by completing one semester of the same language at the intermediate level (FREN, GRMN, OR SPAN 2313 OR 2323) as well as one of the options associated with the Multicultural Experience.
- 3. A student may satisfy the MFL and Multicultural Experience requirements by completing the beginning courses (FREN, GRMN, OR SPAN 1313 OR 1323) of a language different from the one studied in high school.
- 4. A student who wishes to study a non-Western language (whether it is offered at OBU or not) may satisfy the MFL and Multicultural Experience requirements by taking one semester of the non-Western language and one of the options associated with the Multicultural Experience.
- 5. Foreign nationals studying at OBU, for whom English is not the first language, are exempt from this requirement in the core curriculum.

Modern Foreign Language French, German, Spanish, or non-Western Language Credits: 3-6

Multicultural Experience

Satisfied by two semesters of Modern Foreign Language, approved study abroad,

	Select one course from the following: ANTH 2023 - World Cultures: Africa to Central AsiaCredits: 3 ANTH 2033 - World Cultures: South Asia to OceaniaCredits: 3
	Select twelve hours from ANTH courses numbered 2000 or above.

MINOR IN ASIAN STUDIES

Minor

Credits: 18 Hours

Courses taught at OBU by professors from Japan, China, or another Asian country count for the minor if the courses do not repeat those transferred from an Asian university. The catalog requirement of six (6) hours in residence may be waived in consultation with the appropriate dean. Students who spend one year (two semesters) studying at a university in Japan, China, or another Asian country may apply credits from the areas of Asian anthropology, history, languages, literature, religions, and sociology from these universities toward this minor. The following courses from Oklahoma Baptist University may be taken to complete this minor:

ANTH 2023 - World Cultures: Africa to Central Asia	Credits: 3
or ANTH 2033 - World Cultures: South Asia to Oceania	Credits: 3
REL 3423 - World Religions (PHIL 3423, ANTH 3423)	Credits: 3

ANTH 4919 - Field Experience and Practicum in Latin AmericaCredits: 3 SPAN 4213 - Survey of Spanish Civilization and Literature ICredits: 3 SPAN 4223 - Survey of Spanish Civilization and Literature II.....Credits: 3

MINOR IN LATIN AMERICAN STUDIES

Minor		Credits: 18 Hours
	ART 3433 - Art and Culture in Latin America	Credits: 3
	SPAN 3203 - Latin American Culture	Credits: 3
	Select one course from the following:	
	HIST 3213 - Latin American History	Credits: 3
	POLI 4753 - Latin American Politics	Credits: 3
	Select two courses from the following:	
	ANTH 3913 - Kinship and Family in Global Perspective	Credits: 3

C 11

Multicultural Experience (which includes Modern Foreign Language)

Both the Modern Foreign Language (MFL) and the Multicultural Experience requirements may be fulfilled if the student completes two semesters of a modern foreign language at an appropriate level relative to his/her high school experience (using current placement guidelines). However, it may also be satisfied in other ways:

- 1. A student may satisfy the MFL and Multicultural Experience requirements by testing successfully through the intermediate level of any language for which CLEP credit is available.
- 2. A student who has successfully passed three years/units of a language in high school may satisfy the MFL and Multicultural Experience requirements by completing one semester of the same language at the intermediate level (FREN, GRMN, OR SPAN 2313 OR 2323) as well as one of the options associated with the Multicultural Experience.
- A student may satisfy the MFL and Multicultural Experience requirements by completing the beginning courses (FREN, GRMN, OR SPAN 1313 OR 1323) of a language different from the one studied in high school.
- 4. A student who wishes to study a non-Western language (whether it is offered at OBU or not) may satisfy the MFL and Multicultural Experience requirements by taking one semester of the non-Western language and one of the options associated with the Multicultural Experience.
- 5. Foreign nationals studying at OBU, for whom English is not the first language, are exempt from this requirement in the core curriculum.

Modern Foreign Language	French, German, Spanish, or non-Western LanguageCi	edits: 3-6
Multicultural Experience	Satisfied by two semesters of Modern Foreign Language, approved study ab	oroad,
	or through one from the following:	
	ANTH 2023 - World Cultures: Africa to Central Asia	Credits: 3
	ANTH 2033 - World Cultures: South Asia to Oceania	Credits: 3
	ANTH 3133 - Native America: Culture and Politics (HIST 3133, POLI 3133)	Credits: 3
	ANTH 3353 - Language, Culture, and Communication	Credits: 3
	ANTH 3803 - Human Rights

DIVISION OF KINESIOLOGY AND LEISURE STUDIES

Purpose

Within the context of an institution founded on Christian principles and teachings, the Division of KALS seeks to satisfy the physical development of the student and to prepare students to pursue careers within the area of the movement and exercise sciences. This is accomplished within the context of a strong liberal arts curriculum with a strong Christian base with emphasis in the areas of a physical activity program, a broad based intramural sports program, a campus wellness program, a campus recreation program, and an extramural sports club program for the general student population. Those choosing to major in the exercise and sports sciences may choose from a number of programs which will lead to several career and graduate school opportunities, thus preparing them to be Christian leaders in the field of the movement science

Chair

Norris M. Russell Professor/Chair, Division of Kinesiology & Leisure Studies B.A., Rice University, 1972 M.S., Texas A & M Commerce, 1976 Ed.D., Texas A & M Commerce, 1981 Joined the OBU faculty in 1981.

Faculty

Bill Buchanan

Associate Professor of Church Recreation B.A., Oklahoma Baptist University, 1982 M.S., University of North Texas, 1986 D.Ed., Min. Southwestern Baptist Theological Seminary Joined the OBU faculty in 1987.

Brent Coates

Instructor of Kinesiology & Leisure Studies Head Men's Soccer Coach B.S., Tulsa University, 1998 M.Ed., Bethel College, 2001 Joined the OBU faculty in 2004.

Bobby Steven Cox Instructor of Kinesiology & Leisure Studies Head Baseball Coach B.A., Oklahoma Baptist University, 1979 M.S., East Central University, 1983

Joined the OBU faculty in 1983.

Pam Fink

Instructor of Kinesiology & Leisure Studies Head Softball Coach

B.S.E., Oklahoma Baptist University, 1988 M.Ed., East Central University, 1997 Joined the OBU faculty in 1993.

Sam Freas

Professor of Kinesiology & Leisure Studies Swimming Coach

B.S., Springfield College, 1969 M.P.E., Springfield College, 1975 Ed.D., California Western University, 1987 Joined the OBU faculty in 2011.

Anna Howle

Head Volleyball Coach Instructor in Kinesiology & Leisure Studies B.S., University of Oklahoma, 2008 M.Ed., University of Oklahoma, 2010 Joined the OBU faculty in 2008.

Gina Kraft

Assistant Professor of

Kinesiology & Leisure Studies B.S., Oklahoma Baptist University, 1998 M.S., University of Oklahoma, 2001 Ph.D., Oklahoma State University, 2009 Joined the OBU faculty in 2001.

William Ford Mastin Assistant Professor of Kinesiology &

Leisure Studies; Head Men's and Women's Track and Cross Country Coach B.M.E., Oklahoma Baptist University, 1977

M.E., Oktahoma Baptist University, 1977 M.Div., Southwestern Baptist Theological Seminary, 1981 M.Ed., East Central University, 1994 Joined the OBU faculty in 1996.

John McCullough

Assistant Professor of Kinesiology & Leisure Studies; Head Women's Basketball Coach B.B.A., University of Oklahoma, 1981 M.S., University of New Mexico, 1990 Joined the OBU faculty in 2000.

Linda E. McElroy

Professor of Kinesiology & Leisure Studies; Head Cheerleader Coach

B.S., Indiana State University, 1970 M.S., Purdue University, 1974 Ed.D. University of Utah, 1983 Joined the OBU faculty in 1990. Doug Tolin Assistant Professor of Kinesiology & Leisure Studies; Head Men's Basketball Coach B.S., East Central University, 1975 M.Ed., East Central University, 1988 Joined the OBU faculty in 2000.

Mike White

Instructor of Kinesiology & Leisure Studies Head Women's Soccer Coach B.S., Samford University, 1993 M.Ed., University of Alabama-Birmingham, 1994 Joined the OBU faculty in 2008.

Administrative Staff

Mike Manlapig Assistant Director of Athletics Intramural Sports Director Facilities Coordinator Head Women's Golf Coach B.S., Oklahoma Baptist University, 1994 Joined the OBU staff in 1998.

Amy Riggins

Recreation/Wellness Center Director B.S., Oklahoma Baptist University, 1984 M.S., University of Oklahoma, 1986 Joined the OBU staff in 2007.

Majors, Minors, and Areas of Concentration

The Division of Kinesiology and Leisure Studies offers majors and areas of concentration in the following:

Bachelor of Science in Education: HPER K-12

This leads to Oklahoma State teacher certification, which allows the student to teach health, physical education, and recreation at the K-12 levels.

Bachelor of Arts in

Leisure Services Management

An option of three areas of emphasis: Camp Administration Sports and Recreation Management Sports Ministry

Bachelor of Science in Exercise & Sports Science

An option of three areas of emphasis: Pre-Allied Health and Rehabilitation Services Personal Training / Strength and Conditioning Exercise Physiology / Wellness

Minors

The Division of Kinesiology & Leisure Studies offers the following minors: KALS Exercise & Sports Science Church Recreation Sports Management

Certificate

The Division of Kinesiology & Leisure Studies offers a certificate in the following area: Athletic Coaching

Career Opportunities

The following is a list of possible career opportunities for those who choose a major or minor in the Division of Kinesiology & Leisure Studies.

Elementary School Middle School Junior High School Sport Clubs Health Clubs Corporate Fitness Academic Counseling Community Recreation Sport Officiating Athletic Administration Community Colleges

Multicultural Experience (which includes Modern Foreign Language)

Both the Modern Foreign Language (MFL) and the Multicultural Experience requirements may be fulfilled if the student completes two semesters of a modern foreign language at an appropriate level relative to his/her high school experience (using current placement guidelines). However, it may also be satisfied in other ways:

- 1. A student may satisfy the MFL and Multicultural Experience requirements by testing successfully through the Intermediate Level of any language for which CLEP credit is available.
- 2. A student who has successfully passed three years/units of a language in high school may satisfy the MFL and Multicultural Experience requirements by completing one semester of the same language at the intermediate level (FREN, GRMN, or SPAN 2313 or 2323) as well as one of the options associated with the Multicultural

Experience.

- 3. A student may satisfy the MFL and Multicultural Experience requirements by completing the beginning courses (FREN, GRMN, or SPAN 1313 or 1323) of a language different from the one studied in high school.
- 4. A student who wishes to study a non-Western language (whether it is offered at OBU or not) may satisfy the MFL and Multicultural Experience requirements by taking one semester of the non-Western language and one of the options associated with the Multicultural Experience.
- 5. Foreign nationals studying at OBU, for whom English is not the first language, are exempt from this requirement in the core curriculum.

Modern Foreign Language	French, German, Spanish, or non-Western Language Credits: 3-6
Multicultural Experience	Satisfied by two semesters of Modern Foreign Language, approved study abroad,

DIVISION OF TEACHER EDUCATION

Mission Statement

The purposes of the Teacher Education Program are to prepare the teacher candidate to function as a professional teacher and to aid the teacher candidate in developing the knowledge, skills, and dispositions necessary to assist school children in reaching their potential.

Chair

John Farris Lawrence C. and Marion V. Harris Chair of Education

Associate Professor of Education

B.A., California State University – Fresno, 1967 M.A., California State University – Fresno, 1975 Ed.D., University of the Pacific, 1983 Joined the OBU faculty in 2004.

Faculty

Jeanne Akin Mary A. White Chair of Education and Professor of Education

B.S., Southern Nazarene University, 1979 M.Ed., University of Central Oklahoma, 1989 Ed.D., Oklahoma State University, 1996 Joined the OBU faculty in 1997.

Tonia Crane

Assistant Professor of Education

B.A., Tennessee Technological University, 2000 M.B.A., Tennessee Technological University, 2003 Ph.D., Tennessee Technological University, 2006 Joined the OBU faculty in 2008.

Carolyn Gregory

Assistant Professor of Education

B.S.E., East Central University, 1972 M.Ed., University of Central Oklahoma, 1976 Ed.D., Oklahoma State University, 2000 Joined the OBU faculty in 2008.

Terry James

Assistant Professor of Education

B.S., Indiana State University, 1969M.S., Indiana University, 1972Ph.D., University of Oklahoma, 1984Joined the OBU faculty in 2008.

Major Programs of Study

Art Education, P-12 Early Childhood Education, P-3 Elementary Education, 1-8 Health and Physical Education, P-12 Instrumental Music Education, P-12 Secondary English Education, 6-12 Secondary Mathematics Education, 6-12 Secondary Science Education, 6-12 Secondary Social Studies Education, 6-12 Special Education, P-12 Vocal Music Education, P-12

Minor Programs of Study

A minor can be obtained in education. Student may opt to focus the minor on a particular grade level or major program area. All minors must meet with the director of teacher education to be admitted to the Teacher Education Program.

Career Opportunities

Children's book author Children's ministry Consultant at private educational agency or organization Consultant at state or federal education agency Consultant for professional development school Consultant or field representative for professional organization Day Care/Head Start Develop curriculum Editor Education consultant for business Education consultant for entities such as a zoo Legislator Librarian Lobbyist Missionary Operate teacher supply store Overseas teacher Public assistance interviewer Public relations expert Social worker Textbook author Textbook representative/salesperson Trainer in business Writer of church curriculum

EDUCATION

I. Common Core for B.S.E. (Education)		Credits: 44 Hours	
Cornerstone	EDUC 1051 - Cornerstone of Teacher Education	Credits: 1	
Religion	Select two courses from the following:		
	REL 1013 - Old Testament History and Literature	Credits: 3	
	REL 1023 - New Testament History and Literature	Credits: 3	
	REL 3073 - Biblical Ethics	Credits: 3

	ENGL 1163 - English: Composition and Classical Literature	Credits: 3	
Scientific Literacy	Recommended:		
	GNSC 1124 - Issues in Biology	Credits: 4	
	(Other science courses for which the student meets the prerequisites	also qualify.)	
Physical Education	PHED Activity Course	Credits: 1	
	PHED 1001 - The Wellness Lifestyle	Credits: 1	
Fine Arts	Select one course from the following:		
	FNAR 2063 - Arts and Western Culture	Credits: 3	
	FNAR 2163 - Arts and Ideas	Credits: 3	
Philosophy & Speech	CMAR 1092 - Introduction to Speech Communication	Credits: 2	
	PHIL 1502 - Critical Thinking	Credits: 2	
Modern Foreign Language a	nd Multicultural Experience		
Modern Foreign Language	French, German, Spanish, or non-Western Language	Credits: 3-6	
Multicultural Experience	Satisfied by two semesters of Modern Foreign Language, a or through one from the following:	pproved study abroad,	
	ANTH 2023 - World Cultures: Africa to Central Asia	Credits: 3	
	ANTH 2033 - World Cultures: South Asia to Oceania	Credits: 3	
	ANTH 3133 - Native America: Culture and Politics (HIST 313)		
	ANTH 3353 - Language, Culture, and Communication	Credits: 3	
	ANTH 3803 - Human Rights		
	in the World Community (POLI 3803, SOCI	3803)Credits: 3	
	ANTH 3913 - Kinship and	$C(1,20,1,2)$ $C_{mo} = \frac{1}{2} \frac{1}{$	
	Family in Global Perspective (FMLY 3913, SC ART 2133 - Historical Survey of Art III		
	MUSC 3253 - World Music Survey (ANTH 3253)		
	REL 3423 - World Religions (ANTH 3423, PHIL 3423)		
	REE 5 725 World Rengions (Auviii 5 725, 11ill 5 725)		

Multicultural Experience (which includes Modern Foreign Language)

Both the Modern Foreign Language (MFL) and the Multicultural Experience requirements may be fulfilled if the student completes two semesters of a modern foreign language at an appropriate level relative to his/her high school experience (using current placement guidelines). However, it may also be satisfied in other ways:

- 1. A student may satisfy the MFL and Multicultural Experience requirements by testing successfully through the Intermediate Level of any language for which CLEP credit is available.
- 2. A student who has successfully passed three years/units of a language in high school may satisfy the MFL and Multicultural Experience requirements by completing one semester of the same language at the intermediate level (FREN, GRMN, or SPAN 2313 or 2323) as well as one of the options associated with the Multicultural Experience.
- 3. A student may satisfy the MFL and Multicultural Experience requirements by completing the beginning courses (FREN, GRMN, or SPAN 1313 or 1323) of a language different from the one studied in high school.

- 4. A student who wishes to study a non-Western language (whether it is offered at OBU or not) may satisfy the MFL and Multicultural Experience requirements by taking one semester of the non-Western language and one of the options associated with the Multicultural Experience.
- 5. Foreign nationals studying at OBU, for whom English is not the first language, are exempt from this requirement in the core curriculum.

Western & Non-Western Civilization

ENGL 2013 - European Civilization: Literature HIST 2013 - European Civilization: History	
Select one pair from the following:	
ENGL 2023 - Modern West: Literature and HIST 2023 - Modern West: History

SPED 3022 - Introduction to Exceptional Child SPED 4438 - Student Teaching in Special Education	

V. Electives to Total 128 Hours

Courses selected on the basis of student interest in consultation with faculty advisor.

Credits: 17 Hours

Credits: 44 Hours

Credits: 39 Hours

IV. Minor

Credits: 18 Hours

Prerequisites for the minor:

- Sophomore standing
 - Admission to Teacher Education by the usual process (application, interview, positive references, passing score on the OGET, or approved alternatives, and minimum GPA of 2.50).

Students may petition to have MATH 1203-1223, GNSC 2204 or 2304 count for some of the Education electives.

Eight additional hours of 2000 courses Education electives	Credits: 8
EDUC 2012 - Foundations of Education	Credits: 2
EDUC 3013 - Human Development	Credits: 3
EDUC 3203 - Educational Psychology (PSYC 3203)	Credits: 3
SPED 3022 - Introduction to Exceptional Child	Credits: 2
-	

All students seeking a minor in Education must meet with the Director of Teacher Education to complete a Minor Contract prior to Admission to the Teacher Education Program.

Education minors are not elgible to Student Teach nor take the accompanying courses.

Intensive English Program

The Intensive English Program provides an atmosphere of language learning through classroom instruction and hands-on experiences for the purpose of learning academic English. In addition, the program is designed to facilitate the learning process as apposed to rote memorization of information. Outside of the classroom, the program personnel help the student with cultural adaptation and social involvement using experiences and field trips.

The nine levels of the Intensive English Program represent language proficiency ranging from beginner to advanced. Based on English placement exams given at the beginning adn/or end of each term, each student is placed in the appropriate language level. In subsequent terms, placement considerations may also include previous academic performance and attendance.

This program is structered in the skills of listening, speaking, reading, and writing but also provides the student with the oppportunity to expand his or her language knowledge of special interests and careers in and outside the classroom. Americn culture in injected in all aspects of learning.

An English Language Learner (ELL) may choose to enter the IEP at the beginning of each seven-week term in the fall or spring. Moreover, these four (4) seven-week terms allow the ELL to advance quickly and efficiently through the language learning process.

Field trips, cultural experiences, and one-on-one tutoring are also incorporated in the student's English language learning experience.

Faculty for Intensive English Keely Robertson

Director/Instructor, Intensive English Program B.A., Mississippi College, 1991 M.A., University of Mississippi – Oxford, 2004 Joined the OBU faculty in 2004.

Jennifer Barnett

Instructor, Intensive English Program

B.A., University of Missouri-Kansas City, 2000 M.A., Gordon-Conwell Theological Seminary, 2003 M.A., University of Massachusetts, 2009 Joined the OBU faculty in 2008.

Progression of the reading course may start with beginner reading levels and continue to undergraduate college reading level. Graded on a pass/fail basis.

College of Nursing

Purpose

The Oklahoma Baptist University College of Nursing is a baccalaureate program for the preparation of a professional nurse. The nursing faculty view nursing as a Christian ministry and as a professional practice. During nursing courses students learn to provide quality nursing care through competent practice. Upon completion of the program, the graduate is qualified to take the national examination for licensure as a registered nurse in a state of choice.

Major and Minor Programs of Study

The College of Nursing offers a Bachelor of Science degree which combines professional education in theory and practice of nursing with a basic liberal arts education. The nursing student is enrolled in nursing as the Area of Concentration. Additional minors are not required, but are offered in Cross Cultural Ministry and in faith community nursing. Other minors may be completed as designated in the appropriate section of this catalog.

The College of Nursing offers an option designed to facilitate completion of degree requirements by the registered nurse with an Associate Degree or a Diploma. Also, a pathway is available for licensed practical nurses to earn a Bachelor of Science in nursing through the LPN option. During the junior year of study, students enroll in clinical courses designed to meet learning needs of the individual student.

The College of Nursing is accredited by the Commission on Collegiate Nursing Education and is approved by the Oklahoma Board of Nursing. Graduates are eligible to apply to write the National Council Licensure Examination (NCLEX) for registered nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. In addition to completing a state-approved nursing education program, requirements include submission of an application for licensure with a criminal history records search and successfully passing the licensure examination. To be granted a license, an applicant must have the legal right to reside in the United States (United States Code Chapter 8, Section 1621). The Board has the right to deny a license to an individual with a history of criminal background, disciplinary action on another health-related license or certification, or judicial declaration of mental incompetence [59 O.S. Section 567.8]. These cases are considered on an individual basis at the time

application for licensure is made, with the exception of felony charges. An individual with a felony conviction or who had sentencing terms imposed by the court related to a deferred sentence for a felony offense cannot apply for licensure for at least five years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received [59 O.S. Section 567.5 & 567.6].

A list of career opportunities: Although many graduates begin their practice in a hospital setting, numerous opportunities currently exist for the professional nurse. Within the hospital setting nurses serve in medical surgical areas, psychiatric mental health units, pediatrics, surgery, emergency rooms, critical care units, labor and delivery, newborn units, transplant units, and burn units. Nurses practice in communities as home health nurses, hospice nurses, public health nurses, school nurses, occupational/industrial nurses, and in senior centers. Long term care facilities, e.g. nursing homes and rehabilitation units, are additional nursing environments. The faith community nurse as an R.N. promotes health in the congregation of a local church. All of these roles are available to the nurse with a baccalaureate education. Furthermore, the Bachelor of Science degree prepares the nurse for future education in graduate programs leading to roles as nurse practitioners, clinical nurse specialists, nurse midwives, nurse anesthetists, nurse educators, and nurse administrators.

A.S., Seminole Junior College, 1993 B.S.N., Oklahoma Baptist University, 1997 M.S.N., University of Phoenix, 2002 Joined the OBU faculty in 2008.

Dawn Westbrook, RN

Assistant Professor of Nursing B.S.N., Oklahoma Baptist University, 1989 M.S.N., Oklahoma Baptist University, 2010 Joined the OBU faculty in 2010.

Requirements

After being accepted by the University and completing a minimum of 62 hours, the student may apply for enrollment in the upper division nursing courses. A special application for admission may be obtained from the College of Nursing Office when enrolled in NURS 2024 Introduction to Nursing during the spring of the sophomore year. In addition, the student must complete a battery of tests through the Student Services Office.

Each applicant is considered individually by a committee composed of faculty from the College of Nursing. Admission to and continuation in the nursing program requires a professional assessment by the faculty that the student's academic and personal history evidences characteristics which are consistent with promise as a nurse. Criteria for admission to and progression in the Nursing Area of Concentration are listed below. These criteria must be met prior to enrollment in junior level nursing courses.

Criteria for Enrollment in Upper Division Nursing Courses

The following criteria must be met for admission into the nursing program:

Earn a minimum 2.25 GPA in General Education Courses.

Achieve a minimum of 2.25 overall GPA.

Complete the following courses with a minimum grade of "C": CHEM 1124, BIOL 2354, SOCI 1223, BIOL 2274, BIOL 2364, MATH 1163, PSYC 1223, and MATH 2003.

Complete the following courses with a minimum grade of "C": NURS 1101, NURS 2013, and NURS 2024.

Repeat no more than a total of two courses in the Common Core, Flex Core and lower level courses in Area of Concentration. (May repeat any one course only one time.)

Achieve a satisfactory score on a Mathematics Calculation Exam during NURS 2024.

Complete a minimum of 36 semester hours of Common Core.

Provide documentation of current CPR certification from a course approved by the nursing faculty.

Provide documentation of completion of health requirements for assigned clinical experiences.

Complete battery of tests through the Office of Testing or the College of Nursing.

Submit an OSBI criminal history record with the completed application to the College of Nursing. OSBI checks must be dated February 1 or later in the year of application.

For courses taken during the summer session at another college or university, all official transcripts must be in the Academic Center or copies of grade reports are in the College of Nursing office no later than August 15.

General Criteria for Progression in Area of Concentration Courses

Once a student has been admitted to the College of Nursing, the following progression criteria must be met to remain in the program:

Maintain a minimum GPA of 2.25 in the Area of Concentration courses.

Repeat no more than two upper level courses in all required courses.

Achieve a satisfactory score on a Mathematics Calculation Exam each semester.

Earn a minimum of C in each of the Area of Concentration courses.

Achieve a minimum average of 70% on exams in each of the following courses: NURS 2024, NURS 3156, NURS 3164, NURS 3171, NURS 3181, NURS 3223, NURS 4043, NURS 4134, NURS 4143, and NURS 4153.

Achieve minimal competency on critical criteria identified on evaluation form for clinical courses.

Provide documentation of current CPR standards from a course approved by the nursing faculty.

Provide documentation of health requirements for assigned clinical experiences.

Multicultural Experience (which includes Modern Foreign Language)

Both the Modern Foreign Language (MFL) and the Multicultural Experience requirements may be fulfilled if the student completes two semesters of a modern foreign language at an appropriate level relative to his/her high school experience (using current placement guidelines). However, it may also be satisfied in other ways:

- 1. A student may satisfy the MFL and Multicultural Experience requirements by testing successfully through the Intermediate Level of any language for which CLEP credit is available.
- 2. A student who has successfully passed three years/units of a language in high school may satisfy the MFL and Multicultural Experience requirements by completing one semester of the same language at the intermediate level (FREN, GRMN, or SPAN 2313 or 2323) as well as one of the options associated with the Multicultural Experience.
- 3. A student may satisfy the MFL and Multicultural Experience requirements by completing the beginning courses (FREN, GRMN, or SPAN 1313 or 1323) of a language different from the one studied in high school.
- 4. A student who wishes to study a non-Western language (whether it is offered at OBU or not) may satisfy the MFL and Multicultural Experience requirements by taking one semester of the non-Western language and one of the options associated with the Multicultural Experience.
- 5. Foreign nationals studying at OBU, for whom English is not the first language, are exempt from this requirement in the core curriculum.

Modern Foreign Language French, German, Spanish, or non-Western Language Credits: 3-6

Multicultural Experience	Satisfied by two semesters of Modern Foreign Language, approved study abroad, or through one from the following:

BACHELOR OF SCIENCE IN NURSING-LPN OPTION

Program Requirements

License Practical Nurses who are interested in earning a Bachelor of Science in Nursing degree must provide documentation of graduation from a LPN program accredited by the Oklahoma Board of Nursing or the board of nursing which the license was obtained at the time of graduation. Students enrolled in the LPN Option must meet the same criteria as basic students earning a Bachelor of Science. NURS 2713, NURS 3736, NURS 3743, and NURS 3763 may be taken instead of NURS 2024, NURS 3093, NURS 3233, NURS 3243, and NURS 3253.

BACHELOR OF SCIENCE IN NURSING-RN OPTION

Program Requirements

Registered Nurses who are interested in earning a Bachelor of Science in Nursing must provide documentation of graduation from an associate degree or diploma nursing program accredited by the National League for Nursing Accrediting Commission at the time of graduation. For admission to the upper division nursing courses, these students are required to meet the following criteria:

Earn a minimum 2.25 GPA in Core Courses, Flex Core, Pre-requisites and supporting courses.

Achieve a minimum of 2.25 overall GPA.

Complete EPE (English Proficiency Exam).

Complete a minimum of 36 semester hours of Common Core.

Complete an interview with a nursing faculty.

Provide documentation of current RN license in the state of Oklahoma.

Provide documentation of current CPR certification from a course approved by the nursing faculty.

Provide documentation of completion of health requirements for assigned clinical experiences.

Complete a battery of tests through the Office of Student Services or the College of Nursing.

Submit an OSBI criminal history record with the completed application to the College of Nursing. OSBI checks must be dated February 1 or later in the year of application.

Complete the following courses with a minimum grade of "C":

BIOL 2274 - Microbiology	Credits: 4
BIOL 2354 - Human Anatomy	Credits: 4
BIOL 2364 - Human Physiology	Credits: 4
CHEM 1124 - Introduction to General and Biological Chemistry	Credits: 4
MATH 1163 - College Algebra	Credits: 3
MATH 2003 - Basic Statistics	Credits: 3
PSYC 1223 - General Psychology	Credits: 3
SOCI 1223 - Introduction to Sociology	Credits: 3

In Addition

In addition to the Common Core and the Flex Core, the following nursing courses are required for completion of the Bachelor of Science, RN Option:	
NURS 3302 - Nursing Research.	Credits: 2
NURS 3323 - Professional Socialization	Credits: 3
NURS 4043 - Health Care Management For Collaborative Practice	Credits: 3
NURS 4134 - Community Health	Credits: 4
NURS 4143 - Complex Nursing Care	Credits: 3
NURS 4153 - Chronic Conditions	Credits: 3
NURS 4173 - Practicum: Long Term Health Care	Credits: 3
NURS 4213 - Practicum: Community as Client	Credits: 3
NURS 4343 - Practicum: Independent Project	Credits: 3
NURS 4601 - Senior Seminar	Credits: 1

MINOR IN FAITH COMMUNITY NURSING

Program Requirements

In addition to the Area of Concentration in Nursing, the following courses are required:

NURS 4403 - Faith Community Nursing	Credits: 3
NURS 4803 - Practicum: Faith Community Nursing	Credits: 3
PSYC 3333 - Psychology of Religion (AMIN 3333).	Credits: 3
REL 3413 - Christian Doctrines	Credits: 3

JAMES E. HURLEY COLLEGE OF Science and Mathematics

Purpose

The College of Science and Mathematics teaches the Common Core science and mathematics courses for the various degree programs throughout the university. In addition, this college supports degree programs in natural science, biochemistry, biology, chemistry, physics, and mathematics designed to prepare students for graduate study or careers, as well as spiritual integration that will provide opportunities for success in an ever-changing social environment.

Vision Statement

The College of Science and Mathematics seeks to maintain and improve the effectiveness of the science courses and the mathematics courses offered in the Common Core in the curriculum. This division also seeks to provide quality courses in its departments which will prepare students for further study and careers in their chosen fields. The College of Science and Mathematics seeks to incorporate the use of appropriate technologies in its courses and to provide its students with opportunities to learn and practice problem-solving skills so that they will better be able to adapt their skills to those needed in a changing world. The division seeks to validate the quality of its programs through internal assessment, through monitoring the success of its graduates, and through recognition of these programs by peers and accrediting institutions.

Dean

Deborah C. Blue

Dean, College of Science and Mathematics

B.S., Oklahoma Baptist University, 1972M.S., University of Tulsa, 1975Ed.D., Oklahoma State University, 1991Joined the OBU faculty in 1980.

Faculty

Yuan-Liang Albert Chen Professor of Physics

B.S., Chung-Yuan Christian University, 1976M.S., Baylor University, 1984Ph.D., Baylor University, 1988Joined the OBU faculty in 1986.

Krista Hands

Assistant Professor of Mathematics B.S., Southern Nazarene University, 2000

M.A., University of Kansas, 2002 Ph.D., University of Oklahoma, 2007 Joined the OBU faculty in 2010.

Eileen Hargrove Professor of Mathematics

A.A., Hershey Junior College, 1963 B.S., Spring Hill College, 1965 M.A., University of Alabama, 1967 Ph.D., University of Alabama, 1972 Joined the OBU faculty in 1990.

Bradley D. Jett

James E. Hurley Associate Professor of Biology

B.S., Oklahoma Baptist University, 1988M.S., University of Oklahoma College of Medicine, 1990Ph.D., University of Oklahoma College of Medicine, 1992Joined the OBU faculty in 1998.

Michael Jordan Associate Professor of Chemistry

B.S., University of Michigan at Ann Arbor, 1992 Ph.D., University of North Carolina – Chapel Hill, 1997 Joined the OBU faculty in 2000.

Nathan Malmberg

Associate Professor of Biochemistry

B.S., University of Wyoming, 1996 Ph.D., University of Colorado, 2004 Joined the OBU faculty in 2005.

Sarah Marsh

Assistant Professor of Mathematics

B.S.E., University of Central Arkansas, 2005 M.A., University of Oklahoma, 2008 ABD, University of Oklahoma, 2011 Joined the OBU faculty in 2011.

John McWilliams

Associate Professor of Natural Science

B.S.E., University of Arkansas, 1978
M.S., Dale Bumpers College of Agriculture, University of Arkansas, 1998
Ed.D., University of Arkansas, 2001
Joined the OBU faculty in 2000.

John Nichols

Associate Professor of Mathematics

B.S., Union University, 1969 M.S., University of Kentucky, 1970 Ph.D., University of Tennessee, 1977 Joined the OBU faculty in 1997.

Dale A. Utt, Jr.

Associate Professor of Biology

B.S., University of Rhode Island, 1981 M.S., College of William and Mary, 1984 Ph.D., University of Missouri-Columbia, 1988 Joined the OBU faculty in 1989.

Tony Yates

Assistant Professor of Natural Science

B.S., Oklahoma Christian College, 1981 M.Ed., Southwestern Oklahoma State University, 1999 Ph.D., University of Oklahoma (anticipated 2011) Joined the OBU faculty in 2008.

Shawna York

Associate Professor of Chemistry

B.S., Southern Nazarene University, 1994 M.S., University of Oklahoma, 1999 Ph.D., University of Oklahoma, 2002 Joined the OBU faculty in 2001.

MINOR IN CHEMISTRY

Minor

Credits: 18 Hours

Select eighteen credit hours from the Chemistry courses number 1063 and higher.

MATHEMATICS

A student who needs to begin his mathematics major or minor with MATH 1163 and MATH 1173 may use those courses to satisfy the mathematics requirement in the flex core; otherwise, an appropriate substitution for the mathematics requirement in the flex core will be made in consultation with the student's advisor.

Suggested minors to accompany a major in mathematics are physics, chemistry, computer science, and business administration. Other minors may be chosen upon consultation with the major advisor.

V. Electives/Prerequisites to Total 128 Hours

Courses selected on the basis of student interest in consultation with faculty advisor.

Credits: 40-43 Hours

MINOR IN NATURAL SCIENCE

Minor

18 hours from at least two disciplines with BIOL, CHEM, GNSC, or PHYS prefix, at least 14 hours of which must be 2000 level or above.

Footnotes:

- 1. Students electing this minor must fulfill the scientific literacy requirement in the Common Core with CHEM 1005.
- 2. Student should be aware that CHEM 1115 is a prerequisite for most upper-division science courses.
- 3. These 18 hours may not be from the same department as the student's major.

PHYS 4344 - Electricity and Magnetism II.....Credits: 4

HERSCHEL H. HOBBS College of Theology and Ministry

The College of Theology and Ministry was inaugurated at Oklahoma Baptist University as the Joe L. Ingram School of Christian Service in 1981. The Herschel H. Hobbs College of Theology and Ministry was introducted in 2011 to oversee the Joe L. Ingram School of Christian Studies, Avery T. Willis Center for Global Outreach, Don Kammerdeiner Center for Missiological Research, and the departments of Christian and Cross-Cultural Ministry, Biblical and Theological Studies, and Philosophy. The mission of the Herschel H. Hobbs College of Theology and Ministry is to promote the intellectual and spiritual development of Oklahoma Baptist University students through a rigorous engagement with the classical disciplines of religion and philosophy as well as the applied disciplines of Christian ministry, all within the context of OBU's liberal arts curriculum. To achieve this purpose, the College of Theology and Ministry cooperates with the various academic departments of the University by offering introductory courses in Biblical studies and philosophy in the General Education program as well as a wide range of major emphases in Religion, Philosophy, and Applied Ministry leading to the Bachelor of Arts degree. The College of Theology and Ministry also offers minors in Applied Ministry, Philosophy, and Religion and the Bachelor and Associate of Arts in Christian Studies degrees.

In an effort to make personnel and services of the institution available to meet appropriate educational needs of our Baptist constituency, the College of Theology and Ministry also provides college-level training for ministers and other church leaders through the Ministry Training Institute. Courses leading to an A.A, B.A., or a Diploma in Christian Studies are offered in off-campus centers around the state of Oklahoma and outside the state. The curriculum for the off-campus courses is prepared by the College of Theology and Ministry faculty and taught by qualified contract faculty under the direction of the director of MTI and the Dean of the College of Theology and Ministry. Courses taken for the Diploma can apply to the Associate of Arts in Christian Studies (AACS) or the Bachelor of Arts in Christian Studies (BACS).

The faculty of the College of Theology and Ministry has attained the highest level of academic preparation in their respective fields of study. All full-time faculty members are continually involved in programs of additional training and development. They are committed Christian teachers whose scholarship is recognized in their many years of experience in teaching, pastoring, church-related ministries and missions. The faculty is actively involved in local churches and denominational ministries as interim and supply preachers, Bible and doctrinal study leaders, conference leaders, and speakers on missions, evangelism, church history, and a variety of other related topics. Some have been chosen to write for Lifeway Christian Resources of the Southern Baptist Convention. The College of Theology and Ministry faculty members are wellqualified to advise and counsel students in areas related to their education, ministry opportunities, and personal development.

Students preparing for Christian vocational service or preparing to continue their education in seminary or other graduate school can find an appropriate major in the College of Theology and Ministry. A seminary education is strongly encouraged by the faculty, but for those who do not plan to attend seminary there are majors which will give a well-rounded preparation for ministry. In addition to traditional classroom instruction, the College of Theology and Ministry provides programs of field education for academic credit utilizing internships in local churches, hospitals, or other institutional or cross-cultural settings. Ample opportunities are available for on-thejob experience, summer missions, part-time church positions, and other educational ministry experiences designed to prepare students for meaningful and effective Christian ministry.

Dean

Mark McClellan

Dean, College of Theology and Ministry Professor of Theology and Missions

B.A., University of Cincinnati, 1971J.D., Oklahoma City University, 1977M.Div., Southwestern Baptist Theological Seminary, 1983Ph.D., Southwestern Baptist Theological Seminary, 2000Joined the OBU faculty in 2009.

Faculty

Tawa J. Anderson Assistant Professor of Philosophy B.A., University of Alberta, 1997 M.Div., Edmonton Baptist Seminary, 2000 Ph.D., Southern Baptist Theological Seminary, 2011 Joined the OBU faculty in 2011.

Alan Bandy

Strickland Assistant Professor of New Testament Rowena R. Strickland Chair of Bible

B.A., Clear Creek Baptist Bible College, 1998 M.Div., Mid-America Baptist Theological Seminary, 2002 Ph.D., Southeastern Baptist Theological Seminary, 2007 Joined the OBU faculty in 2009.

R. Bruce Carlton

Director of the Avery T. Willis Center for Global Outreach WMU Professor of Missions

B.A., Georgetown Baptist College, 1978 M.Div., Southern Baptist Theological Seminary, 1983 M.A., Azusa Pacific University, 1992. D.Miss., University of South Africa, 2011 Joined the OBU faculty in 2011.

W. Michael Clark

Director, Ministry Training Institute Assistant Professor of Applied Ministry

B.A., University of Arizona, 2001 M.Div., Golden Gate Baptist Theological Seminary, 2004 Ph.D., Southern Baptist Theological Seminary, 2010 Joined the OBU faculty in 2010.

Christian Timothy George

Assistant Professor of Biblical and Theological Studies B.A., Samford University, 2003 M.Div., Beeson Divinity School, 2007 Ph.D., University of St. Andrews, Scotland, 2011 Joined the OBU faculty in 2011.

Kevin Hall

Hollums Professor of Religion Iola Elizabeth and J.W. Hollums Chair of Bible

B.A., Baylor University, 1977 M.Div., Southwestern Baptist Theological Seminary, 1987 Ph.D., Southwestern Baptist Theological Seminary, 1993 Joined the OBU faculty in 1994.

Bobby Kelly

Ruth Dickinson Professor of Religion

B.A., Clear Creek Baptist Bible College, 1988 M.Div., Southwestern Baptist Theological Seminary, 1992 Ph.D., Southwestern Baptist Theological Seminary, 1998 Joined the OBU faculty in 1997.

Warren McWilliams

Auguie Henry Professor of Bible B.A., Oklahoma Baptist University, 1968 M.Div., Southern Baptist Theological Seminary, 1971 M.A., Vanderbilt University, 1974 Ph.D., Vanderbilt University, 1974 Joined the OBU faculty in 1976.

Rebekah Naylor

Visiting Professor of Cross-Cultural Ministry B.A., Baylor University, 1964 M.D., Baylor University, 1968 Joined the OBU faculty in 2011.

R. Scott Pace

Assistant Professor of Applied Ministry Jewell and Joe L. Huitt Professor of Religious Education

B.S., North Carolina State University, 1997 M.Div., Southeastern Baptist Theological Seminary, 2001 Ph.D., Southeastern Baptist Theological Seminary, 2007 Joined the OBU faculty in 2010.

Randy Ridenour

Associate Professor of Philosophy B.A., University of Oklahoma, 1991 M.A., University of Oklahoma, 1993 Ph.D., University of Oklahoma, 2000 Joined the OBU faculty in 2000.

Mary Jo Sharp

Visiting Professor of Apologetics and Christian Worldview

B.M.E., University of Oklahoma, 1998 M.A., Biola University, 2008 Joined the OBU faculty in 2011.

Degree Programs

The following degree programs are offered by the College of Theology and Ministry:

Bachelor of Arts Degrees

Applied Ministry (Youth Emphasis) Applied Ministry (Children's Emphasis) Applied Ministry (Cross-Cultural Ministry Emphasis) Applied Ministry (Educational Emphasis) Applied Ministry (Pastoral Emphasis) Christian Studies Philosophy Orality Studies Religion (Bible Emphasis) Religion (Biblical Languages Emphasis) Religion (Departmental)

Minors

Applied Ministry Bible **Biblical Languages** Children's Ministry Cross-Cultural Ministry Educational Ministry Historical Theology Orality Studies Pastoral Ministry Philosophy Religion Youth Ministry **Related** Programs Church Recreation Minor (See Kinesiology and Leisure Studies) Interdisciplinary Concentration

Associate of Arts Degree in Christian Studies

Career Opportunities

Students taking degrees in the School of Christian Studies prepare for entry into (or graduate studies related to) a variety of vocations, including:

Pastoral Ministry Missions Education Ministry Chaplaincy (Military, Industrial, or Hospital) Christian Counseling Youth Ministry Cross-Cultural Missions Children's Ministry Teaching (Christian Secondary or Collegiate) and many other Christian vocations.

APPLIED MINISTRY

The Applied Ministry Department of the College of Theology and Ministry offers emphases in pastoral ministry, educational ministry, children's ministry, youth ministry, and cross-cultural ministry. Several minors are also offered by the Applied Ministry Department. A related minor in church recreation is available in the KALS Division.

These majors are designed to prepare students for ministry in the local church as well as in cross-cultural ministry areas by combining course work in theology, church history and Biblical studies with courses in ministry skills. The Applied Ministry major is a well-rounded pre-seminary curriculum. Applied Ministry majors may choose minors from Philosophy, the College of Humanities and Social Sciences, the College of Fine Arts, or the College of Business.

I. Common Core for Bachelor of Arts Cre	dits: 39 Hours
---	----------------

Program must include at least 39 hours of courses at the 3000-4000 level.

Religion	REL 1013 - Old Testament History and LiteratureCredits: 3 REL 1023 - New Testament History and LiteratureCredits: 3

Modern Foreign Language

Students with two or more years or units of language study in grades 10-12 of high school take the intermediate level language and culture courses (I, II) in that language or the beginning courses (I, II) in another language. Students with one year or unit of language study in grade 9 and one year or unit of language study in grades 10-12 may begin their OBU language study in Beginning II or Intermediate I of that language or in the beginning course in another language. All students must take two sequential courses at the appropriate level in order to fulfill the modern language requirement. Foreign nationals who have learned English as a foreign language are exempt from the requirement.

Choose two courses from the following:

French	 FREN 1313 - Beginning French Language and Culture I and FREN 1323 - Beginning French Language and Culture II or FREN 2313 - Intermediate French Language and Culture I and FREN 2323 - Intermediate French Language and Culture II 	Credits: 3

AMIN 3763 - Basic Counseling Skills (PSYC 3763)	

PHILOSOPHY

The Department of Philosophy offers both a major and a minor in philosophy, as well as introductory courses in both philosophy and in critical thinking. The introductory courses provide OBU students the opportunity to develop critical thinking skills and to begin investigating the questions that form the basis of our understanding of reality and the human condition.

Students that major or minor in philosophy continue to develop those critical thinking skills with advanced study in logic and in the history of philosophical thought. In other courses, students investigate the philosophical issues relating to religion, knowledge, the nature of reality, art, and ethics.

The study of philosophy helps one develop abilities to think logically and clearly, to communicate precisely and effectively, and provides a foundation for continued learning and intellectual growth. After graduation, OBU philosophy majors have had successful careers in higher education, government and public service, business, law, and ministry.

39 Hours

Program must include at least 39 hours of courses at the 3000-4000 level.

Minor

Credits: 18 Hours

Four additional courses in Philosophy.....Credits: 12 PHIL 2143 - History of Modern PhilosophyCredits: 3 PHIL 2343 - History of Ancient Philosophy (REL 2343)Credits: 3

RELIGION

The Department of Religion offers curricula supporting three majors in religion (Departmental, Bible and Biblical Languages) as well as minors in Religion, Bible, Biblical Languages, and Historical Theology. Basic courses (REL 1013, 1023, 3073) introduce the student to Biblical interpretation and give some contemporary and practical application of Biblical teaching.

Students preparing for Christian ministry are strongly encouraged to major in religion or applied ministry. Other students often benefit professionally and personally from taking one of the several minors in religion or applied ministry offered through the College of Theology and Ministry. The College of Theology and Ministry also strives to make its electives accessible to all OBU students. REL 1013 and 1023 (required of all College of Theology and Ministry majors) are the only prerequisites for most upper-level courses. These advanced courses in Bible, theology, Christian history and various aspects of ministry can serve to prepare a student for whatever form of Christian service their future holds. The College of Theology and Ministry is also happy to work with the student and the other colleges and schools of the university to create interdisciplinary programs which can prepare a person for innovative ministries for which no formal major exists.

I. Common Core for Bachelor of Arts

Credits: 39 Hours

Program must include at least 39 hours of courses at the 3000-4000 level.

REL 1013 - Old Testament History and LiteratureCredits: 3 REL 1023 - New Testament History and Literature.....Credits: 3

INTERDISCIPLINARY

The College of Theology and Ministry offers a general interdisciplinary degree within the Department of Religion. The areas of concentration are designed around three minors of the student's choosing. All three minors may be related to programs housed in the College of Theology and Ministry. However, it is possible to match a minor in the College of Theology and Ministry with one or two from another school or college. This program is particularly suited for two groups of students – those who have very clearly identified career goals which require preparation in multiple areas and those whose career goals are not well defined and want to maximize their opportunities in multiple areas. Students in either of these two groups may elect to focus more intently on a single area in a graduate program.

I. Common Core for Bachelor of Arts Credits: 39 Hours

Program must include at least 39 hours of courses at the 3000-4000 level.

Courses selected on the basis of student interest in consultation with faculty advisor.

CHRISTIAN STUDIES

This program is designed as an adult education degree for persons enrolled in OBU's Ministry Training Institute (MTI). MTI offers a professional degree which incorporates exposure to the liberal arts through general education requirements through Common and Flex Core classes. Courses in the Common and Flex Core can be taken at other colleges and universities and are subject to the approval of the Director of the Ministry Training Institute and the Dean for the Hershel H. Hobbs College of Theology and Ministry. Every course in the Area of Concentration (below) must be completed with a grade of "C" or better. A candidate for this degree must meet the University graduate requirements stipulated in this catalog. If an MTI student is taking course work in Kansas, at least 45 hours taken toward the Bachelor of Arts in Christian Studies must be 3000 or 4000 level courses.

Credits: 128 Hours

* A course in church music or hymnology may be substituted.

ASSOCIATE OF ARTS IN CHRISTIAN STUDIES

This program is designed as an adult education degree for persons enrolled in OBU's Ministry Training Institute. The AACS provides basic preparation in the area of Christian Studies. Students completing this degree receive an introduction to liberal arts studies and have a major emphasis in distinctly Christian studies. Work taken in this program may be applied toward a baccalaureate degree.

Every course in the major must be completed with a grade of "C" or better. Courses in the Common Core can be taken at other colleges and universities and are subject to the approval of the Director of the Ministry Training Institute and the Dean for the Hershel H. Hobbs College of Theology and Ministry. A minimum of 30 hours must be completed through Oklahoma Baptist University. A candidate for this degree must meet the University graduation requirements stipulated in this catalog.

Itstechnical processes and elements are studied via assignments that define its symbolic andcommunicative aspects as well as incorporate its visual and functional principles. Emphasis will beon type development and the study of the grid.
ART 3223	Printmaking I – Intaglio3, FallCreative problems in printmaking with emphasis on composition in one of the intaglio methods.Prerequisite: completion of 13 hours of basic art courses or permission. A materials fee is charged.
ART 3253	Printmaking I – Serigraphy 3, Spring Creative problems in printmaking with emphasis on composition in one of the serigraphic methods.Prerequisite: completion of 13 hours of basic art courses or permission. A materials fee is charged.
ART 3269	Fibers II 2 to 3, Fall Research and experimental work with individual choice of problems. Prerequisite: ART 2269. May be repeated for five total credit hours.
ART 3319	Ceramics II 2 to 3, Spring Research in glazes and experimental work in ceramic design based on wheel-thrown and/or hand- built forms. Prerequisite: ART 2319. May be repeated for five total credit hours. A materials fee is charged.
ART 3339	Painting II – Acrylic/Oil 2 to 3, Fall Studio experience in the use of acrylic and/or oil in various techniques – traditional brush and knife painting and experiments in glazing, collage, and relief. Prerequisite: ART 2339. May be repeated for five total credit hours.
ART 3433	Art and Culture in Latin America (ANTH 3433)3, SpringA survey of pre-Columbian, colonial, republican, and 20th century art in Latin America, including a description of its social and cultural role. Prerequisite: FNAR 2063.
ART 3453	Interactive Design3, SpringAn introduction to digital page layout and interactive design, with consideration given to user experience. Utilizes industry-standard computer applications. Prerequisite: ART 2343 and ART 2353 or permission of instructor.3, Spring
ART 3503	Drawing and Composition3, SpringTheory and practice in the skills of drawing, composition and portrayal of volumetric space, utilizing various drawing media to explore ideas of image making. Prerequisite: ART 1103 or permission of instructor.3, Spring
ART 3793	Advertising Design3, FallThe creation and application of visual concepts for advertising within designer/client scenarios.4Attention is also given to pre-press techniques for file preparation. A meterials fee is charged.9Prerequisite: ART 2343 and ART 2353, or permission of the instructor.9

2	3	8
~	~	v

ART 3999	Cooperative Work Experience <i>l to</i> A supervised and evaluated work experience designed to supplement academic training with on-the-job training relevant to the student's career goals. Prerequisite: approval of division chairman.
ART 4229	Printmaking II-Intaglio 2 to 3, Sprin Advanced work in a medium studied in ART 3229 or elementary work in a different intaglio method. Prerequisite: ART 3229. May be repeated for five total credit hours. A materials fee is charged.
ART 4259	Printmaking II-Serigraphy2 to 3, FaAdvanced work in serigraphy method studied in ART 3259 or elementary work in photo serigraphy methods. Prerequisite: ART 3259. May be repeated for five total credit hours. A materials fee is charged.2 to 3, Fa
ART 4279	Watercolor Painting 2 to 3, Fa Study of the techniques in using transparent watercolor. Prerequisite: Art 1103 or permission. May be repeated for five total credit hours.
ART 4319	Ceramics III 2 to 3, Fa Research and experimental work with individual choice of problems. Prerequisite: ART 3319. May be repeated for five total credit hours. A materials fee is charged.
ART 4329	Advanced Topics in Art <i>l to 4, On Deman</i> An advanced course in a selected area of Art. Not for independent study. Prerequisite: junior standing.
ART 4339	Painting III-Acrylic/Oil 2 to 3, Sprin Advanced study and experience in student's chosen medium and technique. Prerequisite: ART 3339. May be repeated for five total credit hours.
ART 4503	Advanced Drawing3, FaAdvanced studies in drawing and composition. A continuation of the study and discipline of drawing with an emphasis on draftsmanship and personal statement in the finished medium. Prerequisite: ART 3503 or permission of instructor.3, Fa
ART 4771	Practicum/Senior Exhibition Faculty-directed student activity in exhibition-related skills. This is the capstone experience in art and art education degrees. Students will be expected to document their exhibition, provide a catalog and/or statement of purpose and hang their exhibition.
ART 4793	Package Design 3, Sprin The creation and application of visual concepts for three-dimensional visual communication and product packaging within the context of envornmental and retail experiences. Prerequisite: ART 2343 and ART 2353, or permission of instructor.
ART 4999	Independent Study in Art1 toIndependent study for juniors and seniors with at least a B average in Art. Prerequisites: approval of the dean and completion a 4999 Independent Study form.1

BIOLOGY COURSE OFFERINGS

BIOL 1201	Cornerstone of Science Seminar course designed to allow freshman biology students and biology faculty members to discuss the relationship of liberal arts studies to the biological sciences and to consider together careers in biology, problems of the academic endeavor, the biology curriculum, topics of current interest, faculty and student research, and popular classics in biology.	1, Fall
BIOL 1999	Topics in Biology <i>1 to 4, On I</i> A lower level course in a selected area of Biology. Not for independent study. Additional fee may required.	
BIOL 2034	Plant Biology A survey of the relationships within the plant world, considering growth, structure, function (including photo-synthesis, energy requirements, nutrition, and transport mechanisms),	4, Fall

	inheritance, classification and evolution, ecology, adaptation, variation, and the relationship of plants to human culture. Prerequisites: CHEM 1115 and concurrent enrollment in CHEM 3104. Laboratory is required. Additional fee required.	
BIOL 2044	Animal Biology A survey of the relationships within the animal world (including the earth's environment and the eco-evolutionary interactions that permitted evolutionary change and speciation), animal form a function (emphasizing the coordination of functional systems and environmental requirements), classification (emphasizing diversity, evolution, and natural history of each group). Prerequisites CHEM 1113 and concurrent enrollment in CHEM 3114. Laboratory is required. Additional fee required.	nd
BIOL 2274	Microbiology A study of basic and applied aspects of general and medical microbiology and immunology. After examining the basic structural and functional similarities and differences between microorganism and high forms of living organisms, the course will concentrate on the disease-producing properties of microorganisms, the defense mechanisms of hosts (immunity and serological reactions), the pathways by which disease agents are transmitted, and the methods used to contri microorganisms. Recommended for students concentrating in nursing; not to be counted on biology area of concentration. Prerequisites: BIOL 2354 and CHEM 1124. Laboratory is required Additional fee required.	ns rol
BIOL 2354	Human Anatomy Gross and histological study of the human organism with particular emphasis on the neuromuscular systems as related to physical education and health care. Prerequisite: high schoo biology or permission of instructor. Laboratory is required. Additional fee required.	4, Spring ol
BIOL 2364	Human Physiology Detailed study of the manner in which different organ systems of the human body function. Prerequisite: BIOL 2354 or permission of instructor. Laboratory is required. Additional fee required.	4, Fall
BIOL 2999	Independent Study in Biology Independent study for students who have completed a minimum of 24 hours with an overall B average. Prerequisites: approval of the dean and the completion of a 2999 Independent Study form. Additional fee may be required.	1 to 4
BIOL 3014	Molecular and Cellular Biology A study of nucleic acid structures and functions, protein structure, synthesis and regulation, properties of enzymes, biosynthetic pathways and energy metabolism, cell structure and functio physico-chemical organization of cells, energetics, transport, mobility, irritability and homeostati mechanisms, cell growth and division, cell differentiation and transformations, evolutionary potentials of cells, and protistan evolution and origin of multicellularity. Prerequisites: BIOL 203 BIOL 2044, and CHEM 3104. Laboratory is required. Additional fee required.	ic
BIOL 3034	Environmental Biology A study of ecosystems, biogeochemical systems, energy flow and food chains, populations and communities, interactions among species, influence of physical environment, homeostasis and succession, habitats, biogeography, ecology and human welfare, ecological aspects of natural selection, and symbiosis and competition. Prerequisite: BIOL 2044. Laboratory is required. Additional fee required.	4, Fall
BIOL 4014	Genetics Includes classical genetics; cytological basis of inheritance; molecular genetics; physical basis of the genes; gene action; biochemical genetics; cytoplasmic inheritance; mutations; chromosomal aberrations and polyploidy; genetic basis of evolution and speciation; population genetics; biomedical and genetic engineering. Prerequisite: BIOL 3014 or CHEM 3054. Laboratory is required. Additional fee required.	4, Fall
BIOL 4044	Developmental Biology Considers plant and animal ontogeny and morphogenesis; roles of genetic and environmental factors on growth and development, experimental investigation of plant and animal development differentiation, morpho-genesis (molecular, cellular, multicellular); hormonal and other biochemical mechanisms of control and coordination; the role of DNA and RNA in development Prerequisite: BIOL 4014. Laboratory is required. Additional fee required.	

239

BIOL 4329Advanced Topics in Biology1 to 4, On Demand
An advanced course in a selected area of Biology. Not for independent study. Prerequisite: junior
standing. Additional fee may be required.BIOL 4999Independent Study in Biology1 to 4

BIOL 4999Independent Study in BiologyIndependent study for juniors and seniors with at least a B average in Biology. Prerequisites:
approval of the dean and completion of a 4999 Independent Study form. Additional fee may be
required.

BUSINESS ADMINISTRATION COURSE OFFERINGS

BSAD 1111	Business and Professional Careers 1 This experiential, hands-on course provides a biblical foundation for all students preparing for business and other professional careers. 1
BSAD 1999	Topics in Business Administration1 to 4, On DemandA lower level course in a selected area of Business Administration. Not for independentstudy.
BSAD 2003	Business Communications 3 A study of business communication theory and techniques with emphasis on functional application of interpersonal skills, oral presentations, letters, and reports. Prerequisites: ENGL 1153, ENGL 1163, BTEC 1103, and also by instructor permission. 3
BSAD 2999	Independent Study in Business Administration1 to 4Independent study for students who have completed a minimum of 24 hours with an overall Baverage. Prerequisites: approval of the dean and the completion of a 2999 Independent Studyform.
BSAD 3999	International Business Internship6A supervised and evaluated work experience conducted in an international business environment;7The work must be judged by the supervising professor as being significant and as contributing to the student's understanding of international business. Prerequisites: junior standing and approval of the director of Cooperation Education.6
BSAD 4329	Advanced Topics in Business Administration1 to 4, On DemandAn advanced course in a selected area of Business Administration. Not for independent study.Prerequisite: junior standing.
BSAD 4999	Independent Study in Business Administration1 to 4Independent study for juniors and seniors with at least a B average in Business. Prerequisites:approval of the dean and completion of a 4999 Independent Study form.
BLAW 3103	Business Law I 3, Fall, Odd/Even; Spring, Even An introduction to the legal environment of business. Examination of the law in its social context. Principles of contracts, real and personal property, torts, and an introduction to the Uniform Commercial Code.
BLAW 3153	Business Law II 3, Spring, Odd Introduction to commercial paper and banking, creditor's rights, bankruptcy, government regulations, wills and estates. Detailed analysis of agency, partnership, corporations and trusts. Prerequisite: BLAW 3103.

BUSINESS TECHNOLOGY COURSE OFFERINGS

 BTEC 1103
 Fluency in Information Technology

 Introduction to business information technology. Course includes hardware, software, procedures, systems, and human resources and explores their integration and application in business including

electronic communications and presentations, WWW research and authentication, data analysis, and ethical and social impacts. **BTEC 1123 Business Problem Analysis** 3 Course includes elements of business, logic, mathematics, and technology. A procedure-oriented analytical approach is used to develop business decision-making and problem-solving skills. Prerequisite: residentially acquired credit in BTEC 1103. BTEC 2253 Introduction to Website Design and Development 3 An introduction to effective Website design and development. Course includes host operating systems, HTML, and other web development software tools taught in a hands-on environment. Prerequisite: BTEC 1103. BTEC 3503 Management Information Systems 3 Introduction to management of information processing for rational decision making. Topics include records management and other computer applications related to functional business areas. Prerequisite: BTEC 1123. BTEC 4403 3 Data Administration A practical course in the administration of an organization's data. Topics include data analysis, database design and development, structured query language, data management, and data communications. Prerequisite: BTEC 1123.

CHEMISTRY COURSE OFFERINGS

CHEM 1054 Introduction to Chemistry I

A basic introduction to chemistry designed to prepare students for CHEM 1105 and CHEM 1115. The basics of atomic structure, chemical nomenclature, mole concepts, units and measurement, and chemical reaction will be covered. One laboratory session per week. Additional fee required. Prerequisite: MATH 1163 or higher is required as a prerequisite or corequisite.

CHEM 1063 Introduction to Chemistry II

Continuation of CHEM 1054. Chemical bonding, physical chemistry of liquids and solutions; nature of chemical changes and energy changes accompanying such change; structural theory of organic chemistry. Prerequisite: A grade of "C" or better in CHEM 1054. Laboratory is required. Note: CHEM 1054 and CHEM 1063 together will substitute for CHEM 1105. Additional fee required.

CHEM 1105 General Chemistry I

Designed to satisfy the natural science requirement for students selecting majors or areas of concentration with emphasis in one of the natural sciences. Atomic structure and chemical bonding; physical chemistry of liquids and solutions; nature of chemical changes and energy changes accompanying such change; structural theory of organic chemistry; reactions of organic molecules. One laboratory session per week. Additional fee required. Prerequisite: C or better in MATH 1163 or higher, or current enrollment in MATH 1173 or higher.

CHEM 1115 General Chemistry II

Continuation of CHEM 1105. Stoichiometry; equilibrium; electrochemical cells; thermodynamics of inorganic systems; practical applications in qualitative analysis and elementary quantitative analysis. One laboratory session per week. Prerequisites: C or better in CHEM 1105 and MATH 2013 (or MATH 1163/1173; if MATH 2013; taken concurrently). Additional fee required.

CHEM 1124 Introduction to General and Biological Chemistry

Designed to satisfy the natural science requirement in nursing. Atomic structure and chemical bonding; physical chemistry of liquids and solutions; nature of chemical changes and energy changes accompanying such change; structural theory of organic chemistry; reactions of organic molecules; structures and properties of natural organic compounds; chemical reactions in living organisms. One laboratory session per week. Prerequisite: MATH 1163 or 2013. Additional fee required.

4, Fall

5. Fall

5, Spring

4, Fall

3, January Term

CHEM 1999	Topics in Chemistry 1 to 4, On D A lower level course in a selected area of Chemistry. Not for independent study. Additional fee ma be required.	
CHEM 2202	Instrumental Analysis Methods of instrumental analysis in chemistry. Basis for techniques, instrument construction, and spectrum interpretation will be covered. Prerequisite: a grade of "C" or better in CHEM 1115.	2, Fall
CHEM 2999	Independent Study in Chemistry Independent study for students who have completed a minimum of 24 hours with an overall B average. Prerequisites: approval of the dean and the completion of a 2999 Independent Study form. Additional fee may be required.	1 to 4
CHEM 3034	Analytical Chemistry 4, Extension of studies of stoichiometry, titrametric analysis and equilibrium begun in general chemistry. Prerequisite: a grade of "C" or better in CHEM 1115 and MATH 2023. Laboratory is required. Additional fee required.	Spring
CHEM 3043	Environmental Chemistry 3, <i>On D</i> A survey of natural chemical phenomenon in the environment, how they are affected by human activities and the resulting consequences. The application of general chemical principles to understanding and addressing environmental phenomena and problems. Survey of analytical techniques used in environmental chemical analysis. Prerequisites: CHEM 3114 and CHEM 3034 recommended.	
CHEM 3054	Biochemistry The structural and functional properties of proteins, carbohydrates, lipids and nucleic acids are studied to reveal the molecular basis of membrane composition and dynamics, bioenergetics, enzyme kinetics and regulation, and the transmission and expression of genetic information in prokaryotes and eukaryotes. Prerequisite: Grade of "C" or better in CHEM 3114. Laboratory is required. Additional fee required.	4, Fall
CHEM 3104	Organic Chemistry I Considers the correlation of structures of principal classes of organic compounds with their properties, introduction to organic reaction mechanisms, chemistry of polyfunctional compounds including macromolecules of biological significance. Prerequisite: Grade of "C" or better in CHEM 1115 or its equivalent as determined by instructor. Additional fee required.	
CHEM 3114	Organic Chemistry II4,Application of principles from CHEM 3104 to organic reaction mechanisms and to organic qualitative analysis. Prerequisite: A grade of "C" or better in CHEM 3104 or its equivalent as determined by instructor. Additional fee required.4,	Spring
CHEM 3203	Advanced Laboratory 3, On D The use of instruments and advanced techniques in separating and analyzing substances, both inorganic and organic. Prerequisite: CHEM 3034 and permission. Additional fee required.	emand
CHEM 3702	Applied Mathematics in Advanced Chemistry2,This course will concentrate on quantitative problem solving skills for topics covered in2Advanced Inorganic Chemistry and Physical Chemistry I and II, as well as some physics; focusing2on applications such as thermodynamics, chemical group theory, molecular modeling, and2Heisenburg and Schrodinger Formalism. Prerequisite: a grade of "C" or better in MATH 2023 and2CHEM 1105.2	
CHEM 3999	Cooperative Work Experience A supervised and evaluated work experience designed to supplement academic training with on-the-job training relevant to the student's career goals. Up to six hours credit may be earned either with part-time work during the semester (parallel plan) or three-five months of full-time employment (alternating plan). Prerequisite: approval of division chairman and dean.	1 to 6
CHEM 4114	Physical Chemistry/Chemical Physics I (PHYS 4114) Considers states of matter; laws of thermodynamics applied to states and their changes; equilibria kinetics; electromotive force; irreversible processes; quantum theory; topics selected as appropriat to the interests and needs of students enrolled. Prerequisites: a grade of "C" or better in CHEM 1115, PHYS 2525 and CHEM 3702. Laboratory is required. Additional fee required.	

CHEM 4124	Physical Chemistry/Chemical Physics II (PHYS 4124) 4, Sequent of CHEM 4114, involving continuation of the same topics. Prerequisites: A grade o better in PHYS 2525 and CHEM 3702. Laboratory is required. Additional fee required.	Spring, Even f "C" or
CHEM 4329	Advanced Topics in Chemistry 1 to 4, An advanced course in a selected area of Chemistry. Not for independent study. Prerequisite standing. Additional fee may be required.	, On Demand :: junior
CHEM 4504	Inorganic Chemistry The bonding and reactivity of inorganic molecules will be emphasized. Several bonding the will be discussed and applied to understand the properties and reactivity of coordination compounds and organometallic systems. Prerequisites: a grade of "C" or better in CHEM 31 MATH 2023. Laboratory is required. Additional fee required.	
CHEM 4603	Advanced Biochemistry Metabolic and biosynthetic pathways will be emphasized and the biochemical description o molecular immunology will be introduced. Additional fee required. Prerequisite: Grade of "o better in CHEM 3054 or BIOL 3014.	
CHEM 4652	Biochemical Methods Experimentation in recombinant DNA techniques, genetic and enzymatic regulation, and enzymecoenzyme interactions; Additional fee required. Prerequisite: Grade of "C" or better CHEM 4603 or concurrent enrollment in CHEM 4603.	2, Spring in
CHEM 4703	Forensic Chemistry This course is an introduction to the use of scientific evidence in the legal system. Prerequis grade of "C" or better in CHEM 3114 and CHEM 2202 is recommended.	3, Spring ites: a
CHEM 4999	Independent Study in Chemistry Independent study for juniors and seniors with at least a B average in Chemistry. Prerequisit approval of the dean and completion of a 4999 Independent Study form. Additional fee may required.	

CHURCH MUSIC COURSE OFFERINGS

CHMU 1000	Fellowship of Church Musicians The Fellowship of Church Musicians (FCM) is the student chapter of The Southern Baptist Church Music Conference. It is required each semester for Church Music majors, but is open for all who are interested in church music. It meets regularly each semester for programs about various aspects of church music. Additional fee required.	0
CHMU 1503	The Language of Music Students will learn the basic skills of music reading and deal with the rudiments of music theory that they will encounter in a worship setting. This includes note names in bass and treble clef, key signatures and scales up to 5 flats and sharps, chord spellings, the basics of modulation, how to read a chord chart, and the basics of tablature. This will also include a listening portion to help the students begin to develop basic aural skills associated with music in worship. Students who already have a background in music theory may take a placement exam and receive course credit.	3
CHMU 1703	Leading Contemporary Worship This course will deal with the three major issues of the guitar-playing worship leader: consistent rhythm guitar technique that supports congregational singing, effective and healthy vocal production while playing and leading, and general skills in worship leadership. Music will be chosen in keeping with a student's ability and experience. Prerequisite: Students should come into the class being able to tune their own guitar and play in a few open keys such as G, D, or C. Students who do not play guitar should take INMU 1011 Guitar Class and Techniques.	3
CHMU 2011	Handbell Techniques 1, Fall, E A study of handbell techniques and materials and methods of organizing and training handbell choirs for school and church.	lven

CHMU 2102 Introduction to Church Music 2. Fall Designed to provide the sophomore church music student with an overview of music ministry. Students will be introduced to such areas as theology, counseling, media, life and work of the music minister, and church music history. Includes 25 hours of music ministry observation. CHMU 2381 **Church Music Administration** 1, Spring, Even Survey of the principles involved in organizing and implementing a full-graded music ministry, including budgeting, programming, and multiple staff relationships. CHMU 3012 Introduction to Keyboards 2, Spring, Odd Familiarization with the basic technical skills required for playing worship services from the organ, piano, or keyboard. Topics include standard organ registrational practices, hymn expansion for pianists, electronic keyboards as enhancement to worship, and purchase and maintenance of instruments. Prerequisites: four semesters of piano and junior standing. CHMU 3482 Children's Music Ministry 2, Fall, Odd Study and practice of current and traditional philosophies, methods and materials for use with preschool through sixth-grade church choirs. CHMU 3492 Youth and Adult Music Ministry 2, Spring, Odd Continuation of CHMU 3482. Emphasis on junior and senior high school and various adult church choral methods and materials. Prerequisites: CHMU 3482; MUSC 3412 is strongly recommended. CHMU 3703 Corporate Worship I 3, Fall, Even Corporate Worship I combines the study of congregational song (hymnology), worship, worship leadership, and worship resources. The course includes the study of congregational music used in worship in North America, contemporary worship music used outside of North America, an historical study of the development of worship and congregational song, an historical/ biblical study of worship, and global worship practices. In addition, the course will include field observations and student-planned worship events. Prerequisite: CHMU 2102. CHMU 3713 Corporate Worship II 3, Spring, Odd Corporate worship II combines the study of congregational song (hymnology), worship, worship leadership, and worship resources, and is the companion course to Corporate Worship I. The course includes analysis of the literary, scriptural, and theological content of congregational songs, planning strategies for worship, worship leadership, a study of current worship trends in North America, and a survey of choral, vocal, instrumental, and technological resources for planning worship. In addition, the course will include student led worship events, field study, and a final research project. Prerequisite: CHMU 3703. CHMU 4501 Issues in Church Music 1, Spring Reading and discussion related to current issues in church music. Designed to assist the student in relating church music philosophy to contemporary issues. CHMU 4582 2. Fall. Even Instrumental Music in the Church Designed to provide the church musician with practical knowledge of church instrumental music. Topics include history of church instrumental music, practical scoring, introduction to all orchestral instruments, rehearsal techniques, and building a church orchestra. Prerequisites: junior standing, MUTC 2212 and MUTC 2232. CHMU 4732 Music Ministry Internship 2, January A 4-week internship (160 hours) in an area church under the direct supervision of the minister of music. Periodic observations by the faculty. Prerequisite: permission. **COMMUNICATION ARTS**

COURSE OFFERINGS

CMAR 1003 Art of Communication

This course will introduce students to constructing effective stories for various delivery systems - print, electronic, personal, and public. Students will learn the basic elements and processes for applying words, pictures, and sounds for each of the delivery systems.

3, Spring

CMAR 1092	Introduction to Speech Communication 2 Fundamentals of preparation and delivery of speeches; listening skills; basics of small-group communication. 2
CMAR 1103	Foundations of Communication Arts 3, <i>Fall</i> An introduction to the various cornerstones of communication arts - telecommunication, strategic communication, applied communication, theatre arts, and news and information. The course segments will be team taught and focus on ethical responsibilities, critical thinking, leadership, creative development and interpretation, information gathering, and decision making. The course will also focus on the cornerstone principles for becoming a successful college student and beyond
CMAR 1999	Topics in Communication Arts3, On DemandA lower level course in a selected area of Communication Arts. Not for independent study.Additional fee may be required.
CMAR 2203	Media and Culture 3, Fall This course will examine mass media and its effects on American society and culture. Students will be introduced to various media forms and content in order to examine public opinion, attitudes, and behavioral and social changes.
CMAR 2403	Literature Analysis and Interpretation 3, Spring Basic principles of interpretation with attention to analysis and preparation for oral performance of prose, drama, poetry and varied forms of group interpretation.
CMAR 2503	Information Gathering/Research3, FallThis course will introduce students to traditional and electronic information gathering skills.Students will be introduced to basic social science research concepts and design, and they willreceive an understanding of research methods. Students will be able to adapt information andresearch to the needs of intended audiences and to present research and information across variousplatforms of communication.
CMAR 2999	Independent Study in Communication Arts1 to 4Independent study for students who have completed a minimum of 24 hours with an overall Baverage. Prerequisites: approval of the dean and the completion of a 2999 Independent Studyform.
CMAR 3123	Social Responsibility 3, Spring This course will introduce students to various communication arts audiences and stakeholders - readers, viewers, listeners, and managers. Within this context, the course will focus on legal, ethical and economic obligations and responsibilities.
CMAR 4329	Advanced Topics in Communication Arts 3, On Demand An advanced course in a selected area of Communication Arts. Not for independent study.
CMAR 4403	Management in Communication Organizations 3, Spring Study and application of advertising, sales, marketing, promotion, and personnel issues related to the communication environment within corporations or organizations.
CMAR 4999	Independent Study in Communication Arts1 to 4Independent study for juniors and seniors with at least a B average in Communication Studies.Prerequisites: approval of the dean and completion of a 4999 Independent Study form.

COMPUTER INFORMATION SCIENCE COURSE OFFERINGS

CIS 1999	Topics in Computing and Information Science	1 to 4, On Demand
	A lower level course in a selected area of Computing and Information Science. Not for	or independent
	study.	
CIS 2703	C++ Programming	3, Fall
	Program development using C++ with emphasis on both structured and object-orier	nted
	programming. Prerequisite: BTEC 1103 or instructor permission.	

245

CIS 2723	Java Programming3, SprProgram development using Java with emphasis on both structured and object-oriented programming. Prerequisite: BTEC 1103 or instructor permission3, Spr	ing
CIS 2999	Independent Study in Computing and Information Science1 tIndependent study for students who have completed a minimum of 24 hours with an overall Baverage. Prerequisites: approval of the dean and the completion of a 2999 Independent Studyform.	to 4
CIS 3103	Database Program Development3, Spring, EA course emphasizing software design and programming in a database environment. Prerequisites:CIS 2703 and CIS 2723 with grades of C or better.	ven
CIS 3303	Programming Languages3, Fall, EThe analysis of the organization and specification of programming languages including a comparison of the behavior and structure of different languages. Prerequisites: CIS 2703 and CIS 2723 with grades of C or better.	ven
CIS 3403	Systems Analysis 3, Fall, C A study of the techniques used in the analysis, design and implementation of an operational applications software system. Prerequisites: CIS 2703 and CIS 2723 with grades of C or better.)dd
CIS 3503	Visual Programming 3, 1 Program development using a graphical programming tool to create applications for a graphical environment. Prerequisites: CIS 2703 and CIS 2723 with grades of C or better. 3, 1	Fall
CIS 3703	COBOL Programming3, SprAdvanced business applications and file processing in COBOL. Prerequisites: CIS 2703 and CIS2723 with grades of C or better.	ing
CIS 3999	Advanced Cooperative Work Experience1 dA supervised and evaluated work experience designed to supplement academic training with on-the-job training relevant to the student's career goals. In the parallel plan, up to three hours of credit may be earned with part-time work during the semester or with full-time employment during the summer. In the alternating plan, up to six hours of credit may be earned with full-time employment during a semester. The course may be repeated for up to a total of 12 hours credit. Prerequisites: approval of director of Cooperative Education; CIS 2703 and CIS 2723.	to 6
CIS 4013	Computer Systems and Organization 3, Fall, E An evaluation of the technical concepts of computer systems and computer architecture. Includes programming in an assembly language. Prerequisites: CIS 2703 and CIS 2723 with grades of C or better.	ven
CIS 4023	Operating Systems and Computer Architecture 3, Spring, C An examination of operating systems and interrelationships between operating systems and computer architecture. Prerequisite: CIS 4013 with grade of "C" or better.)dd
CIS 4043	Data Structures3, Fall, CExamination of stacks, queues, lists, trees, graphs, sorts, merges, searches, and associated algorithms. Prerequisites: CIS 2703 and CIS 2723 with grades of C or better.3)dd
CIS 4203	Software Development Project 3, Spring, E Operational systems are developed using computers and commercial software. Prerequisite: CIS 3403 with grade of "C" or better.	ven
CIS 4329	Advanced Topics in Computing and Information Science1 to 4, On DemoAn advanced course in a selected area of Computing and Information Science. Not for independentstudy. Prerequisite: junior standing.	ınd
CIS 4999	Independent Study in Computing and Information Science 1 a Independent study for juniors and seniors with at least a B average in Computing and Information 1 a Science. Prerequisites: approval of the dean and completion of a 4999 Independent Study form. 1 a	to 4

DIGITAL MEDIA ARTS COURSE OFFERINGS

DMAR 1154	Introduction to Communication Technology This is a course designed to provide the student with a fundamental understanding of the tools and techniques of visual, aural, and computer-mediated communication. The student will learn how to integrate these technologies into the various disciplines represented in Communication Arts in order to be a more effective and articulate communicator. Additional fee required.
DMAR 1203	Audio Production 3, Fa The fundamentals of radio and television announcing including appropriate techniques for use of microphones, recorders, and audio production. Additional fee required.
DMAR 1999	Topics in Electronic Media Production 1 to 4, On Deman A lower level course in a selected area of Digital Media Arts. Not for independent study. Additional fee required.

GENERAL SCIENCE COURSE OFFERINGS

GNSC 1001 Computing for Science I 1, Fall This course covers the use of office packages, graphical line fitting, and experience with different operating systems such as Linus, Mac OS, and Windows. The use of the world wide web as a research and collaborative tool in science will also be covered. **GNSC 1114** Issues in Physical Science 4, Fall A survey for non-science majors of selected topics in the physical sciences such as planetary motion, mechanics, atomic theory, relativity, cosmology and astrobiology. Includes historical development, the scientific method, the relation of science to cultural context and contemporary issues. Will not satisfy the basic core science requirement for B.S. Degrees other than education, mathematics, computer science or exercise and sports science. Prerequisites: GNSC 1114 followed by GNSC 1124 is the preferred order. Required laboratory with additional fee. **GNSC 1124** Issues in Biology 4, Spring A survey for non-science majors of selected topics in life sciences such as anatomy, physiology, genetics, paleontology, sociobiology, environmental and evolutionary biology. Includes historical development, the scientific method, the relation of science to cultural context and contemporary issues. Will not satisfy the basic core science requirement for B.S. Degrees other than education, mathematics, computer science or exercise and sports science. Prerequisites: GNSC 1114 followed by GNSC 1124 is the preferred order. Required laboratory with additional fee. GNSC 1201 **Cornerstone of Science** 1. Fall Seminar course designed to allow freshman science students and faculty members to discuss the relationship of liberal arts studies to the sciences and to consider together careers in science, challenges of academic integrity and ethical responsibility, the biology curriculum, topics of current interest, faculty and student research, and popular classics of science. **GNSC 1999** Topics in General Science 1 to 4. On Demand A lower level course in a selected area of General Science. Not for independent study. Additional fee may be required. **GNSC 2204** Earth Science 4, Fall Study of characteristics and theories of the development of Earth and its neighbors in space. Includes geology, meteorology, and astronomy. Note: This course will not substitute for GNSC 1114 or GNSC 1124. Laboratory is required. Additional fee required. GNSC 2304 **Environmental Science** 4, Spring Develops further the chemical aspects of geology, meteorology and astronomy introduced in Earth Science. Also included is the study of selected areas of physical and life sciences related to environmental issues. Among these areas are energy sources and exchanges and molecular biology. Individual scientific research project requires extensive literature search on current issues, collection of quantitative data, and a high level of reasoning. Laboratory is required. Additional fee required. This course will not substitute for GNSC 1114 or GNSC 1124. Prerequisite: GNSC 2204 or permission of instructor. GNSC 2501 1 Planetarium Operations A special laboratory course in which students plan, produce and present planetarium shows. This opportunity for hands-on experience in astronomy, educational principles and multi-media technologies, as well as fine arts and communication skills, offers benefit to a variety of careers. **GNSC 2999** 1 to 4 Independent Study in General Science Independent study for students who have completed a minimum of 24 hours with an overall B average. Prerequisites: approval of the dean and the completion of a 2999 Independent Study form. Additional fee may be required. GNSC 3102 History of Science 2, Spring, Odd History of science with emphasis on the development of physics from classical through modern physics and the historical development of chemistry and biology to the present. GNSC 3114 Issues in Physical Science 4, Spring This course focuses on a specific physical science area and is intended for non-science majors. Required laboratory with additional fee.

GNSC 3123	History and Philosophy of Science through Newton (PHIL 3123)3, Spring, EvenAn introduction to major issues in the philosophy of science with an emphasis on critical episodesin the historical development of science through Newton.
GNSC 3301	Computing for Science II1, SpringThis course covers computer hardware and advanced scientific computing applications.Prerequisite: GNSC 1001
GNSC 4113	Cosmology and Cultures3, FallHistorical development of selected scientific concepts such as planetary motion, mechanics, heat, light, atomic and quantum theory, relativity, ecosystems, evolution, and molecular biology.3Emphasis primarily on the physical sciences. Laboratory is required as well as additional lab work that culminates in a senior project. Additional fee required.3
GNSC 4329	Advanced Topics in General Science 1 to 4, On Demand An advanced course in a selected area of General Science. Not for independent study. Prerequisite: junior standing. Additional fee may be required.
GNSC 4951	Science Capstone 1, Spring Seminar course designed to allow senior science students to reflect on the sum of their 1, Spring undergraduate science experiences, prepare for entrance into future scientific endeavors, 1, Spring contemplate the integration of faith and science, and to demonstrate competency in the application 1, Spring of knowledge and skills acquired through completion of an independent research project. 1, Spring
GNSC 4999	Independent Study in General Science1 to 4Independent study for juniors and seniors with at least a B average in General Science.Prerequisites: approval of the dean and completion of a 4999 Independent Study form. Additionalfee may be required.

GERMAN COURSE OFFERINGS

KYMU 1010	Piano Seminar 0 Performance class required each semester of all piano concentrations. Course graded on a pass/fail basis. 0
KYMU 1020	Organ Seminar0Performance class required each semester of all organ concentrations. Course graded on a pass/fail0basis.1
KYMU 1041	Sight Reading Laboratory I 1, Fall Laboratory instruction to include basic sight reading techniques and functional skills for piano 1, Fall performance, organ performance, piano pedagogy, and BMA piano majors. 1, Fall
KYMU 1051	Sight Reading Laboratory II1, SpringContinuation of KYMU 1041. Prerequisite: KYMU 1041.
KYMU 1091	Chamber Music I 1 Participation in the performance of art songs and other appropriate literature with singers, or participation in the performance of appropriate literature with instrumentalists. 1
KYMU 1101	Chamber Music II 1 Participation in the performance of art songs and other appropriate literature with singers, or participation in the performance of appropriate literature with instrumentalists. 1
KYMU 1121	Piano Accompaniment I 1, Fall A study of the accompanist's role in vocal literature. Repertoire includes Italian Art Songs, 6 German Lieder, and French Melodies, operatic and oratorio arias. Emphasis on sight reading and interpretation. 1
KYMU 1131	Piano Accompaniment II1, SpringContinuation of KYMU 1121. Prerequisite: KYMU 1121.
KYMU 2091	Piano Ensemble 1, Fall/Even, Spring/Odd Study and performance of piano duet and two-piano literature. May be repeated for credit.
KYMU 2101	Chamber Music III 1 Participation in the performance of art songs and other appropriate literature with singers, or participation in the performance of appropriate literature with instrumentalists. 1
KYMU 2112	Organ Service Playing 2, <i>On Demand</i> Practical study of organ repertoire for the church service, including the adaptation of anthem and oratorio accompaniments to the organ and registration techniques.

KYMU 2121	Piano Accompaniment III 1, Spring, Odd Study of the problems encountered in the accompaniment of choral literature, including the skills of open score reading, error detection, and techniques of rehearsal accompanying.
KYMU 2131	Choral Conducting Lab Accompaniment 1, Spring, Odd Practical experience accompanying choral anthem literature and choral excerpts from oratorio/ larger works.
KYMU 3101	Chamber Music IV 1 Participation in the performance of art songs and other appropriate literature with singers, or participation in the performance of appropriate literature with instrumentalists. 1
KYMU 3113	Piano Literature I 3, Fall, Odd A survey of the literature written for the piano and its predecessors from the Baroque period through the Classical period.
KYMU 3123	Piano Literature II 3, Spring, Even A survey of piano literature from the Romantic period to the present. 3, Spring, Even
KYMU 3503	Piano Pedagogy I 3, Fall, Even Study and application of teaching methods for the beginning student. Consideration will be given to both group and private instruction. Observation of teaching and supervised teaching is required. 3, Fall, Even
KYMU 3513	Piano Pedagogy II 3, Spring, Odd Continuation of Piano Pedagogy I. Observation of teaching and supervised teaching is required. Prerequisite: KYMU 3503.
KYMU 3612	Organ Literature I 2, On Demand Survey of solo literature for the organ from its origin to 1750. Emphasis placed on repertoire and interpretation as well as influences on musical styles.
KYMU 3622	Organ Literature II 2, On Demand Survey of solo literature for the organ from 1750 to the present. Emphasis placed on repertoire and interpretation as well as influences on musical styles.
KYMU 3989	Junior Recital 0 to 1 A student seeking the B.M. applied degree must be enrolled in KYMU 3989 the semester of the junior recital performance. Evaluation is based on the student's performance of the recital, and the final grade is given by a committee of the keyboard faculty.
KYMU 4503	Piano Pedagogy III 3, On Demand Continuation of Piano Pedagogy II with emphasis on intermediate-level Baroque and Classical repertoire. Supervised teaching is required. Prerequisite: KYMU 3513.
KYMU 4513	Piano Pedagogy IV3, On DemandContinuation of Piano Pedagogy III with emphasis on intermediate-level Romantic and Contemporary repertoire. Supervised teaching is required. Prerequisite: KYMU 4503.
KYMU 4612	Organ Pedagogy I 2, On Demand Analysis of various teaching methods; designed for the beginning organ student. Also special problems of organists and organ teachers, including substantial emphasis on supervised practice teaching. Techniques of hymn and service playing, including repertoire for use throughout the church year. Prerequisite: concurrent enrollment in KYMU 3612.
KYMU 4622	Organ Pedagogy II 2, On Demand Continuation of Organ Pedagogy I. Study of advanced manual and pedal techniques, registration, memorization, articulation, phrasing, styles and ornamentation. The adaptation of oratorio and anthem accompaniments to the organ. Prerequisite: concurrent enrollment in KYMU 3622.
KYMU 4921	Recital Accompaniment 1 For the Bachelor of Music applied piano or organ major. Accompanying one full or two vocal/ instrumental half recitals. 1
KYMU 4989	Senior Recital0 to 1Students must enroll during the semester of the senior recital performance. Students seeking the performance degree must enroll for one hour credit; all others enroll for zero credit. Evaluation is based on the student's performance of the recital and the final grade given by a committee of the keyboard faculty.

KINESIOLOGY COURSE OFFERINGS

KINE 1011	Survey of the Movement Sciences 1, Fall This class is designed to orient students to the movement sciences. Basic foundations, terminology and other pertinent topics will be covered. Career opportunities outside of teaching will be explored.
KINE 1051	Traditional Team Sports I 1, Fal This course, taught primarily for prospective physical educators, will include the fundamental skills, rules, and knowledge of flag football, soccer, and basketball. 1
KINE 1061	Traditional Team Sports II 1, Spring This course, taught primarily for prospective physical educators, will include the fundamental skills rules and knowledge of volleyball, softball, and track and field.
KINE 1071	Individual Activities/Sports I 1, Fall This course, taught primarily for physical educators, will include the fundamental skills and rules of tennis, badminton, bowling and table tennis.
KINE 1081	Nontraditional Sports/Activities/Games 1, Spring This course, taught primarily for physical educators, will include introduction to, and participation in, the latest nontraditional games such as Korfball, Team Handball, Ultimate Frisbee, and other cooperative games and activities.
KINE 1101	First Aid/CPR I This course offers certification based on American Red Cross standards for first aid. Also, CPR I certification in either the American Red Cross or American Heart Association System will be included. I
KINE 1111	CPR for the Professional Rescuer 1, Spring This class will lead to certification as a professional rescuer and will follow American Red Cross guidelines. It is equivalent to the American Heart Association Basic Life Support for Healthcare Providers [®] course.
KINE 1171	Individual Activities/Sports II 1, Spring This course, taught primarily for physical educators, will include the fundamental skills and safety knowledge necessary to teach aquatics, tumbling, rhythmics, and elementary games.
KINE 1201	Basic Technology in KALS1, FalThis course will focus on basic computer skills and technology specific to the Kinesiology area;including, but not limited to, software needs in fitness, nutrition, web analysis, use of bodycomposition devices, and fitness development technology. Must enroll in related lab.including, but not limited to, software needs in fitness, nutrition, web analysis, use of body
KINE 1512	Foundations of the Exercise and Sports Sciences 2, Fall This course is a study of the historical, philosophical, and theoretical basis of the movement 3 sciences. This will include foundations of public school health/physical education programs as well 3 as the perspectives of the nonteaching fields of the exercise and recreational sciences. 3
KINE 1723	Care and Prevention of Athletic Injuries 3, Spring This course will include a study of injuries in the exercise and sports sciences. Methods of care and prevention with emphasis on the common injuries and taping techniques will be included. 3, Apring Additional fee required. 3, Spring 3, Spring
KINE 1732	Basic Nutrition 2, Fall A study of the basics of human nutrition as it affects movement, health and disease.
KINE 1999	Topics in Kinesiology 1 to 4, On Demand A lower level course in a selected area of Kinesiology. Not for independent study.
KINE 2011	Adapted Physical Education1, SpringCourse is designed to acquaint students with ways to adapt activities and games for students with disabilities; including peer teaching, field observations, and actual teaching opportunities. Additional fee required. Prerequisites: SPED 3022 or concurrent enrollment; and sophomore standing.

KINE 2049	Practicum in Athletic Training Supervised observation and assistance of a Certified Athletic Trainer in various athletic training settings. These hours will count toward the NATA standards. Prerequisite: permission. Additional fee required.	1 to 4
KINE 2059	Practicum in Teaching/Coaching in KINE Supervised observation and/or assisting in the KINE or athletic setting. This may include planning scheduling, and conducting classes or team practices and games. Prerequisite: permission. Additional fee required.	1 to 4 5,
KINE 2089	Practicum in Exercise Science Supervised observation and field experience in an exercise science or allied health field setting. permission. Additional fee required.	1 to 4
KINE 2312	Water Safety Instructor2,Gives candidates theoretical and practical knowledge and assistance in the teaching of Red Cross2,Water Safety courses. It is possible to receive Red Cross Water Safety Instructor (WSI) or Basic2,Swimming Instructor (BSI) certification upon successful completion of requirements. Prerequisite:2,current Advanced Lifesaving Certificate and at least 17 years of age.2,	Spring
KINE 2411	Sports Officiating I Emphasis on knowledge of rules and practical experience in the mechanics of officiating. Requires officiating in various intramural activities. Major sports covered include flag football, volleyball and soccer. Lab experience will be required through a supervised officiating experience in the OBU Intramural Sports Program.	
KINE 2421	Sports Officiating II <i>l</i> , Emphasis on knowledge of rules and practical experience in the mechanics of officiating. Requires officiating in various intramural activities. Major sports covered include basketball, softball and track and field. Lab experience will be required through a supervised officiating experience in the OBU Intramural Sports Program.	Spring
KINE 2429	Practicum in Sports Officating 0-4, Fall, Supervised observation and assistance in various sports officiating situations. Additional fee required.	Spring
KINE 2534	Functional Human Musculoskeletal Anatomy The students will learn basic anatomy of the human musculoskeletal and neurological systems with application to human movement. A lab will be included with dissection.	4, Fall
KINE 2999	Independent Study in Kinesiology Independent study for students who have completed a minimum of 24 hours with an overall B average. Prerequisites: approval of the dean and the completion of a 2999 Independent Study form.	1 to 4
KINE 3022	Principles of Exercise and Fitness Behaviors 2, A study of motivations related to health behaviors in our society. Will include methods, materials and pedagogical strategies in such health behavior as weight and stress management, smoking cessation, exercise adherence, and others.	Spring
KINE 3049	Clinical Internship in Athletic Training Supervised assistance of a Certified Athletic Trainer. These hours will count toward the NATA standards. Prerequisite: permission. Additional fee required.	1 to 4
KINE 3053	Advanced Athletic Injury Recognition, Evaluation and Management This course is designed as a fast-paced exploration of all facets of athletic training. This course focuses upon current issues and problems related to the athletic training profession, topics including professional ethics and competencies, and medicolegal liability. Advanced athletic training employs a multi-disciplinary approach to injuries to the athlete, providing a thorough understanding of applied anatomy and physiology, biomechanics, neurophysiology, injury prevention, recognition, assessment, primary treatment and rehabilitation methods that are essential to return the athlete to pre-injury levels of fitness, muscular strength, and competition. Prerequisite: KINE 2534 or BIOL 2354; and KINE 2723.	3, Fall

KINE 3102	Motor Learning of Sports and Movement Skills	2, Spring
	Analysis of research evidence related to how people initiate, control, and terminate me Behavioral and neurophysical basis for information processing as well as the biochemi placed on human movements will be examined.	
KINE 3201	Teaching/Designing Individual Fitness Activities This course will give the students the necessary knowledge, skills, and methods to tea bench aerobics, weight training, and other individual fitness activities.	1, Fall, Odd ch aerobics,
KINE 3223	Psychology of Coaching Study of the psychological principles involved in athletics including motor learning, a societal pressures, motivation, and evaluation of attitude.	3, Spring ggression,
KINE 3352	Legal Issues in KALS This course will explore legal issues as they apply to KALS. A seminar format with tea will be used. Prerequisite: junior or senior standing.	2, Fall m teaching
KINE 3403	Nutrition for Fitness and Sport This course will cover nutritional needs and dietary concerns for the physically active This will include the needs of the fitness enthusiast as well as the needs of the high lev Prerequisite: CHEM 1105.	
KINE 3503	Exercise Assessment & Prescription This course will cover the latest techniques in physical fitness and exercise assessment the students will be guided through the process of prescribing exercise programs for r special populations. Must enroll in related lab.	
KINE 3553	Current Health Issues This course will be a survey of current health issues in contemporary society. Topics c include but not be limited to: drug and alcohol abuse, obesity, heart disease, mental h Type II diabetes.	
KINE 3602	Program Design for Fitness and Sport Activities This course will cover how to plan and design programs which include fitness and sp for all age groups.	2, Fall, Even orts activities
KINE 3804	Exercise Physiology I Study of the physiological basis of human movement and exercise. Emphasis will be c and other forms of physical education testing.	4, Fall on exercise
KINE 3911	Advanced Coaching Pedagogy This course is designed for the student who desires more in-depth study of how to co particular sport. It will cover how to organize practices, games, game strategy, scoutin analysis, motivation of players, conditioning, and off season training. May be repeated credit. Prerequisite: junior or senior standing.	g, opponent
KINE 4003	Therapeutic Modalities in Sports This course is designed to present the athletic training student with information and e concerning the use of therapeutic modalities in the treatment and rehabilitation of inji as well as the scientific foundation of the modalities. The modalities to be introduced hydrotherapy, thermotherapy, cryotherapy, electrotherapy, and manual and mechanica This course will also entail proper selection and application of appropriate procedures physiological responses to these procedures. Prerequisite: KINE 2723.	ured athletes, will include l techniques.
KINE 4013	Therapeutic Exercise and Rehabilitation in Sports Medicine The primary focus of this course is the application of neuromuscular re-education, me and exercise specifically as each relates to the varied and detailed goals of rehabilitatio athletes. Prerequisite: KINE 2723.	
KINE 4099	Clinical Internship in Exercise Science Supervised clinical hands on experience in an exercise science or allied health field set permission. Additional fee required.	1 to 4 tting.
KINE 4101	NSCA Strength Certificate This course will prepare the student to take the personal trainers certification test from American College of Sport Medicine or the National Strength and Conditioning Assoc	

KINE 4183	Organization and Administration of Recreation and Fitness Programs3, SpringEmphasis will be on planning and administering recreation and fitness programs. Topics will include: voluntary staff, paid staff, budgeting, equipment, supervision, and program evaluation.
KINE 4329	Advanced Topics in Kinesiology 1 to 4, On Demand An advanced course in a selected area of Kinesiology. Not for independent study. Prerequisite: junior standing.
KINE 4451	Assessment in HPER K-121This course is designed to demonstrate the use of pre and post-testing to document impact on student learning. It will also include information on how assessment data is used to form the creation of future lesson plans. Taken as part of the student teaching block.1
KINE 4513	Management of Kinesiology and Leisure Studies Programs 3, Fall Study of the principles and problems of organizing and administering programs. Special attention to personnel and program administration in both highly competitive and recreational sports.
KINE 4551	Tests and Measurements 1, Spring Emphasis will be on testing, measuring, and evaluating as these apply to the teaching of Health and Physical Education. Prerequisite: junior or senior standing.
KINE 4803	Exercise Physiology II 3, Spring, Odd This course is a continuation of Exercise Physiology I (KINE 380). Topics to be covered in-depth will include subcellular muscle, respiratory, and renal responses to exercise stress. Also current information regarding metabolic responses to exercise will be included as will advanced exercise testing techniques. Prerequisites: KINE 3803 and CHEM 1105.
KINE 4833	Kinesiology and Sports Skill Assessment3, SpringStudy of mechanical and kinesiological principles applicable to physical education and athletics, factors important to effective movement, assessment of skills, training and conditioning. Prerequisite: KINE 2534 or BIOL 2354.
KINE 4999	Independent Study in Kinesiology1 to 4Independent study for juniors and seniors with at least a B average in Kinesiology. Prerequisites:approval of the dean and the completion of a 4999 Independent Study form.

LEISURE STUDIES COURSE OFFERINGS

LEIS 1013	Introduction to Sports Ministry This course provides an overview of sports-related ministries. Students will be taught the and biblical foundations of sports ministry. They also will be introduced to the work of e sports ministry organizations, networks, and mission agencies. The course will include t and case studies for using sport as a tool for evangelism, discipleship, and church plantic	echniques
LEIS 1051	Introduction to Rock Climbing (PHED 1051) An introduction to the sport of Rock Climbing. Class topics will include technique, style climbing, safety concerns, equipment usage, ethics, and basic anchor construction. Requ experiential exercises outside of class will include actual climbing in order to apply conc learned in the classroom. Open to all classifications. Additional fee required.	uired

1 to 4

MATHEMATICS COURSE OFFERINGS

MATH 1033	Introduction to Contemporary Mathematics Logic, mathematical systems, geometry, probability and statistics, numeration and number theory.	3
MATH 1163	College Algebra Equations, inequalities, polynomial functions, rational functions, graphs, logarithmic functions, exponential functions, determinants, series, sequences, and probability. Prerequisite: GNED 1133 or 1.5 years of high school algebra (with a grade of "C" or better in the most recent course) or a satisfactory score on the mathematics placement exam.	3
MATH 1173	College Trigonometry Trigonometric functions and their graphs, fundamental identities, logarithms, and applications. Prerequisite: MATH 1163 (with a grade of "C" or better) or concurrent enrollment in MATH 1163.	3
MATH 1203	Elementary Mathematics I 3, Selected topics from the theory of elementary mathematics, including the origin of numerals and systems of numeration; sets and relations, and the structure and properties of the systems of whole numbers, the integers, the rational numbers, and the real numbers. Prerequisite: MATH 1033 or division Chairperson approval. Credit will not apply toward a mathematics or a secondary mathematics education degree.	Fall
MATH 1213	Elementary Mathematics II 3, <i>Sp</i> Continuation of MATH 1203, including study of metric system and special emphasis on informal geometry. Prerequisite: MATH 1203 or permission of division Chairperson. Credit will not apply toward a mathematics or a secondary mathematics education degree.	ring
MATH 1223	Elementary Mathematics III3,Continuation of MATH 1213, including a study of basic geometric construction, translations, reflections and rotations, basic statistics, introduction to basic probability and calculator usage.3,Prerequisite: MATH 1213 or permission of division Chairperson. Credit will not apply toward a mathematics or a secondary mathematics education degree.3,	Fall
MATH 1903	Calculus for Business and Social Sciences Differentiation and integral calculus especially designed for business and social science majors, emphasizing functions of one variable, including exponential and logarithmic functions, limits and continuity; differentiation, graphing and optimization; and integration; A grade of "C" or better is required for Business majors. Prerequisite: MATH 1163 or two years of high school algebra (with a grade of "C" or better in the most recent course).	3
MATH 1999	Topics in Mathematics 1 to 4, On Dem A lower level course in a selected area of Mathematics. Not for independent study.	and
MATH 2003	Basic Statistics Introduction to descriptive statistics and statistical inference. Study of the processes of collection, organization, presentation and interpretation of numerical data. Population sampling and prediction. Probability theory. Prerequisite: MATH 1163 or equivalent with a grade of " <i>C</i> " or better.	3
MATH 2013	Analytic Geometry and Calculus I Functions and their graphs, limits, continuity, derivatives, differentials, trigonometric functions, applications of the derivative, Mean Value Theorem. Prerequisite: MATH 1163 and 1173 (with a grade of " <i>C</i> " or better in both courses), or the equivalent of the preceding prerequisite, or a satisfactory score on the mathematics placement examination.	3
MATH 2023	Analytic Geometry and Calculus II Integrals, Fundamental Theorem of Calculus, applications of the integral, elementary	3

	transcendental functions, techniques of integration. Prerequisite: MATH 2013 (with a grade of "C" or better) or its equivalent.
MATH 2033	Analytic Geometry and Calculus III 3, Fall Sequences, series, convergence of series, power series, Taylor's formula, conic sections, polar coordinates, space geometry and curves, vector analysis of curves. Prerequisite: MATH 2023 (with a grade of "C" or better) or its equivalent.
MATH 2043	Analytic Geometry and Calculus IV3, SpringDifferential calculus of several variables, applications of partial derivatives, multiple integrals, Green's Theorem, Divergence Theorem, Stokes's Theorem, introduction to differential equations. Prerequisite: MATH 2033 (with a grade of "C" or better) or its equivalent.
MATH 2999	Independent Study in Mathematics1 to 4Independent study for students who have completed a minimum of 24 hours with an overall Baverage. Prerequisites: approval of the dean and the completion of a 2999 Independent Studyform.
MATH 3013	Introduction to Probability and Statistics 3, Fall, Odd Permutations, combinations, probabilities in finite sample spaces, independence, conditional probability, joint and continuous distributions, averages and variance (theoretical and sample), random sampling, estimation and hypothesis testing, covariance and correlation, least squares, curve fitting, and regression. Prerequisite: MATH 2023 (with a grade of "C" or better) or its equivalent.
MATH 3053	Geometry in the Secondary Schools3, January Term, EvenOverview of secondary geometry curricula with views toward future trends. Non-formal and axiomatic development of Euclidean geometry featuring comparisons with other familiar non- Euclidean models. Proofs and transformational geometry from the perspective of the secondary mathematics teacher. Study and comparison of contemporary secondary geometry textbooks. Prerequisite: MATH 2013 (with a grade of "C" or better) or its equivalent.
MATH 3123	History of Mathematics 3, Fall Capstone course for mathematics and mathematics education majors. A survey of the development of mathematical thought including social, intellectual, political, and aesthetic interrelationships. Contains a research component. Prerequisite: senior standing or permission by instructor.
MATH 3133	Modern Geometry3, Spring, EvenEuclidean geometry from a modern viewpoint, transformations, projective geometry, non-Euclidean geometry, foundations of geometry. Prerequisite: MATH 2023 (with a grade of "C" orbetter) or permission.
MATH 3203	Linear Algebra3, Fall, EvenLinear transformations, matrix theory, determinant theory and vector spaces. Prerequisite: MATH2023 (with a grade of "C" or better) or its equivalent.
MATH 3243	Differential Equations 3, Fall, Odd Solution of first order equations, solution of high order equations, series solutions, Laplace transforms, Sturm-Liouville problem, Fourier series. Prerequisite: MATH 2023 (with a grade of "C" or better) or its equivalent.
MATH 3999	Cooperative Work Experience1 to 6A supervised and evaluated work experience designed to supplement academic training with on-the-job training relevant to the student's career goals. Up to six hours credit may be earned either with part-time work during the semester (parallel plan) or three-five months of full-time employment (alternating plan). Prerequisite: approval of division chairman and dean.
MATH 4103	Introduction to Real Analysis3, Spring, EvenReal number system, sequences, limits, continuity, differentiation, the Riemann integral.Prerequisite: MATH 2023 (with a grade of "C" or better) or its equivalent.
MATH 4133	Introduction to Modern Algebra3, Spring, OddAn axiomatic development of mathematical systems: groups, rings and fields, with examples.Prerequisite: MATH 2023 (with a grade of "C" or better) or permission.
MATH 4183	Numerical Analysis 3, Spring, Odd Introduction to the numerical algorithms fundamental to mathematical and scientific computer

work. Includes elementary discussion of error, polynomial interpolation, linear systems of equations, solutions of nonlinear equations, numerical solutions of ordinary differential equations, difference equations, and numerical integration. Prerequisites: MATH 2023 (with a grade of "C" or better), MATH 3203, and CIS 2053; or permission.

MATH 4329 Advanced Topics in Mathematics 1 to 4, On Demand An advanced course in a selected area of Mathematics. Not for independent study. Prerequisite: junior standing. **MATH 4999** Independent Study in Mathematics

Independent study for juniors and seniors with at least a B average in Mathematics. Prerequisites: approval of the dean and completion of a 4999 Independent Study form.

MUSIC COURSE OFFERINGS

MUSC 1000 Recital Attendance 0 Regular recitals are presented by faculty, guest artists, and selected students from the studios of applied music instructors. A specified number of these recitals are required of all music degree candidates for six semesters. MUSC 1701 Introduction to Music Study 1, Fall An introduction to college music study, including time management, library and listening center orientation, music technology, representative compositions from each period of music history and world music. Lab required. Additional fee required. **MUSC 1999 Topics in Music** 1 to 4, On Demand A lower level course in a selected area of Music. Not for independent study. MUSC 2402 Conducting for Non-Music Majors January Term 2 A course designed to introduce the basics of conducting, including beat patterns, attacks, releases and gestures. May not be taken by students pursuing a major in music. Prerequisites: MUTC 1212, MUTC 1222, MUTC 1232 and MUTC 1242, or permission of instructor. **MUSC 2999** Independent Study in Music 1 to 4 Independent study for students who have completed a minimum of 24 hours with an overall B average. Prerequisites: approval of the dean and the completion of a 2999 Independent Study form. MUSC 3202 2, Fall History of Music and Art I: Non-Tonal Music A study of the music of Western Civilization from Greek antiquity through c. 1600, including corresponding developments in non-western traditions. This course emphasizes stylistic and aural analysis of the music and considers parallel trends in the visual arts. Prerequisite: junior standing or permission of instructor. MUSC 3213 History of Music and Art II: Music of the Common Practice Era 3, Spring A study of the music of Western Civilization through the Common Practice Era (c.1600-1900) including corresponding developments in music of the Americas and non-western traditions. This course emphasizes stylistic and aural analysis of the music and considers parallel trends in the visual arts. Prerequisite: junior standing or permission of instructor. MUSC 3253 World Music Survey 3, January Term, On Demand; Spring, Odd A survey of selected non-Western elite and traditional musical idioms. Prerequisite: sophomore standing. Open to all majors. MUSC 3401 Conducting Seminar I 1. On Demand The study of major choral works from historical and stylistic perspectives as it relates to performance practices. Topics to be discussed will include historical perspectives, compositional techniques as they relate to rehearsal procedures, instrumentation, ornamentation, traditional and representative interpretations, conducting techniques, original language and translations, rehearsal procedures. Prerequisite: permission.

1 to 4

MUSC 3412	Conducting I	2, Fall
	A study of conducting techniques, including patterns, attacks, releases, and all expressive g with emphasis on choral conducting. Practical conducting experience included. Prerequisit MUTC 2212 and MUTC 2232.	,
MUSC 3422	Conducting II Continuation of MUSC 3412 with emphasis on instrumental conducting, baton technique, reading and transpositions. Study of larger forms (symphony, oratorio, symphonic band). F conducting experience included. Prerequisite: MUSC 3412.	
MUSC 3431	Choral Conducting Laboratory A supervised practicum in choral conducting for Church Music and B.M.E. majors utilizing members of Cantare Cappella in laboratory chorus experiences. Performance recital require Prerequisites: MUSC 3412 and MUSC 3582.	~
MUSC 3582	Choral Procedures An examination and analysis of the prevailing choral philosophies, including conducting as rehearsal techniques and the investigation of the process through which blend, balance and are attained in choral art. Prerequisite: MUTC 2242.	
MUSC 4233	Post-Tonal Theory and History An historical and theoretical survey of the literature and processes of music following the conclusion of the Common Practice Era. Prerequisites: MUTC 2222 and MUTC 2242.	3, Spring
MUSC 4329	Advanced Topics in Music 1 to 4 An advanced course in a selected area of Music. Not for independent study. Prerequisite: ju standing.	ł, On Demand nior
MUSC 4401	Conducting Seminar II Continuation of MUSC 3401. Prerequisite: MUSC 3401.	, On Demand
MUSC 4959	Senior Capstone in Music Synthesis course for music majors; course will focus on serving as a culminating experience music majors; attention to needs of individual music degree emphases stressed. Prerequisit standing or permission of the dean.	
MUSC 4999	Independent Study in Music Independent study for juniors and seniors with at least a B average in Music. Prerequisites: approval of the dean and completion of a 4999 Independent Study form.	1 to 4

MUSIC EDUCATION COURSE OFFERINGS

MUED 1000 Music Educators National Conference A student chapter of a national professional organization, MENC is a required activity course for all B.M.E. majors. Meetings are held monthly with area music educators presenting programs of interest to the vocal and instrumental public school music teacher. Annual fee required. MUED 2012 Introduction to Music Education 2, Fall

An introduction to the history of music education, problems, issues, methodologies, requirements, and duties of the music teacher in today's public schools. The course includes 6 observation hours of music teachers at various levels. Additional fee required.

MUED 3052 General Music Methods for Grades 6-12

Designed to prepare instrumental and vocal music education majors for teaching secondary nonperformance classes in public schools. Emphasis is on teaching general music, music theory, music appreciation, and fine arts courses in grades 6-12. The course includes 6 observation hours of music teachers at various levels. Additional fee required.

MUED 4011 Band Literature (EDUC 4011) 1. Fall A survey of the scope and history of the literature of the wind band. Development of aural and analytical skills necessary to evaluate original band literature with regard to grade level and artistic merit will be stressed.

279

0

2, Fall

MUED 4022	Marching Band Techniques (EDUC 4022) A study of the techniques of organizing and administering the public school marching band to include show design, drill construction, and charting of half-time shows with music using a varie of marching styles. Course includes at least five hours of service as a teaching assistant/observer i a public school marching band rehearsal. Prerequisite: admissions to Teacher Education Program Additional fee required.	n
MUED 4033	Instrumental Methods and Procedures (EDUC 4033) 3 Designed to prepare students to successfully teach instrumental music in the public schools. Areas emphasized include: beginning band techniques, rehearsal procedures, effective selection of teaching materials, administration, and public relations. The course includes at least 20 hours of service as a teaching assistant/observer in a public school band. Prerequisites: MUTC 2222, MUT 2242, MUSC 3412, MUED 4011, MUED 4022, and admissions to Teacher Education Program. Additional fee required.	
MUED 4053	Elementary Vocal Methods (EDUC 4053)3Designed to prepare students to teach vocal music at the elementary level in public schools.3The course includes at least 12 hours of observation in elementary public school programs.3Prerequisites: admission to Teacher Education Program; junior standing; successful completion o4MUTC 1212, MUTC 1222, MUTC 1232, MUTC 1242, MUTC 2212, MUTC 2222, MUTC 2232, MUTC 2242, and MUSC 3412. Additional fee required.3	
MUED 4063	Secondary Vocal Methods (EDUC 4063) 3 Designed to prepare students to teach vocal music at the secondary level in public schools. The course includes at least 13 hours of observation in secondary public school programs. Prerequisites: admission to Teacher Education Program; junior standing; successful completion o MUTC 1212, MUTC 1222, MUTC 1232, MUTC 1242, MUTC 2212, MUTC 2222, MUTC 2232, MUTC 2242, and MUSC 3412. Additional fee required.	
MUED 4081	Choral Literature for Music Education 1 Supportive course for MUED 4053 and 4063. Concert planning and survey of choral literature for elementary and secondary level choirs. Prerequisite: MUED 4063. Additional fee required.	, Spring or
MUED 4635	Student Teaching Music in the Elementary School (EDUC 4635) Directed laboratory experiences in a student teaching practicum. Prerequisites: admission to Teacher Education and Student Teaching Programs; senior standing; concurrent enrollment in MUED 4081, MUED 4645, EDUC 4162 and EDUC 4722. Additional fee required.	5, Fall
MUED 4645	Student Teaching Music in the Secondary School (EDUC 4645) Directed laboratory experiences in a student teaching practicum. Prerequisites: admission to Teacher Education and Student Teaching Programs; senior standing; concurrent enrollment in MUED 4081, MUED 4635, EDUC 4162 and EDUC 4722. Additional fee required.	5, Fall

MUSIC ORGANIZATION COURSE OFFERINGS

MUOR 1019	Cantare Capella 0 Cantare Cappella is a mixed choral ensemble open to all students, staff, and faculty without audition. In addition to regular chapel appearances, Cantare Cappella performs a fall and spring concert. The spring concern is prepared jointly by a faculty conductor and student conductors under the supervision of the faculty conductor.	to 1, Fall g
MUOR 1029	Symphonic Band Four meetings weekly. Members selected by audition. Additional fee required.	0 to 1
MUOR 1039	Bison Jazz Orchestra Four meetings weekly. Members selected by audition. Additional fee required.	0 to 1
MUOR 1049	Bison Glee Club (men) Three meetings weekly. Members selected by audition. Additional fee required.	0 to 1
MUOR 1059	Bisonette Glee Club (women) Three meetings weekly. Members selected by audition. Additional fee required.	0 to 1

MUOR 1069	University Chorale Two meetings weekly. Members selected by audition. Additional fee required.	0 to 1
MUOR 1079	Brass Ensemble Meetings arranged. Members selected by audition.	0 to 1
MUOR 1089	Woodwind Ensemble Meetings arranged. Members selected by audition.	0 to 1
MUOR 1109	University Ringers Four meetings weekly. Members selected by audition. Additional fee required.	0 to 1
MUOR 1110	Oratorio Chorus A chorus and orchestra comprised of all music majors assembled for the performance of choral works. The rehearsal schedule will be published for each performance. Additional required.	5
MUOR 1129	String Ensemble Two meetings weekly. Members selected by audition.	0 to 1
MUOR 1139	OBU/Shawnee Community Orchestra One meeting weekly. Members selected by audition.	0 to 1
MUOR 1149	Collegium Musicum: Consort Rubrica This ensemble is a chamber music experience focusing on cultivated and vernacular wor composed prior to 1700. Open to all students, regardless of major. No audition required	
MUOR 1159	Bison Jazz Messengers Bison Jazz Messengers is an auditioned jazz combo offering students the opportunity to b the essentials of small group performance including stylistic and improvisational conside Members selected by audition.	
MUOR 1999	Topics in Music Organizations 1 to A lower level course in a selected area of Music. Not for independent study.	o 4, On Demand

MUSIC THEORY AND COMPOSITION COURSE OFFERINGS

MUTC 1201	Fundamentals of Music Intensive study of the elements of music including rhythm, notation, scales, intervals, and triads. Required of those who fail to make a satisfactory score on the Theory Placement Test. Credit not applicable to a music degree or a music minor. Additional fee required.	1, Fall
MUTC 1202	Introduction to Aural Skills Development of reading skills through sight singing; development of hearing skills through dictation, error detection and listening. Additional fee required.	2
MUTC 1212	Theory I Review of fundamentals, study of melody, harmonic structure, harmonic progression, beginning part-writing, vocal and instrumental ranges, and related analysis. Must enroll in related lab. Lab will be graded pass/fail. Additional fee required.	2
MUTC 1222	Theory II Continued study of part-writing, melody and melodic relationships, diatonic seventh chords, and secondary function and beginning modulation with related analysis. Must enroll in related lab. La will be graded pass/fail. Prerequisite: MUTC 1212. Additional fee required.	
MUTC 1242	Sight Singing and Ear Training I Must be taken concurrently with Theory II. Additional fee required. Prerequisite: MUTC 1202. Introduction to Aural Skills.	2
MUTC 1262	Introduction to Composition 2, Introduction to principles of composition. Original work modeled on analysis of representative small forms, traditional and contemporary styles. Emphasis placed on compositions for piano and solo voice/instrument with piano accompaniment. Prerequisites: MUTC 1212 and MUTC 1232.	Spring 1

MUTC 1412	Honors Theory These courses cover the same material as MUTC 1212 but are accelerated and enriched. Available after consideration of ACT or SAT scores and results of the Theory Placement Test. Additional fee required.	2
MUTC 1422	Honors Theory These courses cover the same material as MUTC 1222 but are accelerated and enriched. Available after consideration of ACT or SAT scores and results of the Theory Placement Test. Additional fee required.	2
MUTC 1432	Honors Theory These courses cover the same material as MUTC 1232 but are accelerated and enriched. Available after consideration of ACT or SAT scores and results of the Theory Placement Test.	2
MUTC 1442	Honors Theory These courses cover the same material as MUTC 1242 but are accelerated and enriched. Available after consideration of ACT or SAT scores and results of the Theory Placement Test.	2
MUTC 1999	Topics in Music Theory1 to 4, On DemA lower level course in a selected area of Music Theory. Not for independent study.	and
MUTC 2012	Introduction to Music Synthesis2, SpAn introduction to synthesis techniques with emphasis on analog synthesis. The development of skills for the aural understanding of sound and its reconstruction at the synthesizer. Study of basic synthesizer modules and their applications in contemporary synthesis equipment. A general overview of MIDI and MIDI applications. Required weekly lab. Additional fee required.	ring
MUTC 2212	Theory III Continuation of Theory II. Advanced modulation, extended tertian harmonies, Neapolitan and augmented sixth harmonies, and chromatic harmony with related analysis. Must enroll in related lab. Lab will be graded pass/fail. Additional fee required. Prerequisites: MUTC 1212 and 1222.	2
MUTC 2222	Theory IV: Musical Forms Extensive study of small and large musical forms. Review of phrase structure and melodic construction. Analysis of variation, compound ternary, rondo, sonata rondo, and sonata allegro forms. Must enroll in lab which includes harmonization and improvisation experiences in common practice-era music. Lab will be graded pass/fail. Additional fee required. Prerequisites: MUTC 1212, MUTC 1222, and MUTC 2212.	2
MUTC 2232	Sight Singing and Ear Training II Continuation of Sight Singing and Ear Training II. Must be taken concurrently with Theory III. Additional fee required. Prerequisite: MUTC 1242.	2
MUTC 2242	Sight Singing and Ear Training III Continuation of Sight Singing and Ear Training III. Must be taken concurrently with Theory IV. Additional fee required. Prerequisite: MUTC 2232.	2
MUTC 2262	Private Composition I Private instruction in composition based on abilities and needs of student. Applied music fee charged in addition to tuition. Prerequisite: MUTC 1262.	2
MUTC 2279	Private Composition II Private instruction in composition based on abilities and needs of student. Applied music fee charged in addition to tuition. Prerequisite: MUTC 2262.	3
MUTC 2412	Honors Theory These courses cover the same material as MUTC 2212 but are accelerated and enriched. Available after consideration of ACT or SAT scores and results of the Theory Placement Test. Additional fee required.	2
MUTC 2422	Honors Theory These courses cover the same material as MUTC 2222 but are accelerated and enriched. Available after consideration of ACT or SAT scores and results of the Theory Placement Test. Additional fee required.	2
MUTC 2433	Honors Theory These courses cover the same material as MUTC 2232 but are accelerated and enriched. Available after consideration of ACT or SAT scores and results of the Theory Placement Test.	2

MUTC 2442	Honors Theory These courses cover the same material as MUTC 2242 but are accelerated and enriched. Available after consideration of ACT or SAT scores and results of the Theory Placement Test.	2
MUTC 3013	Advanced Synthesis Techniques 3, Spring, Od A continuation of synthesis techniques with emphasis on digital synthesis. Studies in realtime applications as well as recording and sequencing applications. Techniques of writing and orchestrating for the synthesizer. Each student will complete a music synthesis project. Required weekly lab. Prerequisite: MUTC 2012. Additional fee required.	ld
MUTC 3209	Counterpoint 2 to 3, For Survey of 18th-century counterpoint; analysis of inventions and fugues; exercises in two-voice writing. For three hours credit, students will write a two-voice invention and a three- or four-voice fugue. Prerequisites: MUTC 2212 and MUTC 2222.	ıll
MUTC 3233	Post-Tonal Theory and History 3, Spring An historical and theoretical survey of the literature and processes of 20th-century music beginning with Impressionism. Analysis of musical examples and developments in the visual arts will be emphasized.	ng
MUTC 3252	Choral Arranging 2, On Demain Detailed instruction in revoicing and arranging for two-four voices. Review of part-writing, counterpoint, and harmonic embellishment, writing accompaniments, and planning and writing arrangements for SSA, TTBB, and SATB. Prerequisites: MUTC 2212 and MUTC 2232.	ıd
MUTC 3269	Private Composition III Private instruction in composition based on abilities and needs of student. Applied music fee charged in addition to tuition. Prerequisite: MUTC 2279.	3
MUTC 3279	Private Composition IV Private instruction in composition based on abilities and needs of student. Applied music fee charged in addition to tuition. Prerequisite: MUTC 3269.	3
MUTC 3409	Orchestration 2 to 3, Sprin Introduction to the problems of scoring for string, woodwind, brass, and percussion instruments. Study of transpositions, ranges, and sounds of each instrument commonly used in orchestration. Transcribing for similar and diverse groups. For three hours credit, emphasis will be placed on instrumental arranging, including projects for school band and school orchestra. Prerequisites: MUTC 2212 and MUTC 2222.	ng
MUTC 4213	Contemporary Analysis3, On DemailStructural and stylistic analysis of 20th-century composers' music. Emphasis is balanced between music of major composers of the early 20th-century and that of current composers. Prerequisites: MUTC 2222 and MUTC 2242.	ıd
MUTC 4223	Style Analysis3, On DemailStructural and stylistic analysis of Western music from the Middle Ages through the 19th century.Major composers and their music studied in detail. Prerequisites: MUTC 2242 and MUSC 3209.	ıd
MUTC 4269	Private Composition V Private instruction in composition based on abilities and needs of student. Applied music fee charged in addition to tuition. Prerequisite: MUTC 3279.	3
MUTC 4279	Private Composition VI Private instruction in composition based on abilities and needs of student. Applied music fee charged in addition to tuition. Prerequisite: MUTC 4269.	3
MUTC 4981	Senior Recital A student seeking the B.M. degree in theory and composition must present a recital of original compositions during the senior year. Evaluation is based on the execution of the recital and the quality of the music in the recital. The grade is given by a committee.	1

NEWS AND INFORMATION COURSE OFFERINGS

NSIM 1999	Topics in News and Informatio 1 A lower level course in a selected area of news and information. Not for independent st	to 4, On Demand udy.
NSIM 2053	News Writing News story construction from simple leads to complete, accurate, complex stories, typic from a specified set of facts. Basic skills course.	3, Fall cally written
NSIM 2063	News Reporting Introduction to news sources, including library collections and public records; practice interviewing and covering regularly assigned, as well as ad hoc news sources. Prerequis NISM 2053.	
NSIM 2143	Electronic News I Study and practice in writing, reporting, producing and interviewing fundamentals for television news stories. Additional fee required. Prerequisite: DMAR 1154.	3, Fall radio and
NSIM 2971	Student Newspaper Production Preparation of copy, layouts, and photos for student newspaper. Student editors and rep work under deadline schedule to publish a weekly newspaper. May be repeated up to fi Additional fee required.	
NSIM 2981	Student Yearbook Publication Preparation of copy, layouts, and photos for student yearbook. Student editors will wor tight deadline schedule to accomplish tasks. May be repeated up to five hours. Addition required.	
NSIM 2999	Independent Study in News and Information Independent study for students who have completed a minimum of 24 hours with a B a Prerequisites: approval of the dean and completion of a 2999 Independent Study Form	
NSIM 3033	Photojournalism Students will develop skills in digital photography including framing, composition, ligh printing, application to the media. Additional fee required.Prerequisite: instructor's per	
NSIM 3143	Electronic News II Study and practice in packaging television news stories; spot news, features and investig Additional fee required. Prerequisites: DMAR 1154 and DMAR 1203, and successful co a competency-based examination and a mandatory performance appraisal interview.	
NSIM 3163	News Editing and Design A skills course in news editing and design for printed publications. Emphasis on gramm punctuation, cropping, spelling, scaling, page layout and desktop publishing design pri Additional fee required. Prerequisite: NSIM 2063.	
NSIM 3173	Advanced News Reporting Emphasis on advanced, extended-assignment reporting and writing, typically from stud generated sets of facts. In-depth research, interpretive writing, and extensive interviewin Prerequisite: NSIM 2063.	
NSIM 3403	Fundamentals of Electronic Layout and Design This is a course designed to introduce the student to the study, analysis, and practice in editing and design. Copy improvement and flow, page design and layout will be couple use of electronic editing and design equipment. Students will learn to plan and produce fro print and online publications, and become familiar with the trends and issues associ editing for diverse readers.	d with the e pages
NSIM 3959	News Internship A supervised and evaluated work experience designed to supplement academic training the-job training relevant to a career in news. Prerequisite: permission.	1 to 4 g with on-
NSIM 4503	Feature Writing This course will focus on soft news stories and personality profiles designed to interest	3, On Demand readers.

NSIM 4329	Advanced Topics in Journalism 1 to 4, On 1 An advanced course in a selected area of journalism. Not for independent study. Prerequisite: junior standing.	Demand
NSIM 4983	Capstone in News and Information An advanced course in a selected area of traditional journalism or electronic journalism. Students will be required to demonstrate competence in a variety of news projects. Additional fee required Prerequisites: senior standing and permission.	
NSIM 4999	Independent Study in News and Information Independent study for juniors and seniors with at least a B average in News and Information. Prerequisites: approval of the dean and completion of a 4999 Independent Study form.	1 to 4

NURSING COURSE OFFERINGS

NURS 1101 1 Nursing Seminar A seminar course in which the beginning nursing student is introduced to professional nursing. The criteria for classifying an occupation as a profession are discussed. The history of nursing, including the evolution of nursing education, is considered. The settings for nursing practice are examined. NURS 1153 Medical Terminology 3, Spring An introduction to medical terminology which focuses on the study of medical terms through the use of prefixes and suffixes. There is an emphasis on phonetic pronunciation as well as reading comprehension of medical documents. **NURS 1999** Topics in Nursing 1 to 4. On Demand A lower level course in a selected area of Nursing. Not for independent study. NURS 2013 Development and Nutrition Through the Life Span 3, Fall, J-Term A wellness oriented theory course which focuses on the growth and development and nutritional requirements of individuals through the life span. The influence of health promotion, health maintenance, and disease prevention is emphasized. Prerequisite: CHEM 1124 or equivalent. NURS 2024 Introduction to Nursing 4, Spring, Summer This is a theory course which provides an introduction to the dimensions of professional nursing practice. The focus of the course is the acquisition of basic nursing concepts and skills. A skills lab provides the opportunity for the application of nursing concepts and practice of nursing skills. Prerequisite: NURS 2013. Additional fee required. NURS 2713 Transition to Professional Nursing 3, Spring A course designed to assist licensed practical nurses in developing the roles of professional nurse. Current LPN license required. NURS 2851 Introduction to Cross-Cultural Nursing Ministry Variable Credit This course is designed to provide volunteer experience in cross-cultural health ministry. This is a wellness oriented practicum course, which focuses on the growth and development, along with nutritional requirements, of individuals throughout the life span. The influence of nutrition on health promotion, health maintenance, and disease prevention is emphasized. Additional fee required. Prerequisite: sophomore standing. NURS 2999 Independent Study in Nursing 1 to 4. On Demand Independent study for students who have completed a minimum of 24 hours with an overall B average. Prerequisites: approval of the dean and the completion of a 2999 Independent Study form. NURS 3011 Assessment 1, Fall A laboratory course focusing on basic physical and psychosocial assessment skills. These skills are used in the assessment of clients through the life span. Prerequisites: NURS 2024 or NURS 2713 and admission to College of Nursing.

NURS 3093	Practicum: Mental Health Care A clinical course that focuses on clients who require treatment for mental health and substance abuse problems. Prerequisites: NURS 3156, NURS 3011 and NURS 3171; and concurrent enrollment in NURS 3181 and NURS 3223. Additional fee required.	3, Spring
NURS 3156	Pathophysiology and Nursing Care of Acutely Ill Clients A theory course focusing on pathophysiology and nursing care of individuals across the life sp Prerequisites: NURS 1101, NURS 2024, or NURS 2713; and admission to the College of Nursi	
NURS 3164	Care of Families A theory course that provides the knowledge for the nursing care of families, including childbearing families. Prerequisites: NURS 3011, NURS 3153, NURS 3171, and NURS 3156.	4, Spring
NURS 3171	Pharmacology I A theory course which introduces the concepts and principles of pharmacology that guide the of clients receiving drug therapy. Prerequisite: NURS 3153 or concurrent enrollment.	1, Fall care
NURS 3181	Pharmacology II A theory course which is a continuation of NURS 3171. Prerequisite: NURS 3171.	1, Spring
NURS 3223	Psychopathology A theory course that provides knowledge concerning the psychopathological process in the individual with mental health and substance abuse problems. Prerequisite: NURS 3156.	3, Spring
NURS 3233	Practicum: Acutely Ill Adults A clinical course that focuses on the nursing care of adult clients who are acutely ill. Prerequiss NURS 3011, NURS 3156 and NURS 3171; or concurrent enrollment. Additional fee required.	3, Fall ites:
NURS 3243	Practicum: Childbearing Families A clinical course that focuses on the process of childbearing and integrating a child into a fami Prerequisites: NURS 3164 and NURS 3011, NURS 3156, NURS 3181, NURS 3253; or concurr enrollment. Additional fee required.	
NURS 3252	Application Lab: Acutely Ill Clients A practice lab focusing on the skills required for the nursing care of acutely ill clients. Prerequisites: NURS 2024, and concurrent enrollment in NURS 3156, NURS 3171, NURS 323 NURS 3253. Additional fee required.	2, Fall 83,
NURS 3253	Practicum: Acutely Ill Pediatrics A clinical course that focuses on the nursing care of pediatric clients who are acutely ill. Prerequisites: NURS 3011, NURS 3156, NURS 3171, and NURS 3252; or concurrent enrollment Additional fee required.	3, Fall ent.
NURS 3302	Nursing Research A course that focuses on the role of the professional nurse in evaluating and utilizing nursing research. Prerequisites: MATH 2003 and admission to College of Nursing.	2, Spring
NURS 3323	Professional Socialization 3, 0 A course designed to facilitate continuing professional socialization of the registered nurse who returning to school to earn a bachelor of science in nursing. RN license required.	n Demand o is
NURS 3723	Essentials of Nursing Practice I 3, <i>O</i> This is a clinical course designed to meet the learning needs of junior level students who requi additional clinical experiences. The emphasis is on the application of the nursing process and related concepts. Prerequisites: junior standing and permission of the dean of the College of Nursing. Additional fee required.	n Demand re
NURS 3736	Advanced Practicum: Acutely Ill Clients - Adults and Peds A clinical course designed to assist in the application of knowledge in the nursing care of acute ill clients. The design of the clinical experience is based on an assessment of the learning needs the student. Additional fee required. Prerequisites: NURS 3011, NURS 3156, and NURS 3171 concurrent enrollment. Should have LPN license required.	s of
NURS 3743	Advanced Practicum: Child-Bearing Family A clinical course designed to assist in the application of knowledge in the nursing care of child bearing families. The design of the clinical experience is based on an assessment of the learnin needs of the student. Additional fee required. Prerequisites: NURS 3164 and NURS 3181; or concurrent enrollment. LPN license required.	

NURS 3763	Advanced Practicum: Mental Health Care A clinical course designed to assist in the application of knowledge in the nursing care of clien with mental health problems. The design of the clinical experience is based on an assessment of the learning needs of the student. Additional fee required. Prerequisites: NURS 3181 and NUR 3223; or concurrent enrollment. LPN license required.	of
NURS 3859	Cross-Cultural Nursing Ministry 1 to 3, Jan This course is designed to provide experience for student nurses in cross-cultural nursing min This is an illness oriented practicum which focuses on the nursing care of acutely ill individua The nursing process in the care of clients is emphasized. Additional fee required. Prerequisite: admission to College of Nursing.	,
NURS 3983	Extern Practicum I A clinical practicum in which students work with a nurse preceptor. Weekly didactic content focuses on the cognitive and psychomotor skills required for the practice of professional nursi	3, Summer ng
NURS 4043	Health Care Management For Collaborative Practice A theory course which focuses on the knowledge essential for implementing leadership and management in agencies providing health care. Prerequisite: NURS 4134, NURS 4153 or concurrent enrollment in NURS 4143.	3, Spring
NURS 4134	Community Health A theory course which focuses on the knowledge essential for providing nursing care to populations of clients. Prerequisites: completion of required 3000 level nursing courses.	4, Fall
NURS 4143	Complex Nursing Care An advanced theory course that provides the knowledge for the complex nursing care of client Prerequisites: NURS 4134, NURS 4153, and concurrent enrollment in NURS 4242.	3, Spring ts.
NURS 4153	Chronic Conditions A theory course focusing on human responses to chronic conditions across the lifespan and on strategies for prevention and management of these conditions. Additional fee required. Prerequisites: completion of required 3000 level nursing courses. Concurrently enrolled in NU 4173.	3, Fall JRS
NURS 4173	Practicum: Long Term Health Care A clinical practicum focusing on application of the nursing process to complexities of long term care for individuals and families across the lifespan. Additional fee required. Prerequisite: concurrently enrolled in 4153.	3, Fall
NURS 4213	Practicum: Community as Client A clinical course that focuses on the nursing care of populations of clients in the community. Prerequisite: NURS 4134 or concurrent enrollment. Additional fee required.	3, Fall
NURS 4223	Practicum: Management A clinical course that focuses on the role of the professional nurse in managing nursing care delivery within the health system. Prerequisites: NURS 4043 and NURS 4143; or concurrent enrollment. Additional fee required.	3, Spring
NURS 4242	Practicum: Complex Care A clinical course that focuses on the role of the professional nurse in providing nursing care to complex clients. Prerequisites: NURS 4043 and NURS 4143; or concurrent enrollment. Additi fee required.	
NURS 4282	Extern Practicum II A clinical practicum in which students work with a nurse preceptor. Additional seminars focus the issues related to the practice of professional nursing. A continuation of Extern Practicum I	
NURS 4329	Advanced Topics in Nursing 1 to 4, O An advanced course in a selected area of Nursing. Not for independent study. Additional fee m be required. Prerequisite: junior standing and admission to College of Nursing.	n Demand nay
NURS 4343	Practicum: Independent Project A clinical course focusing on the development in the roles of the professional nurse. In a select health care agency, the student develops a nursing job description based on an assessment of t agency. Prerequisites: NURS 4134, NURS 4153, NURS 4173, and NURS 4213. Additional fee required.	

NURS 4403 Faith Community Nursing 3. Fall A theory course focusing on the basic knowledge essential for implementing the role of the faith community nurse. Prerequisite: students with nursing as an area of concentration or RN students. NURS 4482 Extern Practicum III 2, Spring A clinical practicum in which students work with a nurse preceptor. Additional seminars focus on the issues related to the practice of professional nursing. A continuation of Extern Practicum I and II. NURS 4502 2, January Term Nursing Proficiency Review This course is required for all senior nursing students who score at or below the 50th percentile on the Nursing Proficiency Exam. This course is designed to review nursing knowledge required for success on the NCLEX-RN. Development of test-taking skills is addressed as well as management of test anxiety. Prerequisite: completion of Senior I semester of Nursing curriculum. This course is also open to any senior nursing student. NURS 4601 Senior Seminar 1. Spring A seminar course which provides an opportunity for the synthesis of nursing knowledge with the knowledge acquired in the Common Core Courses and the Flex Core Courses for the nursing area of concentration. The focus of the course is the integration of these knowledge areas with the real world of professional nursing practice. Prerequisites: NURS 4043, NURS 4143, NURS 4223 and NURS 4242; or concurrent enrollment; or approval of the dean of the College of Nursing. NURS 4723 **Essentials of Nursing Practice II** 3. On Demand A clinical course designed to meet the learning needs of senior level students who require additional clinical experiences. The emphasis is on the application of the nursing process and related concepts. Prerequisites: senior standing and permission of the dean of the College of Nursing. Additional fee required. NURS 4803 Practicum: Faith Community Nursing 3, January Term A clinical course that focuses on the practice of faith community nursing. Prerequisite: NURS 4403. Additional fee required. NURS 4859 Cross-Cultural Health Ministry 1 to 3, January Term This course is designed to provide a cross-cultural experience for beginning practitioners in health ministry. This is a community oriented practicum course which focuses on the application of the nursing process within the community. Using group process, target populations will be identified and interventions planned, implemented and evaluated. Additional fee required. Prerequisite: completion of Senior I semester of Nursing curriculum. NURS 4901 NCLEX Preparation 1, Spring This course is required for all nursing students who have completed NURS 4503 Nursing Proficiency Review. The purpose of this course is to implement the study plan designed in the previous course. Prerequisite: concurrently enrolled in Senior II courses. Students must make a C or higher in order to graduate. NURS 4999 Independent Study in Nursing 1 to 4 Independent study for juniors and seniors with at least a B average in Nursing. Additional fee may be required. Prerequisites: approval of the dean and completion of a 4999 Independent Study form.

PHILOSOPHY COURSE OFFERINGS

PHIL 1043 Introduction to Philosophy

Analysis of the principles of reasoning, the methods and topics of philosophy that emerge in the history of Western Philosophy.

PHIL 1502 Critical Thinking

A survey of the principles of reasoning, with an emphasis on practical application. Topics include evaluating arguments and sources of information, and recognizing common errors in reasoning.

2, Spring

3

PHIL 1999	Topics in Philosophy 1 to 4, On Demand A lower level course in a selected area of Philosophy. Not for independent study.
PHIL 2143	History of Modern Philosophy3, Fall, OddSurvey of Western philosophy from the Renaissance through the 19th century, including rationalism, empiricism, and idealism.3
PHIL 2343	History of Ancient Philosophy (REL 2343)3, Fall, EvenA survey of Greek and Roman philosophy with an emphasis on the thought of Plato and Aristotle
PHIL 2353	History of Medieval Philosophy 3, Spring, Odd A survey of the central issues and figures in medieval western philosophy from Augustine to William of Ockham.
PHIL 2363	Philosophy of Religion (REL 2363) 3, Spring, Odd An examination of the philosophical issues regarding theism, religious experience, religious language, religious knowledge, and the problem of evil.
PHIL 2503	History of American Philosophy 3, Spring, Even A study of the important movements and figures in American philosophy from Jonathan Edwards through the 20th century pragmatists.
PHIL 2703	Christian Apologetics is a defense of the reasonableness of believing that the Christian worldview is universally and objectively true. Apologists draw on objective reasons, arguments, and evidences for this purpose. Apologists employ these rational resources both to help faith grow by offering a positive case for Christian claims (watering) and to prevent faith from dying by arguing against objections to Christian claims (weeding). The goal is to try to show that Christian faith is at least as reasonable as its most reasonable competitor or, if possible, that is is more reasonable than any worldview with which is competes. But there are both theoretical and practical limits to apologetics. Apologists need to be humble, irenic, and aware that all their arguments are rationally resistible.
PHIL 2999	Independent Study in Philosophy1 to 4Independent study for students who have completed a minimum of 24 hours with an overall B average. Prerequisites: approval of the dean and the completion of a 2999 Independent Study form.1 to 4
PHIL 3103	Philosophy of Science 3, Spring This course will investigate what science is, what it does, and how it works. Special attention will be given to the methodology that distinguishes scientific inquiry from other intellectual disciplines, and the authority that the results of scientific research have, and should have, in our intellectual lives. Prerequisite: PHIL 1043.
PHIL 3203	Logic 3, Fall, Odd An examination of logical methods and procedures, with some consideration of contemporary philosophy of logic.
PHIL 3313	Political Philosophy (POLI 3313) 3, Spring, Even Study of the problems and history of political thinking, with reference to the justification of public policy.
PHIL 3423	World Religions (REL 3423, ANTH 3423)3Historical and comparative study of the religious beliefs of man from ancient to contemporary times. Examination of common characteristics of primitive religions and progression through tribal, national, and universal states. Emphasis on the major religious and philosophical expressions of Hinduism, Buddhism, Judaism, and Islam.3
PHIL 3433	Contemporary Theology (REL 3433)3, FallA survey of the major movements of 20th century Christian theology, beginning with the neoorthodox reaction to 19th century Protestant liberalism. Major attention given to Protestant theologians in Europe and America such as Barth, Tillich, Bultmann, the radical theologians, and the theologians of hope, as well as to process theology.3, Fall
PHIL 3503	Philosophy of Law 3, Spring, Odd A consideration of the nature and types of law and legal reasoning; sources of law; and the

	basis of a legal system, of legal and political authority, of obedience to law, and of human rights. Readings include texts of important legal decisions, as well as writings by legal theorists and philosophers.
PHIL 3533	Ethics (REL 3533) 3, Fall, Even A critical examination of the major ethical theories in recent Western philosophy. Topics to be included are: the analysis of language, the justification of moral beliefs, and the status of ethical theories.
PHIL 3703	Aesthetics3, Fall, OddA study of the nature of art and aesthetic judgments from the works of historic philosophers and contemporary theorists. Prerequisite: FNAR 2063.
PHIL 4329	Advanced Topics in Philosophy1 to 4, On DemandAn advanced course in a selected area of Philosophy. Not for independent study. Prerequisite: junior standing.
PHIL 4553	Philosophy of Mind 3, Fall, Even A critical examination of central issues in the philosophy of mind and psychology, including the mind-body problem, personal identity, consciousness, knowledge of other minds, and intelligent machines.
PHIL 4563	Philosophy of Language 3, Fall, Odd An examination of key issues in philosophy of language, including meaning and truth, sense and reference, speech acts, and communication.
PHIL 4603	Metaphysics3, Spring, EvenA critical examination of current issues in constructing a theory of ontology and/or cosmology.3
PHIL 4613	Religion and the State (REL 4613)3, Fall, EvenA study of the Biblical, historical, and constitutional developments in church and state relations.3
PHIL 4653	Epistemology3, Fall, EvenA critical examination of current issues in constructing a theory of knowledge.
PHIL 4999	Independent Study in Philosophy1 to 4Independent study for juniors and seniors with at least a B average in Philosophy. Prerequisites:approval of the dean and completion of a 4999 Independent Study form.

PHYSICAL EDUCATION COURSE OFFERINGS

PHED 1001	The Wellness Lifestyle (Concepts in Fitness) The primary purpose of this course is to acquaint student with knowledge and understanding of the value of physical activity as it relates to optimal healthful living.	1
PHED 1051	Introduction to Rock Climbing (LEIS 1051) 1, Fall, Spri An introduction to the sport of Rock Climbing. Class topics will include technique, styles of climbing, safety concerns, equipment usage, ethics, and basic anchor construction. Required experiential exercises outside of class will include actual climbing in order to apply concepts learned in the classroom. Open to all classifications. Additional fee required.	ng
PHED 1061	Rhythmic Aerobics This course uses choreography and music to attain desired levels of cardiorespiratory fitness. May be repeated for credit.	1
PHED 1071	Water Aerobics This course offers choreographed movements to music using chest-deep water as resistance. Water exercise reduces impact and provides excellent opportunities for cardiovascular as well as muscle endurance training. May be repeated for credit up to a maximum of two credits. The ability to swim is not a prerequisite.	1

PHED 1101	Karate This course will include physical training and techniques in the Tae Kwon Do style of Karate. Progression will go from beginner level through the medium ranks. Therefore, this class may be repeated for credit up to a maximum of three credits.	1
PHED 1111	Junior Varsity Men's Basketball Junior Varsity participation may be taken for credit only once. Prerequisite: permission.	1
PHED 1121	Women's Varsity Golf Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Spring
PHED 1131	Junior Varsity Women's Basketball Junior Varsity participation may be taken for credit only once. Prerequisite: permission.	1
PHED 1141	Junior Varsity Baseball Junior Varsity participation may be taken for credit only once. Prerequisite: permission.	1
PHED 1151	Team Sports I Development of skills in football and basketball with participation in intramurals required.	1, Fall
PHED 1161	Team Sports II Development of skills in volleyball and softball with participation in intramurals required.	1, Spring
PHED 1171	Junior Varsity Softball Junior Varsity participation may be taken for credit only once. Prerequisite: permission.	1
PHED 1191	Women's Varsity Tennis Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Spring
PHED 1201	Men's Varsity Cross Country Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Fall
PHED 1211	Men's Varsity Basketball Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Fall
PHED 1221	Women's Varsity Volleyball Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Fall
PHED 1231	Women's Varsity Basketball Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Fall
PHED 1241	Varsity Baseball Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Spring
PHED 1251	Men's Varsity Track Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Spring
PHED 1261	Men's Varsity Tennis Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Spring
PHED 1271	Varsity Softball Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Spring
PHED 1281	Men's Varsity Golf Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Spring
PHED 1291	Women's Varsity Indoor Track Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Spring
PHED 1311	Beginning Tennis/Badminton Instruction and development of basic skills, rules, and etiquette of tennis and badminton.	1
PHED 1321	Beginning Swimming Instruction and development of basic water safety skills and swimming techniques.	1, Fall
PHED 1341	Golf Introduction to basic skills and rules as well as participation in golf. May be repeated for credit. Additional fee required.	1, Fall
PHED 1351	Archery and Hunter Safety This course will teach archery and other hunting skills as well as emphasize the hunter safety certification offered by the Oklahoma Department of Wildlife.	1, Fall

PHED 1361	Physical Fitness: Walk/Jog 1 Physical fitness through individualized programs designed to improve cardiovascular fitness levels, through walking and/or jogging. May be repeated for credit. 1
PHED 1371	Contemporary Games 1, Spring Wallyball, ultimate frisbee, and other similar games. 1
PHED 1381	Men's Varsity Indoor Track1, SpringVarsity participation may be taken for credit only once. Prerequisite: permission.1
PHED 1391	Women's Varsity Cross Country 1, Fall Varsity participation may be taken for credit only once. Prerequisite: permission. 1, Fall
PHED 1401	Advanced Tennis 1, Spring Emphasis on the refinement of skills and techniques as well as match play. May be repeated for credit. Prerequisite: PHED 1311 or equivalent skill.
PHED 1411	Beginning Racquetball 1 Instruction and development of the basic skills, rules and courtesies of racquetball. 1
PHED 1421	Intermediate Swimming 1, Fall Designed to increase the student's variety of swimming strokes and skill. Prerequisite: PHED 1321 or equivalent skill.
PHED 1431	Advanced Racquetball 1, Spring Emphasis on the refinement of skills and techniques as well as tournament play. May be repeated for credit. Prerequisite: PHED 1411 or equivalent skill.
PHED 1441	Women's Varsity Track 1, Spring Varsity participation may be taken for credit only once. Prerequisite: permission. 1, Spring
PHED 1451	Intermediate Rock Climbing (LEIS 1451) 1, Fall, Spring A continuation of the Introduction to Rock Climbing course. Additional fee required. 1, Fall, Spring
PHED 1469	Ballet (THEA 1469)1 to 2, SpringIntroduction to ballet techniques including barre, center floor and across the floor combinations.Open to all skill levels. Instructor will adjust to skill levels of students enrolled. Additional workwill be required for two hours credit.
PHED 1479	Jazz/Tap (THEA 1479) 1 to 2, Fall, Even Introduction to jazz/tap styles and combinations. Open to all skill levels. Instructor will adjust to skill levels of students enrolled. Additional work will be required for two hours credit.
PHED 1521	Lifeguarding 1, Spring This course will focus on the skills and knowledge necessary to become a certified lifeguard. May result in American Red Cross lifeguarding certification. Prerequisite: PHED 1421 or equivalent/ concurrent enrollment in KINE 1111.
PHED 1531	Diving 1, On Demand Knowledge and skills needed to perform various dives from a one-meter springboard. May be repeated for credit. Prerequisite: PHED 1421 or equivalent skill.
PHED 1541	Physical Fitness: Swimming 1 Physical fitness through an individualized program of swimming. May be repeated for credit. 1
PHED 1561	Physical Fitness: Weight Training 1 Physical fitness through an individualized program of weight training. May be repeated for credit. 1
PHED 1631	Scuba Diving1Knowledge and skills to scuba dive. May result in certification. Prerequisite: PHED 1421 or equivalent skill. Additional fee required.1
PHED 1651	Recreational Sports 1, Spring This course will expose the student to the knowledge and skills associated with the sports of bowling, table tennis, pickleball, hickey, and golf. Additional fee required.
PHED 1661	Physical Fitness: Indoor Cycling 1, Fall, Spring Physical fitness through an indoor cycling workout. May be repeated for credit. 1, Fall, Spring

PHED 1761	Cycling Knowledge of the bicycle and legal knowledge associated with cycling. Cardiovascular fi associated with cycling. May be repeated for credit. Prerequisite: must have own bike.	1, Spring tness levels
PHED 1811	Cheerleading Cheerleading may be taken for credit only once. Prerequisite: permission.	1
PHED 1821	Women's Varsity Soccer Women's Varsity Soccer. May be taken for credit only once.	1
PHED 1831	Men's Varsity Soccer Varsity participation may be taken for credit only once. Prerequisite: permission.	1, Fall
PHED 2509	Musical Theatre Dance (THEA 2509) Introduction to dance styles commonly used in musical theatre, including ballet, jazz, ta character. Students will also learn basic dance combinations and choreography appropri auditions and performances. Additional work will be required for two hours credit.	1

PHYSICS COURSE OFFERINGS

PHYS 1999	Topics in Physics 1 to 4, On Demand A lower level course in a selected area of Physics. Not for independent study. Additional fee may be required.	
PHYS 2414	College Physics I4, FallVectors, mechanics, fluids dynamics, heat and sound. One laboratory session each week.7Prerequisites: MATH 1163 and MATH 1173; or permission. Additional fee required.4	
PHYS 2424	College Physics II <i>4, Spring</i> Electricity, magnetism, optics, and introduction to modern physics. One laboratory session each week. Prerequisite: PHYS 2414. Additional fee required.	
PHYS 2515	University Physics I 5, Fall Mechanics, Fluid, Wave, Sound, and Thermodynamics. One laboratory session each week. 5 Prerequisites: MATH 2023 and CHEM 1115. Additional fee required. 5	
PHYS 2525	University Physics II 5, Spring Electricity, magnetism, light, and modern physics. One laboratory session each week. Prerequisite: PHYS 2515. Additional fee required.	
РНҮЅ 2999	Independent Study in Physics1 to 4Independent study for students who have completed a minimum of 24 hours with an overall Baverage.Prerequisites: approval of the dean and the completion of a 2999 Independent Study form.Additional fee may be required.	
PHYS 3014	Classical Mechanics 4, Fall, Even Statics, dynamics, introduction to Lagrangian and Hamiltonian mechanics. Prerequisite: PHYS 2515.	
РНҮЅ 3023	Thermodynamics and Statistical Mechanics3, Spring, OddThermodynamic laws, entropy, heat transfer, equations of state, kinetic theory. Maxwell- Beltzmannstatistics, Bose-Einstein statistics. Prerequisites: PHYS 2515, MATH 2033 and MATH 2043.	
РНҮЅ 3053	Optics and Wave Motion 3, <i>Fall, Odd</i> Geometrical and physical optics, interference, diffraction, electro-magnetic theory of light, special relativity. Prerequisite: PHYS 2525.	
PHYS 3154	Modern Physics I 4, Fall, Odd Special theory of relativity, quantum theory, atomic structure and origin of spectral lines; molecular bonding and energy levels. Prerequisites: PHYS 2525, MATH 2033 and MATH 2043. One hour lab required.	

PHYS 3164	Modern Physics II 4, 3 Radioactivity, high energy particles, radiation detectors, nuclear properties and structure, introduction to solid state physics. Prerequisite: PHYS 3154. One hour lab required.	Spring, Even
PHYS 4013	Advanced Laboratory I Two hours of lecture in the area of experimental physics and three hours of laboratory work. Prerequisite: PHYS 2525. Additional fee required.	3, Fall
PHYS 4023	Advanced Laboratory II Two hours of lecture in the area of experimental physics and three hours of laboratory work. Prerequisite: PHYS 2525. Additional fee required.	3, Spring
PHYS 4114	Physical Chemistry/Chemical Physics I (CHEM 4114) Considers states of matter; laws of thermodynamics applied to states and their changes; equi kinetics; electromotive force; irreversible processes; quantum theory; topics selected as appro- to the interests and needs of students enrolled. Additional fee required.	
PHYS 4124	Physical Chemistry/Chemical Physics II (CHEM 4124) Sequent of PHYS 4114, involving continuation of the same topics. Additional fee required.	4, Spring
PHYS 4183	Computational Physics 3, Introduction to the numerical algorithms fundamental to mathematical and scientific compute work. Emphasis on the physics problem modeling. Prerequisite: PHYS 2515 or permission.	Spring, Odd ter
PHYS 4329	Advanced Topics in Physics 1 to 4, An advanced course in a selected area of Physics. Not for independent study. Prerequisite: ju standing. Additional fee may be required.	On Demand nior
PHYS 4333	Electricity and Magnetism I Vector analysis, Electrostatics and fields, Magnetostatics and fields, special techniques for Boundary-Value problems. Prerequisites: PHYS 2525, MATH 2033 and MATH 2043.	3, Fall, Even
PHYS 4344	Electricity and Magnetism II4,Electromagnetic wave, Maxwell's equations, Electro-dynamics. Additional fee required.7Prerequisite: PHYS 4333. One hour lab required.7	Spring, Odd
PHYS 4999	Independent Study in Physics Independent study for juniors and seniors with at least a B average in Physics. Prerequisites: approval of the dean and completion of a 4999 Independent Study form. Additional fee may required.	1 to 4

POLITICAL SCIENCE COURSE OFFERINGS

POLI 1013	Introduction to Political Science A brief survey of the subject matter and subfields of political science as well as the most impo concepts and methods of study used in the discipline. A significant portion of the course will devoted to learning, at an introductory level, how to do research in the social sciences.	
POLI 1223	American National Government An introduction to the study of political process and the major institutions of government in t United States. Consideration given to the significance of the societal context in which governme operates, the concept of democracy, the selection of government leaders, group influences on government, the process by which government decisions are made, and the distribution of be in the political system.	ment
POLI 1259	Arab League Simulation 1 i Students prepare for competition in the Arab League Simulation. Students may repeat this con for credit, but no more than three (3) semester hours for Arab League Simulation may count toward a political science major.	to 3, Spring urse
POLI 1999	Topics in Political Science 1 to 4, 0	On Demand

A lower level course in a selected area of political science. Not for independent study.

1 to 4, On Demand

POLI 2273	State and Local Government State and Local Governmental institutions in a variety of states and localities, with particular emphasis on institutions in Oklahoma. Special attention will be give elections and voting behavior. Also, public policy formulation, development, and implementation will be examined.	
POLI 2371	Congressional Simulation Students research a wide variety of policy issues, practice writing legislation, debate the meri proposed bills and resolutions, learn to negotiate their passage and how to compromise. Stud may repeat this course for credit but no more than two (2) semester hours for the Congression Simulation may count toward a political science major.	lents
POLI 2381	Judicial Simulation 1, Students practice legal procedures in several moot court cases and conduct both civil and cri mock trials with a student jury and in front of a practicing judge. Students may repeat this co for credit but not more than one (1) semester hour for the Judicial Simulation may count tow political science major.	ourse
POLI 2391	Oklahoma Inter-Collegiate Legislature Students prepare for competition in the Oklahoma Inter-Collegiate Legislature in Oklahoma City in the Capitol Complex. Students elect officers, assign seats in the House and Senate, we legislation, compete in moot court, and debate bills. Students may repeat this course for cred but no more than two (2) semester hours for the Oklahoma Inter-Collegiate Legislature may toward a political science major.	it,
POLI 2503	International Relations 3, 5 A study of the patterns of interaction among states and supranational organizations. Analysis of environmental, institutional, and behavioral factors affecting relationships among states. Investigation of various factors involved in world politics; principles on which they interact; theories of war, peace, and integration; and the systematic concepts of world politics. Prerequ POLI 1013 or permission.	Spring, Even aisite:
POLI 2703	Comparative Politics 3, A survey and cross-national comparison of political systems having different socioeconomic configurations. OBU Graduate School in Summary

OBU's Graduate School campus is located in the heart of Oklahoma City just north of Bricktown in the Momentum Building.

OBU's Graduate School utilizes a block calendar plan with cohorts being seated in both August and January each year. Classes may run for four, six or twelve-week segments. The University currently offers 2 graduate degrees: the Master of Business Administration and the Master of Science in Nursing. OBU's curriculum features strong realworld biblically based graduate studies designed to prepare professionals to step into leadership positions in their career field.

MBA Mission

The Master of Business Administration program at the Graduate School extends OBU's mission through rigorous graduate programs that help students transform their careers, their lives, and their world through:

- professional, real-world, results-minded instruction;
- · Christ-centered outlook on the world; and
- an international awareness.

MSN Mission

Building on a professional nursing education at the undergraduate level, the mission of the nursing graduate program at Oklahoma Baptist University is to prepare advanced practice nurses for delivery of health care with diverse populations and leadership roles in rapidly changing health care systems. This is accomplished through the integration of advanced professional knowledge and Judeo-Christian beliefs.

ADMISSION

Graduate School Admission Requirements

- Bachelor's degree from an accredited college or university in the U.S. or foreign equivalent as approved by specific program with a cumulative GPA of 3.0 on a 4.0 scale.
- A completed application form available online at www.okbu.edu/graduate
- A current résumé
- A completed statement of purpose
- Official transcripts from all colleges or universities attended. These must be mailed to: OBU Graduate School, 111 N. Harrison, Oklahoma City, OK, 73104.

MBA Program Admission Requirements:

1. Admission to OBU graduate program.

- 2. An earned bachelor's degree from an accredited U.S. college or university, or a foreign equivalent. The undergraduate degree does not need to be in a business field; in fact, working professionals with degrees in other fields are strongly encouraged to apply.
- 3. Demonstration of basic competency in general business knowledge including financial accounting, economics, finance, and business math and statistics is required. Competency can be demonstrated by
 - Submitting transcripts demonstrating successful completion of coursework in the required areas at an accredited institution
 - Passing the appropriate College-Level Examination Program (CLEP)*
 - Passing the appropriate *Ivy Software* Examination (Pre-Course Assessment or Post-Course Exam)**
- 4. Full-time work experience of at least two years is preferred, with a strong desire to develop leadership potential. Exceptional students with less work experience may be considered on a space-available basis.

*College-Level Examination Program (CLEP) resources may be found at www.collegeboard.com

**Ivy Software Examination resources may be found at www.ivysoftware.com

MSN Program Admission Requirements:

- 1. Admission to the OBU graduate program
- 2. Scores on Miller Analogies Test (MAT)
- Current license to practice professional nursing in the United States kept on file with the University
- 4. Successful completion of a basic statistics course
- 5. A baccalaureate degree with an upper division major in nursing from a program accredited by an approved nursing accrediting body
- 6. A minimum grade point average (GPA) of 3.0 in the last 60 hours of coursework toward the undergraduate nursing degree
- Two years full time work experience as a registered nurse is preferred. Exceptional students with less work experience may be considered on a space-available basis.

Transfer Credit

A maximum of six credit hours or two courses from an accredited graduate school will be considered for transfer credit. Only grades of B or above will be considered, and coursework should have been completed within the last six years. Transfer credit requests will be carefully evaluated by the MBA or MSN Admissions Committee, and are not automatically granted.

REGISTRATION & ENROLLMENT

Registration

Once notified of admission to the program, registration for the first course is completed through the Graduate Programs Office. Full tuition for the first course is due upon registration.

Enrollment

Progress through the MBA and MSN Programs is recommended in a pre-determined sequence. Regular entry into the program occurs in January or August of each year. Entry at the beginning of any course module is possible with special permission from the Dean of the appropriate program. Once an applicant is advised of acceptance and indicates intent to begin the program, registration for each module is automatic. All application materials will be permanently kept on file in the OBU Graduate School office.

Textbooks

Textbooks are available online through the OBU bookstore. After registration, course syllabi are online. The course syllabi will list class reading and written assignments which may be required prior to the first class meetings. Program participants are required to bring their own laptop computer to most class sessions.

Late Registration

Final registration must be completed before the first class meeting or a \$50 late registration charge will apply.

Withdrawal from Classes

Students who must withdraw from a class must formally withdraw in the Graduate Programs office no later than the fourth class meeting of a six-week course or the eighth meeting of a twelve-week course in order to receive the neutral grade of "W." Students withdrawing from courses after these dates will receive a grade of "FX" indicating failure because of excessive absences. The potential refund is dependent upon the date of withdrawal.

FINANCIAL POLICIES

Refund Policies

Refunds adhere to the following schedule:

- Before the first class meeting of a course 100% of tuition
- After the first meeting 75% of tuition
- After the second meeting 50% of tuition
- After the third class meeting 0% of tuition

Students who withdraw from a course because of extenuating circumstances must meet with the Director of the Graduate School about their ability to continue the program.

Employer Tuition Reimbursement

Many employers offer tuition reimbursement plans which can assist students in attaining their educational and career goals. Upon registration, the student must submit documentation of their employer's policies for tuition reimbursement to the Graduate School office. If the employer reimburses students directly, full payment is due at the time of registration for each course.

MSN Scholarships

MSN applicants interested in applying for a scholarship should request a scholarship application from the Graduate School office. October 28 is the deadline for the January cohort. June 1 is the deadline for the August cohort.

MSN Leave of Absence & Scholarship Payback

If a student withdraws from the MSN degree program prior to the first meeting of the third course, the scholarship will be forgiven in full; no payback is required.

If a student withdraws from the MSN degree program anytime following the last meeting of the second course, the scholarship requires 100% payback for the third course through course attended at time of withdrawal.

Life Altering Circumstance (Student or Family Member): If a student drops the MSN degree program due to an approved life altering circumstance, regardless of program course, the scholarship will be forgiven in full; no payback is required. Proper documentation is required. A student who has been approved for leave of absence may return without payback, but must re-enter the program within one year of taking a leave or the scholarship will be forfeited and payback will be required. A student desiring to re-enter the program must submit an updated application form for record purposes.

Appeal Process:

If, for any reason, the student is not satisfied with the decision to deny the leave of absence or payback requirements, the student may submit a written appeal. The appeal must be submitted to the OBU Graduate School office and will be processed through the following chain of command:

- 1. MSN Committee
- 2. OBU Graduate Council
- 3. OBU Provost
- 4. Executive Committee

GENERAL POLICIES

Governance of Graduate Studies at OBU

The Graduate Council is charged with oversight of all graduate programs at the University. The Committee is composed of the Provost and Executive Vice President for Campus Life, the Director of the Graduate School, academic deans, appointed faculty members, and student representatives (one per program, selected by the cohort) from each approved graduate program or program under development.

Special Services

OBU's Graduate School provides support services to students with disabilities. The Graduate School is committed to the goal of achieving equal educational opportunity and full participation for students with disabilities. If you have a need for services due to disabilities, please contact the Director of the Graduate School at 405.319.8470.

Non-discrimination Policy

Oklahoma Baptist University strives to maintain high standards of professional ethics in an atmosphere in which individuals do not abuse their personal authority or power in interpersonal relationships.

The OBU Graduate School is committed to maintaining a humane atmosphere in which the race, color, gender, age, national origin, marital status, and cognitive or physical disability are not disparaged. The University will not tolerate language or behavior directed against particular persons or groups the intent of which is to degrade, humiliate, embarrass, frighten, or otherwise dehumanize.

Graduate Student Services

OBU staff members from both the Shawnee and Oklahoma City campuses are available to help students with application to the program, advising, registration, applications for financial aid, career counseling, and more, throughout their graduate education. Textbook purchases are facilitated online through OBU's bookstore. Books orders will be processed in a timely fashion so that required reading and writing assignments can be completed prior to the first class meeting. Library and reference materials are accessible online, as well as at the main OBU library and the Byrd Library on the campus of the OU Health Science Center. Students may also be able to check out materials from a multitude of different libraries through OBU's participation in the OKShare program.

Student Rights and Responsibilities

OBU's Graduate School students are expected to support and promote the values of ethics, academic integrity, individual freedom, dignity, respect and concern for others. Graduate School students have the right to appeal decisions. Those decisions not related to grade issues follow the sequence:

- faculty member
- Academic Dean
- ad hoc committee (Academic Dean, GS Director, faculty member)
- Provost and Executive Vice President for Campus Life

The grade appeals process is outlined in the Academic Policies section below.

ACADEMIC POLICIES

Class Attendance

Due to the accelerated nature of course scheduling and the importance of team building among cohort peers in the OBU Graduate School programs, it is essential that students attend class regularly. When extenuating circumstances arise forcing a student to miss class, notice should be given as soon as possible to the faculty member as well as the Graduate School office. Responsibility for fulfilling all course requirements lies with the student. Faculty members have the option of granting makeup assignments or exams for missed class periods. Students with attendance issues may petition via the Incomplete Grade Contract to receive an incomplete in the course rather than withdraw from OBU.

Recording and Transmission Devices Class

The use of recording and transmission devices (including cell phones) in the classroom by students without authorization from the instructor or the Graduate School office is prohibited. The participation of individual students in class should not be recorded without their permission. Any authorization for the use of recording devices in the classroom by students carries with it the following limitations:

• recordings shall be used only for the student's private study;

- information from the tapes shall not be made available to other persons not enrolled in the course; and
- all recordings shall be destroyed at the end of the semester.

Cellular Phone Usage

In order to maintain an optimal environment for learning, cellular phones should be turned off or set to vibrate during class. In the rare event that a student feels it will be necessary to take a phone call during class time, notice should be given to the professor in advance, as a courtesy. If a student receives a call, it is appropriate to leave the room and close the door before answering a call.

Academic Dishonesty Graduate Policy

The University maintains a strict policy concerning academic dishonesty, which includes cheating, plagiarism, giving assistance on an examination or paper when expressly forbidden by the instructor, and any other practices which demonstrate a lack of academic integrity. Cheating occurs any time a student uses deception in order to avoid fulfilling the specific requirements of an assignment or course and/or in order to receive a higher grade than he/ she might otherwise receive. Plagiarism occurs when a student appropriates passages or ideas from someone else's writing into his/her own without providing proper documentation and/or without using quotation marks to indicate when he/she is directly quoting from a source. The responsibility lies with the student to know and to adhere to principles of academic honesty.

Procedure

If an instructor determines that the student is guilty of academic dishonesty, the instructor must discuss the matter with the student. In the event the instructor cannot reach the student in a timely manner, such as when the student has gone home at the end of a semester, the instructor may assign a grade of "I" (Incomplete) until the student can be contacted and the matter of academic dishonesty discussed. The instructor then completes the "Academic Violation Form," which should include evidence and other necessary documentation. The instructor will determine the appropriate remedy: either a grade of zero on the assignment in question or a grade of "F" in the course. The student will designate whether he/she accepts the remedy for the violation of the dishonesty policy or wishes to appeal the instructor's decision. If a student elects to appeal, the "appeal due date" line must be completed on the Academic Violation Form. (See the Appeals section below for more information regarding the appeals process.)

Upon completion, the instructor forwards the Academic Violation Form to the Registrar's Office for placement in the student's permanent record. The Registrar will forward copies of the Academic Violation Form to the student, graduate program director, appropriate academic dean, and Chief Academic Officer. Not appealing when the form is first completed or by the appeal due date will be taken as an admission of guilt, except under compelling circumstances to be determined at the sole discretion of the Chief Academic Officer.

If upon receipt of the Academic Violation Form the Registrar determines that the student is guilty of a second offense, and after all appeals are exhausted, then a grade of FD (Failure Due to Academic Dishonesty) will be assigned by the Registrar for the course regardless of the remedy specified on the Academic Violation Form. The student is then permanently disbarred from membership in any honorary society, is permanently ineligible for any OBU honor list, and permanently expelled from the University. The Registrar will notify all parties in writing. A copy of the final report with the two offenses will become a part of the student's permanent record. The university reserves the right to expel the student after a first offense, depending on the circumstances and at the sole discretion of the Chief Academic Officer. If the student is enrolled in one or more other courses at the time the FD is issued, he/she will be academically withdrawn from the other course(s). In the case of academic withdrawal due to an academic violation, no refund will be provided.

Appeals

The student who wishes to appeal an academic violation charge should submit his/her appeal in writing to the appropriate Academic Dean (hereafter referred to as Dean) by the appeal due date indicated on the Academic Violation Form, which is normally within ten regularly scheduled business days after the completion date of the Academic Violation Form. This statement should contain the reasons for which the student is appealing the instructor's decision. The burden of proof lies with the student in such a case to show that an ethical violation has not occurred. Within ten regularly scheduled business days of receiving the written appeal, the Dean will notify, in writing, both the instructor and the student of the decision. Copies of the decision are to be forwarded to the Registrar and the Chief Academic Officer by the Dean. If the Dean is also the instructor who files the Academic Violation Form, then the student may appeal to the Chief Academic Officer.

When, in the opinion of the Dean, the student fails to show reasonable cause for further investigation, the Dean may deny the appeal without taking further action. When, in the opinion of the Dean, a student's appeal raises reasonable doubt as to whether an ethical violation occurred, the Dean will meet with the faculty member and with the student and render a decision within ten regularly scheduled business days of the receipt of the appeal. If the decision favors granting the student's appeal, the Dean may request that the Registrar remove the Academic Violation Form from the student's record. The Dean will notify both the student and the instructor of this action. Copies of the decision are to be forwarded to the Registrar and the Chief Academic Officer by the Dean.

Any student who has exhausted the remedies open under the procedures outlined above may appeal the entire matter to the Chief Academic Officer in writing within ten regularly scheduled business days of receiving the response from the Dean. Upon receipt of the appeal, the Chief Academic Officer will review the matter and issue a decision within fifteen (15) regularly scheduled business days. The Chief Academic Officer has the authority to deny the appeal, reduce the penalties in the event of extenuating circumstances, or direct the registrar to remove the record of the Academic Violation Form from the student's permanent record. The results of the Chief Academic Officer's decision are final. The Chief Academic Officer will notify the student and the Dean. Copies of the decision are to be forwarded to the Registrar and the instructor by the Chief Academic Officer.

Note: During the appeals process, the student may continue to attend the class in which the violation occurred.

Grade Reports

Grades are issued within 10 days of the close of a course. All grade reports are issued online.

Grade Appeals

In the case of a grade appeal, the student shall be considered to have an authentic grievance when he/ she can demonstrate his/her grade for a course has been adversely affected because a faculty member has:

- made an error in the calculation of the grade or has made an error in reporting the grade to the Registrar;
- b. made an arbitrary, prejudiced or capricious evaluation of the student;
- c. created and enforced course policy that is arbitrary, prejudiced or capricious;
- d. failed to notify (or to make a reasonable attempt to notify) the student of course requirements, policies, and/or penalties;

- e. failed to notify (or make a reasonable attempt to notify) the student in a timely manner of failure to achieve educational objectives;
- f. infringed upon the contractual rights of the student as delineated in the course syllabus, the Catalog, or other University policy documents;
- g. violated the civil or human rights of the student as defined by law.

Grade appeals should begin by the student contacting the faculty member to attempt resolution. The first contact must be made within 10 working days of the date that final grades are posted. If the faculty member is unavailable, the student should contact the Academic Dean to petition for an extension. If the initial consultation does not result in a satisfactory outcome, the student may request a conciliatory conference with the Director of the Graduate School, the Academic Dean and the faculty member. Such a request must be made in writing within five working days after the initial consultation with the faculty member. Should the conciliation conference not yield a satisfactory result, the student may request a formal hearing. A written request for a formal hearing must be submitted by the student within 10 working days after the conciliation conference. The written request must be submitted to the Chief Academic Officer. The petition must include detailed factual data and other information that the petitioner deems pertinent to his/her case, including an account of the informal procedures and why the attempted resolution was unsatisfactory.

Within five working days after receiving the student's petition, an ad hoc hearing committee shall be formed. The Chief Academic Officer shall select two graduate faculty members. The Director of the Graduate School shall select two graduate students. The ad hoc hearing committee will select an additional faculty member to be a non-voting chairman. No person with a conflict of interest shall be selected.

The hearing shall be within 10 working days of the selection of the ad hoc hearing committee at a time and place determined by the Chief Academic Officer and communicated to all parties through his/her office.

The hearing will be conducted in private, and the parties will make no public statements about the case.

The ad hoc hearing committee will not be bound by strict rules of legal evidence. Serious efforts will be made to obtain the most reliable evidence. The decision will take the form of finding of fact, conclusions, and a recommended disposition of the appeal. The findings of fact, conclusions, and recommended disposition must be based solely on the hearing records and pertinent University policies and procedures. The findings, conclusions and recommendations shall not be inconsistent with applicable provisions of local, state, and federal law.

General Rules of Procedure for Grade Appeals

The following rules and procedures will apply to all grade appeals:

- a. Time limits may be extended by the Chief Academic Officer when he/she considers the reasons for an extension to be warranted. However, a grade appeal should be resolved within six months of the time the grade is received.
- b. The committee shall be provided copies of all written correspondence that has been exchanged relative to the appeal. These materials shall be collected by the Chief Academic Officer and given to the Chairman of the committee.
- c. All proceedings shall be closed to anyone except the participants and the committee. The committee will review written documentation and hear oral statements from the two parties. At the discretion of the Chair, other students or faculty members may be invited for a portion of the hearing to provide relevant information.
- d. All proceedings and records of proceedings shall be confidential.
- e. A tape recording or video recording of the formal hearing will be made by the University. A transcript shall be provided at the expense of the party or parties requesting it.
- f. All formal hearing documents shall be kept in the confidential files in the office of the Chief Academic Officer. The ad hoc hearing committee will present its decision in writing within five working days to all parties and to the Chief Academic Officer. Should the student initiate court action, the University reserves the right to discontinue internal procedures or to continue same to complete a record as the case warrants. The ad hoc hearing committee may decide:
 - 1. to uphold the grade assigned by the faculty member;
 - 2. to suggest that the faculty member or the Chief Academic Officer change the student's grade; or
 - 3. to negotiate a mutually acceptable compromise between the student and the faculty member.

At least three of the four voting members of the committee must concur that the grade should be changed before a decision is made to change a grade.

Requirements for Grade Point Average

A cumulative GPA of 3.00 or above is required in order to earn the graduate degree. A maximum of two C's and no D's may count toward the degree. If the cumulative GPA falls below 3.0 after the completion of nine credit hours, the student will be placed on academic probation for the following twelve credit hours or until the student's cumulative grade point average is at least 3.00, whichever is shorter.

Failure to reach the above minimum within the next twelve credit hours will result in the suspension of the graduate student from the University. Notification will come from the Chief Academic Officer. Graduate students under academic suspension normally may apply to the Chief Academic Officer for reinstatement. Reinstatement of the graduate student is not automatic but depends on the quality of evidence submitted to the Chief Academic Officer, in consultation with the appropriate academic Dean to justify belief that normal progress may be made toward satisfaction of degree requirements. Reinstated graduate students must pass all courses attempted for each succeeding semester with a course grade no lower than B or a second suspension will result.

Graduate students who have earned the requisite number of semester hours for the degree but have not reached a 3.00 cumulative GPA are required to satisfy quality point deficiencies through enrollment in courses of graduate level (i.e. courses numbered 5000 or above) as approved by his/her Academic Dean.

COURSE POLICIES

Repetition of Courses

Courses may be repeated one time with permission of the Academic Dean. The second grade will count toward the calculation of the GPA. Full tuition must be paid.

Completion of Course Work

Specific course policies are at the discretion of the assigned course faculty member. All assignments should be completed before or by the last class meeting date.

Leave of Absence Policy

Should a graduate student find it necessary to temporarily leave the program, he/she can request a leave of absence from the program. Students returning to the program in less than 24 months will not have to be reconsidered for admission. If more than 24 months elapse, a student must apply for readmission to the program.

Five Year Limitation

Degree requirements must be completed within five years of the initiation of course work or the student risks losing all credits.

Auditing Courses

All graduate courses are available for credit enrollment only.

GRADUATION POLICIES

Degree Check

Graduate students must apply for a degree check from the Director of the Graduate School at least six months prior to the anticipated graduation date to certify completion of courses toward the degree, as well as anticipated completion of all remaining requirements. This may include certification by the Registrar of official transcripts from other accredited post-secondary institutions, if transfer credit is being applied to the degree (maximum of six credit hours). The degree check must be signed by the student and the Academic Dean.

Graduation Requirements

- 1. Completion of required coursework,
 - a. For the MBA program:
 - Successful completion of the program 36 credit hours,
 - Successful completion of the international trip,
 - And the graduate business project.
 - b. For the MSN program, completion of the 39 credit hours.

- 2. Cumulative grade point average of 3.0 in all OBU Graduate School coursework.
- 3. A maximum of two C's and no D's may count toward the degree.
- 4. Fulfillment of all financial obligations to the University.
- 5. Payment of \$50 graduation fee.
- 6. Approval by the Graduate Council minus student membership

Graduation Application

The Application for Graduation form should be completed by the first day of the month preceding the month of graduation. Commencement ceremonies, held on the OBU main campus, offer an opportunity to celebrate achievements with family and friends. Graduate degree candidates are strongly encouraged to participate in commencement ceremonies. Candidates with six or fewer credit hours remaining may participate in commencement ceremonies.

OBU GRADUATE SCHOOL CODE OF CONDUCT

Alcoholic Beverages/Drugs

The University prohibits the possession, use, or distribution of alcohol and illicit drugs by students, employees, and others, on University-controlled premises or in connection with any University activity.

Breach of Peace

Breach of peace is defined as an action which disrupts the peace or endangers the safety, health, rights, or life of any person, and an activity which incites others to such actions. Students who engage in such activities will be subject to disciplinary action. Disruption of the functional processes of the University by individuals and/or organizations will not be permitted. The use of obscene language is prohibited at any time.

Firearms Free Zone

Consistent with state law, the OBU Graduate School campus is designated as a firearms free zone. The only persons who may carry a firearm on campus are security and law enforcement personnel when acting in an official capacity.

Inclement Weather

In the rare event that OBU Graduate School should be forced to close the program office and meeting rooms due to inclement weather, a phone message will be posted by 4:00 p.m. and students will be contacted by email. Even if events are ongoing, participants should never endanger their personal safety by traveling to the Graduate School. Instructors will make special provisions, including rescheduling of cancelled class meeting times, as appropriate.

Care of Unsupervised Children

Due to insurance requirements, children under the age of 18 are not allowed in the OBU Graduate School facilities unless special arrangements are made. No guests are allowed in course meetings except by permission of the instructor.

Sexual Harassment

Sexual harassment is defined as any unwelcome sexual advance or other unwelcome verbal or physical conduct of a sexual nature when

- a reasonable individual would believe that his/ her response to the conduct will affect his/her employment or academic status; or
- the conduct creates an intimidating or hostile environment for work or learning.

Sexual harassment can be verbal, visual, physical, or communicated in writing or electronically. Although sexual harassment may violate state or federal law, the University may consider conduct to be sexual harassment whether or not it rises to the level of illegal sex discrimination.

Discriminatory Harassment

Harassing conduct includes, but is not limited to, the following:

- epithets, slurs, negative stereotyping, threatening, intimidating, or hostile acts, that relate to race, color, gender, national origin, age, or disability; and
- written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of race, color, gender, national origin, age, or disability and that is placed on walls, bulletin boards, or elsewhere on campus or circulated on campus.

Such harassment is contrary to the Christian standards of conduct expected of all members of the graduate University community, students, staff and faculty.

Any student who engages in harassment will be subject to disciplinary action ranging from a warning to expulsion, if appropriate. Persons who believe they have been objects of sexual harassment or gender discrimination should so advise the Director of the Graduate School, the Academic Dean, or their supervisor.

MBA COURSE DESCRIPTIONS (Listed in program order)

MGMT 5123	Managing for Results This course places emphasis on acquiring the knowledge and skills typical of graduate level organization management courses. The primary topics are business intelligence, planning, organizing, controlling and leading. The distinctive focus is teaching the student to manage self and to be accountable for measurable results of other individuals and teams.	3
CIS 5203	Information Technology This course is a study of business information systems and related technologies using a systems approach. The course includes analysis, design, development, selection, implementation, evaluation, management, and use of information systems for all major business areas. System components (hardware, software, data, procedures, and personnel) are covered.	3
ECON 5303	Competitive Analysis This course is a study of tools that provide insight into competitive structures and relationships within industries, sectors, and economies.	3
MGMT 5403	Organizational Dynamics This course will focus on leadership in the organization and industry. Topics will include the development of systems and processes with excellence during transitions.	3
MKTG 5523	Marketing for Results This course equips students with the knowledge and skills necessary to plan and execute strategies and tactics typically assigned to the marketing function of organizations. The course addresses critical factors affecting product and enterprise competitiveness, including resource allocation, product design and positioning, creating awareness through marketing mix, creating accessibility through distribution strategies, pricing and the integration of the marketing function with other functions in the organization.	3
BLAW 5603	Commercial Law This course considers torts, contracts, business structures and relationships, and international dimensions of the legal environment. The laws impact and interaction with managerial decisions is emphasized.	3
MGMT 5723	International Business This course equips students to deal effectively with the challenges of establishing, growing, and managing international businesses. The course includes identifying and evaluating international opportunities and risks as well as the fundamentals of international marketing and business development. It also prepares students to succeed in the 21st Century by giving them a global perspective of today's business environment.	3
MGMT 6103	International Business Practicum This course is a coordinated and supervised trip to a foreign country with an emphasis on culture and management practices, and includes visits to companies and other meaningful sites in that country. Prerequisite MGMT 5703.	3
FIN 5803	Finance This course is a study of the numerous financial decisions confronting the modern corporation. Special consideration is given to the effective management of financial resources, financial analysis and planning, investments, capital budgeting, and capital structure issues.	3
ACCT 5923	Financial Accountability This course gives attention to the knowledge and skills needed to understand and sustain financial activities in an organization, whether a full company, a department, a division or other strategic business unit within an existing organization. The course addresses the common managerial and financial accounting functions in areas of financial statements, classifications, entries and adjustments, analysis, costing, budgeting, and other processes. The emphasis is on the effective use of accounting and finance principles and tools to achieve exceptional, comprehensive stewardship of all organizational resources.	3

MGMT 6223 Organizational Strategy

Case-oriented experience designed to integrate a student's functional knowledge and skills. Students will learn to develop and execute appropriate strategies and policies in a competitive business environment. Typically, this course is taken during the last semester of course work.

MGMT 6303 MBA Capstone

A supervised, applied project proposed by the students and approved by the student's graduate research advisor. Emphasis will be placed on: 1) problem analysis and identification, 2) identification of a process or product to address the problem that was identified, 3) development of a proposed scope of work including budget and time line for the accomplishment of major milestones, and 4) a formal report on the project's progress and impact. The course is intended to assist students to become better consumers of business research so they may be fully equipped to address practical business problems. Students will also take the ETS MBA Major Field Test. To be taken as the final course.

ONLINE MBA COURSE DESCRIPTIONS (Listed in program order)

MGMT 5521 History of Management Thought

This course provides an overview of major schools or perspectives of management theory. The focus is upon the disciplinary foundations of management theory as well as the impact of historical context upon the development of management theory. The course also focuses upon the rise of the concept of management as a distinct profession.

MGMT 5123 Management for Results

This course gives attention to the knowledge and skills needed to grow and sustain performance in an organization, whether a full company, a department, a division, or other strategic business unit within an existing organization by getting the right things done through teams of people. The course addresses the common management functions of planning, organizing, leading, and controlling.

ACCT 5923 Financial Accountability

The objective of this course in financial accountability is to present students with the basic skills and terminology and then allow them to apply these skills in practical critical thinking exercises, decision situations and other higher levels of learning. Topics include both financial accounting concepts and managerial accounting concepts. The course begins with an understanding of the various financial statements and the basic accounting process. A more in-depth coverage of assets, liabilities, equities, revenues and expenses precedes a discussion of financial statement analysis. The course transitions into foundational managerial accounting concepts including cost behavior, budgets, performance evaluation, differential analysis and capital budgeting.

MKTG 5523 Marketing for Results

This course gives attention to the knowledge and skills needed to manage the marketing function in a 21st century organization. It addresses the common marketing functions of industry and market research, customer research, product and service design, pricing, creating awareness, distribution, and presentation.

CIS 5513 Management Information Systems and E-Commerce

This course will investigate issues relevant to effectively managing Information Technology (IT). The functions of an information systems organization will provide the basis for exploring challenges facing Management Information Systems (MIS) managers and e-Business (electronic business). Management of the fast and ever-changing IS environment will be a recurring theme.

MGMT 5513 Human Resources & Organizational Behavior

This course will examine personal and professional issues related to modern human resource management (HRM). From the stages of pre-employment through termination, this course lays the essential framework for employment. Topics covered include: training and development, motivation, teamwork, compensation, performance, labor relations, safety, laws, and cultural concerns.

ECON 5513 Decision Analysis and Quantitative Methods

This course provides the student with the concepts, methods and tools for the application of logical and quantitative analysis to business decision making and problem solving. The course familiarizes the student with a wide range of software and other classical and contemporary resources related to decision and problem analysis, including basics of logic and decision making, principles of optimization, probabilistic distributions, linear programming, simplex, queuing and transportation problems, break even analysis, inventory management, forecasting and simulation. The course highlights the benefits as well as the limits of quantitative analysis in a real-world context.

MGMT 5723 International Business

This course gives attention to the knowledge and skills needed to grow and sustain performance in an international business organization, whether a full company, a department, division or other strategic business unit within an existing organization. The course addresses the common international business functions of market analysis, exporting, sourcing, direct foreign investment, and cross-cultural management.

MGMT 6223 Organizational Strategy

This course gives attention to the knowledge and skills needed to grow and sustain performance in an organization, whether a full company, a department, a division, or other strategic business unit within an existing organization by getting the right things done through teams of people. The course addresses the common management functions of planning, organizing, leading, and controlling.

MGMT 5553 Leadership in Organizations

This course provides the student with the knowledge and skill sets needed to lead people in business organizations. Learning how to build teams, distribute leadership, and develop political acuity and persuasive communication skills are important elements of this course. In addition, understanding one's self (e.g., learning style, values, aspirations, biases, affective skills, weaknesses, etc.) and learning to manage emotions under stressful circumstances is crucial to the development of effective leadership.

MGMT 5592 Comprehensive Exam Review

To receive your degree, most universities offering this program will require that you pass the COMPREHENSIVE EXAMINATION. This Comprehensive Examination, taken when you have completed all of the regular coursework, will be an approximately four-hour, written pass/fail exam, with a combination of essay questions, multiple choice, case studies, and calculations derived from required and elective MBA courses. The exam committee is likely to include the Dean for the College of Business, fulltime and adjunct professors, and anyone appointed by the Graduate and Distance Learning programs. If necessary, the student may retake the examination after a prescribed period.

MGMT 5559 Masters Project or Thesis

A supervised, applied project proposed by the students and approved by the student's graduate research advisor. Emphasis will be placed on: 1) problem analysis and identification, 2) identification of a process of product to address the problem that was identified, 3) development of a proposed scope of work including budget and time line for the accomplishment of major milestones, and 4) a formal report on the project's progress or impact. The course is intended to assist students to become better consumers of business research so they may be fully equipped to address practical business problems. To be taken as the final course. Pass/fail grading. Student may receive a grade of IP (In Progress) until work is completed at which time grades will be changed to Pass. Student must re-enroll until the course work is successfully completed.

MSN COURSE DESCRIPTIONS

COMMON CORE: 24 CREDITS

NURS 5002	Health Care Informatics This course explores the integration of computer technology, information science, and nursing practice in education, research, administration, and healthcare systems and facilitates the student's engagement in the unfolding digital electronic era in healthcare.	2
NURS 5012	Health Care in Diverse Populations This course provides a theoretical foundation in health promotion, illness prevention and maintenance of function across the lifespan for individuals and aggregates in diverse populations.	2
NURS 5023	Scholarly Inquiry This course prepares the student to evaluate and utilize new knowledge to provide high quality, evidence-based health care, to initiate change and to improve nursing practice.	3
NURS 5033	Theoretical Foundations in Nursing This course prepares the student to evaluate and utilize appropriate theory from nursing and related disciplines. The focus is on mid-range theories with emphasis on integration of theory into advanced nursing practice.	3
NURS 5042	Ethics in Health Care This course provides students with the opportunity to explore and analyze values that shape advanced nursing practice, systems of health care and care delivery.	2
NURS 5053	Nursing and Health Care Policy The course provides a comprehensive knowledge of how health policy is formulated, how to affect this process, and how it impacts consumers and health care delivery. Course content includes discussion of global perspectives.	3
NURS 5981	Capstone Seminar This seminar course provides an opportunity for the student to collaborate with faculty and peers in the development of an evidence based practice project.	1
NURS 5984	Transition to Advanced Nursing Role Seminar This course facilitates transition into advanced practice nursing roles by focusing on interaction among advanced practice nurses, professional colleagues, and clients in the health care system.	4
NURS 5994	Theory, Research, and Advanced Nursing Role Project This course provides an experience which synthesizes previous learning. Students identify a clinical problem, demonstrate an understanding of related research and theory, critically analyze the problem, and develop strategies for resolution.	4

MSN COURSE DESCRIPTIONS EDUCATION EMPHASIS: 15 CREDITS

NURS 5103	Strategies for Teaching in Nursing This course examines the teaching role of the advanced practice nurse in a variety of settings. Both traditional and innovative methodologies are explored.	3
NURS 5113	Measurement and Evaluation in Nursing Education This course explores the evaluation process. The methods for evaluating student learning, courses, curriculum, teaching strategies and program outcomes are analyzed. The relationship of accrediting agencies to the evaluation process is identified.	3
NURS 5123	Curriculum Development This course examines the elements of curriculum and program design and related issues, such as program approval and accreditation.	3
NURS 5156	Education Practicum This course focuses on organizing, teaching, managing and evaluating individuals, small groups, and large groups Faculty and students will collaborate to design a learning experience based on the student's career goals.	6

Special Programs

Continuing Education/Public Service

The Continuing Education Program allows OBU faculty to respond quickly to the changing needs of adults in the campus community and the community at large. Courses in topics of timely interest can be fielded as the need arises and offered on schedules planned with the working person in mind. Credit may be for academic hours or for Continuing Education units as needed.

Integrated OBU Bachelor's Degree/MBA Degree Program

Through an integrated program, OBU provides the opportunity for students from all disciplines to begin work toward a Master of Business Administration degree while completing an undergraduate degree. Through the program, students from any academic discipline can pursue completion of both a bachelor's degree and a master's degree within approximately five years.

Undergraduate students may count up to six hours of undergraduate course work toward the MBA degree. The program effectively reduces the number of credit hours needed for the MBA degree from 36 to 30.

The following 12 hours of required business courses must be completed for provisional admission to the MBA degree program:

BTEC 1103 - Fluency in Information Technology

MATH 2003 - Basic Statistics

ACCT 2013 - Principles of Accounting I

ECON (Micro or Macro)

A minor in business is recommended which may also include:

MGMT 3202 - Introduction to Organizational Management

MKTG 3303 - Introduction to Marketing

Any student in the program must maintain a GPA of at least 3.25 in the required business courses, with no grade lower than a "C." The student's overall GPA must be at least 3.0.

To participate in the program, the student must complete the MBA degree program admission process. The student may apply after completing 80 hours of undergraduate course work. At least 96 hours of undergraduate course work must be completed prior to beginning master's-level courses. Additionally, an interview with MBA program faculty is required. The student is provisionally admitted into the MBA program until the bachelor's degree is completed.

Students may begin MBA degree classes in August or January of their senior year. Undergraduates may take up to six hours of graduate work. The remaining MBA degree requirements may be completed in the academic year following completion of the bachelor's degree. The student must complete the business-related experience component of the MBA degree, as approved by OBU's MBA Committee.

Graduate classes are billed separately from undergraduate classes. Undergraduate enrollment in any given MBA cohort is limited to nine students (25%) of the class total. Undergraduate students cannot take an MBA topics course for undergraduate credit.

For more information, contact the Dean of the Paul Dickinson College of Business.

Ministry Training Institute

The Joe L. Ingram School of Christian Studies through the Ministry Training Institute offers adult education courses in Christian studies through online and off-campus centers located throughout the state of Oklahoma and other locations. The Ministry Training Institute provides college-level courses which can be applied toward a Diploma, an Associate of Arts Degree, or a Bachelor of Arts Degree in Christian Studies. Courses are taught by qualified faculty using materials prepared by members of the College of Theology and Ministry. This program is conducted in cooperation with local Baptist entities, and is under the direction of the Director of MTI and the Dean of the Herschel H. Hobbs College of Theology and Ministry.

The Washington Higher Education Coordinating Board has determined that the Oklahoma Baptist University qualifies for religious exempt status from the Degree Authorization Act for the following programs: Diploma in Christian Studies, Associate of Arts in Christian Studies, and Bachelor of Arts in Christian Studies. Any person desiring information about the requirements of the Act or the applicability of those requirements to the institution may contact the Board at P.O. Box 43430, Olympia, WA 98504-3430.

Admission Requirements:

- 1. High school diploma or General Equivalency Diploma (GED)
- 2. Students in Oklahoma must be at least 23 years of age. A request for a waiver of the age requirement must be submitted in writing to the Dean of the College of Theology and Ministry. The age requirement does not apply to out-of-state students.

Admission Documents

- 1. Ministry Training Institute Application for Admissions
- 2. Official high school transcript
- 3. Official college transcript(s)

Travel-Study Programs

OBU believes that living and studying in a culture other than one's own greatly enhances personal and spiritual growth as well as educational and career development. OBU operates excellent summer and January Term courses abroad, administered by OBU faculty especially for students' areas of interest. The University has a student-faculty exchange agreement with Seinan Gakuin University in Japan for those interested in Asian studies. OBU students are also encouraged to consider a wide variety of semester or year abroad programs run by reputable, high-quality educational institutions on every continent. What distinguishes OBU's International Studies is the determination to place each student in the program most appropriate to the specific needs, interests, and abilities of that individual.

Other study opportunities in international settings are available to students through cooperative arrangements between OBU and other Christian colleges and universities. OBU is a member of the Council for Christian Colleges and Universities and the Consortium for Global Education, an association of Southern Baptist Colleges and universities. Each of these organizations is committed to providing opportunities for students to study and do service projects overseas.

January Term

January Term offers students a three-week session to complete courses in a compressed format. OBU also offers unique January Term courses which provide focused learning or missions experiences. January Term enrollment is required for all first-year students.

Students who register for at least one January Term course, and who resided in campus housing during the preceding fall semester or will reside in campus housing for the following spring semester, are eligible for free campus housing during the three-week term. Meal plans must be purchased separately.

During January Term, OBU offers a mandatory tuition-free First-Year Experience course for all first-year students.

Two other tuition-free courses will be required for qualifying students beginning in January 2011. Freshmen who are on academic probation from the preceding fall semester will be required to take a tuition-free Success 101 course during January Term. Students on academic probation from the fall semester who have previously taken Success 101 will be required to take Success 102 during January Term.

Summer Session

A summer session of eight weeks (including two mini-terms of four weeks, which may be taken separately if desired) allows students to take up to 12 hours of work. Summer offerings are scheduled on demand and are comparable in content to the courses offered in the fall and spring semesters.

Southwestern Baptist Theological Seminary

OBU serves as a satellite campus for Southwestern Baptist Theological Seminary of Fort Worth, Texas. Faculty employed by the seminary provide instruction leading to the Master of Divinity and Master of Arts in Christian Education degrees. Contact OBU's Dean of Spiritual Life for further information.

Air Force Reserve Officer Training Corps (AFROTC)

Air Force ROTC courses are available through a cooperative agreement between Oklahoma Baptist University and the University of Oklahoma.

This "cross town" agreement allows students to commute to the University of Oklahoma one or two afternoons per week to attend Air Force ROTC classes while continuing their studies at Oklahoma Baptist University. Students who attend Air Force ROTC at the University of Oklahoma under the agreement pay only for the semester hours that they take. Most fees and additional costs are waived.

Students who enter the Air Force ROTC program during the first half of the four-year program enter the General Military Course (GMC) of study on a noncompetitive basis. If they elect to go on, students compete for entry into the Professional Officer Course (POC), the second half of the four-year program, be first being selected to attend Field Training in the summer prior to the junior year. Selection is based on a recommendation by the instructor of aerospace studies, GPA, Air Force Officer Qualifying Test score and a physical fitness test.

Those completing the program compete for a commission as active duty Air Force officers and serve for a minimum of four years. Scholarships are available on a competitive basis that may be used at Oklahoma State University at Oklahoma City.

Any questions concerning Air Force ROTC or aerospace studies course descriptions should be addressed to

Assistant Professor of Aerospace Studies Unit Admissions Officer University of Oklahoma 171 Felgar Street Norman, OK 73019-0465 afrotc@ou.edu (405) 325-3211

AERO 1300 Leadership Laboratory, 2 class hours, non-credit

Aerospace Studies (AERO) Course Descriptions (Option 1)

1011, Introduction to Aerospace Studies

Prerequisite: departmental permission; concurrent enrollment in 1300. A study of the doctrine, mission and organization of the United States Air Force. Emphasis is placed on the purpose of strategic offensive and defensive forces and their inherent relationship to the function and employment of aerospace power. (F)

1021, The Air Force Today

Prerequisite: departmental permission; concurrent enrollment in 1300. A study of aerospace defense, missile defense, general purpose forces and aerospace support forces. The mission, resources and operation of tactical air forces, with special attention to limited war; and a review of Army, Navy and Marine general purpose forces. (Sp)

1300, Leadership Laboratory

Prerequisite: concurrent enrollment in 1011, 1021, 2011, 2021 or permission. May be repeated a maximum of three times. Designed to introduce the student to the customs and courtesies associated with the Air Force. Also provides a practicum for the initial development of leadership and command abilities. (F, Sp)

2011, The Evolution of USAF Air and Space Power I

Corequisite: 1300. The development of air power to include the technological advanced which made military aviation possible. American attitudes toward aviation, evolution of pursuit, reconnaissance, bombardment and ground support tactics, the interwar years (1919-1939), air power during World War II, the Berlin Airlift, the Korean War, the development of an independent Air Force, and the Air Force build-up/force modernization of the 1950s. (F)

2021, The Evolution of USAF Air and Space Power II

Corequisite: 1300. A study of the development of airpower in the post-World War II period. Special emphasis is placed upon airpower and Cold War strategies, the Cuban Missile Crisis, Airpower in southeast Asia, the 1970s—a decade of change, the 1980s force modernization, the changing balance and role of airpower relative to today's major military powers. An introductory study of leadership, team building, and problem solving. (Sp)

3013, Principles of Air Force Management

Prerequisite: departmental permission. An introductory study of the basic concepts and practices of management in the military, private and public sectors. Emphasis is placed upon the principles of organizational communications and the development of oral and written communicative skills. Case studies are used to integrate and extend these principles to actual situations. Concurrent enrollment in 3100 is required. (F)

3023, Leadership and Organizational Dynamics

Prerequisite: 3013 or permission. The study of the fundamentals, traits and techniques of leadership. Included are such topics as job design, motivation, group dynamics, decision making and organizational change. Continued emphasis on the development of communicative skills. Case problems are utilized to relate subject material to managerial principles. Concurrent enrollment in 3100 is required. (Sp)

3100, Management and Leadership Practicum I

Prerequisite: concurrent enrollment in 3013 or 3023. May be repeated once. Practical application of the principles, policies and methodologies associated with management as applied to a broad range of governmental and military situations. Emphasis is placed upon the fundamental managerial functions to include planning, organizing, staffing, directing and controlling. (F, Sp)

4013, American National Security I

Prerequisite: 3023 or departmental permission. Conceptual study of the U.S. national security policy examining the formulation, organization and implementation of national security; the context of national security; the evolution of strategy; and the management of conflict. Included is a block of instruction on the military justice system. Concurrent enrollment in 4100 is required. (F)

4023, American National Security II.

Prerequisite: 4013 or departmental permission. Examines U.S. national security policy in the international setting; arms control and peacekeeping efforts; and civil-military interaction. Includes a study of the military profession and officership. Designed to provide future Air Force officers with a background in the profession and U.S. national security policy so that they can function effectively in today's Air Force. Concurrent enrollment in 4100 is required. (Sp)

4100, Management and Leadership Practicum II

Prerequisite: 3100 and concurrent enrollment in 4013 or 4023. May be repeated once. A continued practical application of the principles of management and leadership to include the dynamics of group behavior, decision making, communication and the effects of organizational change. Emphasis is given to applications in a variety of organizational, administrative and financial contexts. (F, Sp)

Aerospace Studies (AERO) Course Descriptions (Option 2)

1011 (FALL), 1021 (SPRING) The Foundations of the United States Air Force

Corequisite: AERO 1300, 101

Survey courses designed to introduce students to the United States Air Force and provide an overview of the basic characteristics, missions and organization of the Air Force. Featured topics include officership, profe4ssionalism, military customs and courtesies, Air Force officer opportunities and an introduction to communication skills.

2011 (FALL), 2021 (SPRING) The Evolution of Air and Space Power

Corequisite: AERO 1300, 102

Courses featuring topics on Air Force heritage and leaders, introduction to air and space power through competencies and functions and continued application of communication skills. Its purpose is to install an appreciation of the development and employment of air and space power.

3013 (FALL), 3023 (SPRING) The United States Air Force Leadership Studies

Corequisite: AERO 3100, 101

Courses teach junior cadets advanced skills and knowledge in management and leadership. Special emphasis is placed on enhancing communication and leadership skills. Cadets have an opportunity to try out these leadership and management techniques in a supervised environment. Prerequisite – AERO 2011 and AERO 2021

4013 (FALL), 4023 (SPRING) National Security Affairs/Preparation for Active Duty

Corequisite: AERO 4100, 101

Courses designed for college seniors, giving them the foundation to understand their role as military officer in American society. These courses are an overview of the complex social and political issues facing the military profession and require a measure of sophistication commensurate with the senior college level. Within this structure, continued emphasis is given to refining communication skills. Prerequisite – AERO 3013 and AERO 3023

AERO 1300 Leadership Laboratory

All Air Force ROTC cadets take the Leadership Laboratory each semester. The freshman and sophomore years include study of Air Force customs and courtesies, drill and ceremonies, and military commands. Leadership Laboratory also studies the environment of an Air Force officer and areas of opportunity available to commissioned officers. The junior and senior years consist of activities classified as leadership and management experiences. They involve planning and directing activities of the cadet corps by applying the Air Force ROTC Training Manual and lessons learned in the other AERO courses. Leadership Laboratory also includes interviews, guidance and information that increase the understanding, motivation and performance of cadets.

Focus On The Family Institute

Through a cooperative agreement with Focus on the Family Institute, OBU students may take a semester of courses for credit in Colorado Springs, Colorado. Students interested in this program should contact the Senior Vice President for Academic Services.

Off-Campus Semester and Summer Programs

The Council for Christian Colleges and Universities (CCCU), an association of more than 100 institutions in the U.S. and Canada, offers the following semester and summer programs to students of its member institutions. The programs provide a unique opportunity for students to make the world their classroom, going beyond the confines of the traditional classroom. These interdisciplinary learning opportunities are available to upperclass students. For further information, contact either the Academic Center or the CCCU.

Semester Programs

American Studies Program (ASP)

Founded in 1976, the American Studies Program has served hundreds of students from member institutions as a "Washington, D.C. campus." ASP uses Washington as a stimulating educational laboratory where collegians gain hands-on experience with an internship in their chosen field. Internships are tailored to fit the student's talents and aspirations and are available in a wide range of fields. They also explore pressing national and international issues in public policy seminars which are issue-oriented, interdisciplinary and led by ASP faculty and Washington professionals. ASP bridges classroom and marketplace, combining biblical reflection, policy analysis and real-world experience. Students are exposed to on-the-job learning that helps them build for their future and gain perspective on the calling of God for their lives. They are challenged in a rigorous course of study to discover for themselves the meaning to Christ's lordship in putting their beliefs into practice. The aim of the program is to help Council schools prepare their students to live faithfully in contemporary society as followers of Christ. Students earn 16 semester hours of credit.

China Studies Program (CSP)

The China Studies Program enables students to engage this large and intriguing country from the inside. While living in, and experiencing Chinese civilization firsthand, students participate in seminar courses on the historical, cultural, religious, geographical and economic realities of this strategic and populous nation. In addition to the study of standard Chinese, students are given opportunities such as assisting Chinese students learning English or working in an orphanage, allowing for one-on-one interaction. The program introduces students to the diversity of China, including Hong Kong, Beijing, Shanghai, Xi'an and Xiamen. This interdisciplinary, cross-cultural program enables students to deal with this increasingly important part of the world in an informed, Christ-centered way. Students earn 16 semester hours of credit.

Contemporary Music Program (CMP)

The Contemporary Music Program provides students the opportunity to live and work in the community while seeking to understand how God will have them integrate music, faith and business. Both interdisciplinary and multidisciplinary in nature, the CMP offers two tracks: the Artist Track and the Executive Track. The Artist Track is tailored to students considering careers as vocalists, musicians, songwriters, recording artists, performers, producers and recording engineers. The Executive Track is designed for business, arts management, marketing, communications and other majors interested in possible careers as artist managers, agents, record company executives, music publishers, concert promoters and entertainment industry entrepreneurs. Both Artist and Executive Track students receive instruction, experience and a uniquely Christian perspective on creativity and the marketplace, while working together to create and market a recording of original music. Both tracks include course work, labs, directed study and a practicum. Students earn 16 semester hours of credit.

Honors and other highly qualified students have the exciting opportunity to study in England through this interdisciplinary semester in Oxford. The rigorous academic program, aimed at increasing critical thinking skills and scholarship from an integrated Christian perspective, allows participants to choose from a wide variety of tutorial study programs in numerous disciplines, including the arts, religion, history, literature and philosophy. In addition to two tutorials, students participate in a seminar and an integrative course through which they produce a scholarly project or term paper. Field trips provide opportunities for experiential learning in England's rich historical setting. Students earn 16 semester hours of credit.

Latin American Studies Program (LASP)

Students of CCCU colleges have the opportunity to live and learn in Latin America through the Latin American Studies Program, based in San Jose, Costa Rica. The program introduces students to a wide a range of experiences through the study of the language, literature, culture, politics, history, economics, ecology and religion of the region. Living with a Costa Rican family, students experience and become a part of the day-to-day lives of typical Latin Americans. Students also take part in a service opportunity and travel for three weeks to nearby Central American nations. Students participate in one of four concentrations: Latin American Studies (offered both fall and spring terms); Advanced Language and Literature (limited to Spanish majors and offered both fall and spring terms); International Business and Management (offered only in fall terms); and Tropical Sciences (offered only during spring terms). Student in all concentrations earn 16 semester credits.

Los Angeles Film Studies Center (LAFSC)

The Los Angeles Film Studies Center is designed to train students of Council institutions to serve in various aspects of the film industry with both professional skill and Christian integrity. Students live, learn and work in the LA area near major studios. The curriculum consists of two required seminars focusing on the role of film in culture and the relationship of faith to work in this very influential industry. In addition, students choose two elective courses from a variety of offerings in film studies. Internships in various segments of the film industry provide students with hands-on experience. The combination of the internship and seminars allow students to explore the film industry within a Christian context and from a liberal arts perspective. Students earn 16 semester hours of credit.

Middle East Studies Program (MESP)

This program, based in Cairo, Egypt, allows Council students to explore and interact with the complex and strategic world of the modern Middle East. The interdisciplinary seminars give students the opportunity to explore the diverse religious, social, cultural and political traditions of Middle Eastern people. In addition to seminars, students study the Arabic language and work as volunteers with various organization in Cairo. Through travel to Israel, Palestine, Jordan, Syria and Turkey, students are exposed to the diversity and dynamism of the region. MESP encourages and equips students to relate to the Muslim world in an informed, constructive and Christ-centered manner at a time of tension and change. Students earn 16 semester hours of credit.

Russian Studies Program (RSP)

RSP students are exposed to the depth and diversity of the culture during a semester spent in Russia's three largest cities: Moscow, St. Petersburg and Nizhni Novgorod. In addition to three seminar courses entitled History and Sociology of Religion in Russia; Russian Peoples, Cultures and Literature; and Russia in Transition, students receive instruction in the Russian language, choosing either 4 or 6 semester hours of language coursework. For those choosing 4 hours of Russian, a seminar course, International Relations and Business in Russia, is available. RSP strives to give students as wide an experience as possible in this complex nation, beginning with time in Moscow, the heart of both medieval and modern Russia. Students then spend 12 weeks in Nizhni Novgorod, a strategic city on the Volga River. After six weeks of language instruction, students live with a Russian family for the remainder of their stay in this city. Students also participate in a service opportunity in Nizhni Novgorod. The program concludes with time in the complex and intriguing city of St. Petersburg, the Russian "window to the West." Students earn 16 semester hours of credit.

Summer Programs

Summer Programme - CMRS, Oxford

This program allows students to spend a summer term studying at the Centre of Medieval and Renaissance Studies (CMRS) in Oxford, England. The program includes multidisciplinary study of the Renaissance and Reformation through examination of philosophy, art, literature, science, music, politics and religion of early modern Europe in a choice of lectures, seminars and field trips. Students earn 6-9 semester credits, which are administered directly to member institutions by CMRS. Worth 6-9 hours of credits.

Summer Institute of Journalism (SIJ)

Council campuses are invited to choose two student journalists to apply for this four-week, all-expenses-paid experience in Washington, D.C. Fifteen students are selected to participate in the Institute, which lasts from mid-May to mid-June. The Institute blends classroom experience with hands-on work and provides excellent opportunity to learn through lectures and panels with leading journalists who share a strong Christian commitment. Students also participate in seminars taught by communications professors from Council member institutions, take part in field trips and complete workshop projects for hometown newspapers. SIJ provides valuable insight and training in gathering and writing news, editing copy and designing layout. The institute develops students as Christian journalists – exhibiting both professionalism and legal/ethical integrity. Students earn 4 semester hours of credit.

Oklahoma Baptist University Lectureships

Hobbs Lectureship

The Herschel H. and Frances J. Hobbs Lectureship in Baptist Faith and Heritage was OBU's first endowed lectureship.

Friends of the late Dr. Hobbs, who was longtime pastor of First Baptist Church, Oklahoma City, and the late Mrs. Hobbs created this endowed fund in honor of the couple's years of outstanding Christian service.

The Hobbs Lectureship program sponsors a lecture on the OBU campus every semester. The lectures are designed to help students grow in their knowledge of Baptist theology, Baptist history, studies of the Bible and other related themes. The lectureship began in the fall of 1980.

Gaskin Lectureship

The J.M. Gaskin Lectureship was established by friends of Dr. J.M. Gaskin and advocates for the preservation of Oklahoma Baptist history and heritage. The objectives of the lectureship are to provide and sustain a series of lectures which will preserve and promote the study of Oklahoma Baptist history and heritage. These lectures are made available to OBU students, many of whom will be future leaders of churches in the state.

The lectureship also is designed to honor and recognize the significant contributions of Dr. Gaskin, Oklahoma Baptists' first historical director. The Gaskin Lectures began in 1992 and are given every fall semester.

Minter Lectureship

The Minter Lectureship in American Business Practice is underwritten by 1940 OBU graduate Lloyd G. Minter of Bartlesville. His desire to help OBU religious vocation students broaden their understanding of the business community led to establishing the innovative lecture series. The annual series began in 1991 and is hosted every spring semester on the OBU campus.

The rationale behind the Minter Lecture Series is that adding a sound understanding of the business world to the educational experience of church ministry majors can broaden their ability to minister effectively.

The Minter Lectureship is designed to provide orientation and training for those students in the history and nature of the American economic system and to help the students understand and appreciate the business/ professional community. It also promotes proper management of personal finances.
